

Fairy House Materials and Fairy Rules

Come help us
make a fairy
house village
during spring
vacation.

At the Libby Library
Wednesday, April 21st @ 3:00 PM
(Rain date Thursday, April 22nd @ 3:00 PM)

Materials: Twigs, rocks, shells, seaweed, moss, driftwood, leaves, grass, acorns, pinecones, pebbles, bird feathers, pine needles, and other natural materials.

Rules:

1. Fairy Houses should look so natural they are almost hidden. A location close to the ground is best.
2. You should use only natural materials. Dry grasses, leaves, sticks, pebbles, and pinecones are just a few examples of materials to choose.
3. Be careful not to use or disturb any of nature's materials that are still living, especially flowers, ferns, mosses and lichen. Fairies do not like to disturb or destroy anything that is growing in nature.

Please have a grown up with you when you pick your materials so they can help you decide if something is living or not.
