FREE PUBLIC LIBRARY

To the Citizens of Old Orchard:

We herewith present for your consideration the reports of the Officers of the Free Public Library; also a brief summary of what has been accomplished by your Board of Trustees.

It is a cause for regret, that his inability to attend the meetings of the Board, prompted the resignation of Mr. W. E. C. Rich early in the year.

The demand for books by the patrons of our library is largely for fiction, and the greater per cent. of the new books added this year are of this class; yet we felt it to be wise and timely to add a five volume reference work on the Great War, published by Barrie, as well as several smaller volumes relating to the War; and wish our citizens would, more generally, patronize the reading room and look over these finely illustrated and instructive books.

A large number of the townspeople have donated books and magazines to be sent to the soldiers and sailors, and over 175 volumes were packed and shipped, under instructions from our State Library Association, for use at the Military Hospitals, and the magazines to the lumber camps in our own state.

We have purchased and hung in the Library for reference, a fine large Topographical Map of the State of Maine.

It has come to our attention, recently, that our Librarian feels the need of an increase in salary, and in order to do this it will be necessary to increase the appropriation for the Library. It is the recommendation of the Board of Trustees that the appropriation be increased at least \$100.00 this year.

Respectfully,

C. R. L. SNOW,

B. M. WHITMAN,

Board of Trustees.

REPORT OF LIBRARIAN.

To the Trustees of the Old Orchard Public Library:

Gentlemen:—The Librarian's report, being the report for the year 1918, is presented for your consideration:

Total number of volumes,	6,365
Volumes added by purchase,	154
Volumes added by gift,	6
Money donated,	\$1.00
Volumes lost in circulation,	1
Cards issued,	112
Present number of card holders,	4,060
Largest circulation, (August 10th),	115
Smallest circulation, (October 26th),	33
Visitors to reading room,	3,068
Amount of dues,	\$38.93
Amount of dues from summer guests,	\$3.22
Total circulation,	6,583

Magazines in reading room: Harpers, Scribner's, World's Work, Atlantic Monthly, Popular Mechanics, Popular Science, American Boy, Scientific American, John Martin's Book, Current Opinion, Woman's Home Companion, Delineator, Ladies' Home Journal, Sunshine, Forest and Stream, Garden, Young Crusader, Union Signal, St. Nicholas, McClure's, Youth's Companion.

A repairing kit has been added which has been a great help to the librarian.

Books were not let out for the first three weeks of October owing to the influenza epidemic.

Respectfully submitted,
CLARA M. YATES,
Librarian.

REPORT OF TREASURER

Old Orchard Free Public Library Association.
C. R. L. Snow, Treasurer, Feb. 1, 1919.

	\$360.63

REPORT OF CHIEF OF FIRE DEPARTMENT.

To the Selectmen of the Town of Old Orchard:

I herewith submit a report of the Fire Department.

The apparatus is in good condition. It is our constant aim to keep it so, and be ready when occasion requires. We should have at least 500 feet of new hose the coming year.

I would recommend an appropriation large enough so that we could continue the present arrangement now in force in regard to the Fire Truck.

I appreciate your kindly support during my term of office.

Respectfully submitted,
THEODORE MINGO,
Chief.

COLLECTOR'S REPORT.

To the Honorable Board of Selectmen of the Town of Old Orchard:

Gentlemen:—I herewith submit for your consideration the following report of collections for the year 1918:

Amount of tax collected,	\$47,293.55
Abatements allowed,	363.49

Respectfully submitted,

W. J. MEWER.
Chief of Police.

REPORT OF BOARD OF HEALTH.

To the Citizens of Old Orchard:

Owing to the large increase of summer visitors over the previous years this department has been obliged to overdraw its appropriation. This was absolutely unavoidable. The town is growing, business is increasing, so is the rubbish. Epidemic would be disastrous. In order to avoid this and keep up with the increasing demand for a higher sanitation, there must be a corresponding increase in the appropriation each year.

October 18th last, the following by-law was adopted by the Local Board of Health, and on October 24th, 1918, approved by Scott Wilson, Justice, Supreme Judicial Court.

Old Orchard, Me., Oct. 18, 1918.

At a meeting of the Local Board of Health of the Town of Old Orchard, duly called and held on the eighteenth day of October, A. D. 1918, the Local Board of Health of said Town of Old Orchard, deeming it necessary and proper for the preservation of life and health and the successful operation of the health laws of the State, adopted the following by-law, subject to the approval of a Justice of the Supreme Judicial Court.

