### Agenda Items

MINUTES of 3/14 were accepted 6-0

Jack Turcotte addressed the Commission about the progress made on the reorganization and budget. The Commission thanked Jack and approved 6-0 to have Jack make any additional changes needed in the plan or budget and review it with the Town Council without having to come back to the Commission first.

There were discussions about the skyboxes (2) for the announcers and Jack said the Ballpark would have Internet Access in time for the Tournament.

Mark Gustin noted that we would need 750 ft of cable for the scoreboard. Mark will get with Brian Payae to work out details etc of laying the cable

The CMP service was discussed and Jack is going to check with them to see the status of actual reading of the meter

Doug Ayotte talked about setting a date of April 23rd for Season Ticket holders to select their seats. The seats will have a number on them for Season Tickets (not names as that is being reserved for plaques people have or can continue to purchase to support the Ballpark). Doug realizes that there may not be any running water and that the Concession Stands will not be open by then.

Plaques have been made for those who have paid and are ready to be put on the chairs.

Mark Gustin passed out a worksheet that has a sample and pricing of souvenirs that can be purchased and sold in the Concession Stand.

Sheila Flathers expressed concern that we need to start the Rec Dept in the scheduling process so that we have a good handle on upcoming games, events and volunteer needs.

The Commission formally voted 6-0 to conceptually okay a Community Garden but still would like to see the business plan promised and also have not agreed on a definite location.

Alan Graves has offered to keep his motor home at the ballpark for security purposes... Jack will need to research the possibility and will get back with Alan and the Commission.

Tommy was not there for an update