The Local Board of Health of the Town of Old Orchard, whenever it is deemed necessary and proper for the preservation of life and health by reason of an epidemic condition existing or being threatened within the limits of said Town from the existence of pestilential, contagious, infectious or epidemic diseases within said Town, shall take such measure and do, order and cause to be done such acts as may be necessary and proper for the preservation of life and health, and to that end may order any schools, libraries, theatres, churches and all other buildings and places of public assemblage or where people are accustomed to congregate and all other buildings and places from the public use or frequenting of which there may be danger of the spread of said epidemic,

closed and to remain closed for a specific period or until such time as in the opinion of said Board of Health all danger from said epidemic condition shall have ceased to exist; and whenever deemed necessary and proper for the preservation of life and health in the case of such epidemic condition existing or being threatened within said Town of Old Orchard, said Board of Health may order all persons to refrain from assembling together in any public place or building until the danger from such epidemic condition shall have ceased to exist, unless otherwise permitted under the order and direction of said Board of Health.

Portland, Me., Oct. 24th, 1918.

Approved: SCOTT WILSON,
Justice, Supreme Judicial Court.

ARTHUR M. CHASE,
F. P. WEYMOUTH,
Board of Health of the Town of
Old Orchard, Maine.

Old Orchard, Me., Oct. 18, 1918.

Foregoing by-law passed and adopted on said eighteenth day of October, 1918, at a meeting of the Local Board of Health of the Town of Old Orchard, duly called and held.

ARTHUR M. CHASE,
Secretary, Local Board of Health
of the Town of Old Orchard, Me.

On this 28th day of October, 1918, I gave notice of adoption of above by-law by posting copies of the same in six conspicuous and public places in the Town of Old Orchard, to wit: one at the Post Office, one at the Town Hall, one at the Tabernacle, one at the Methodist Episcopal Church, one at the Ocean Park Post Office, and one at the Boston and Maine Railroad Station.

ARTHUR M. CHASE,
Secretary, Local Board of Health
of the Town of Old Orchard, Me.

STATE OF MAINE.

York ss.

Subscribed and sworn to before me.

PERCY N. H. LOMBARD,
Justice of the Peace.

We would again ask the voters for the same appropriation that was asked for at the last town meeting, but which was not granted, that is \$1,600.

Respectfully,
SAMUEL McCLELLAN,
ARTHUR M. CHASE,
FRANCIS P. WEYMOUTH,
Board of Health.

OLD ORCHARD MUNICIPAL FUEL YARD

This department was created in the Spring of 1918 by a vote of the Town of Old Orchard, at a legally called meeting of the Town, where it was voted to establish a fuel yard, and the Selectmen were duly authorized by vote to borrow such sums of money as may be needed to carry on the business of buying wood, coal, coke, etc., in fact to do business, as is necessary to carry on a fuel yard, and the Selectmen were limited to borrow an amount not exceeding ten thousand dollars (\$10,000) for such purpose.

The Selectmen, acting upon authority, negotiated a loan of five thousand dollars (\$5,000) at five (5) per cent. per annum, which was placed in the hands of the Treasurer of Old Orchard, subject to be paid out upon orders signed by the Selectmen, on said Treasurer, and for the purpose heretofore stated.

A committee was appointed to look about for a convenient place to do business, and concluded to take over the business of the Old Orchard Cement Co. on Milliken street—the fixtures, stock on hand at the wood yard as well as a wood lot near Dunstan, which lot was wooded with a mixture of hard and soft wood.

The price paid the Old Orchard Cement Co. for fixtures, wood at the yard and in the sheds, as well as at the wood lot, was \$1,785.00 as follows, viz.:

Fixtures, include many things necessary to carry	
on the business which are in items on the	
Manager's books,	\$506.50
37¾ cords of M. wood, sawed and split, in sheds,	325.25
34 cords hard wood at wood lot,	204.00
8 cords soft wood at wood lot,	32.00
33½ cords mixed wood at wood lot, not yarded,	117.25
300 cords mixed wood at wood lot on stump,	600.00
Total as above,	\$1,785.00

This property was turned over to the Manager to conduct the business, and to do the business, without profit or loss to the town, meaning to conduct the business on a basis that should in some way benefit the community, but not for any gain. The management seemed to have plenty of wood on hand, that was turned over to him, and on the 16th of May, 1918, commenced the business.

Our first venture was to buy coke as there was no coal to be had.

We bought about seventy (70) tons of coke, but it did not sell very well, so we determined to buy no more coke, and we then looked around for some coal.

We had allotments for coal from Portland and Boston, for about 800 tons, which come to our credit as belonged to our predecessor for the years 1916 and 1917 (normal years) which the United States restrictions were based. Our Portland allotments were about 240 tons and during the summer months we were able to get about 200 tons and no more, but in the meantime we were selling wood and doing a good business till our good man who drove the auto truck, delivering goods, left our employ in the busy part of the season. From the last of July till about Labor Day and during that time, we could find no one to drive our truck and hence we were handicapped in the deliveries.

However, we got along quite well, and for the six (6) months ending in November, 1918, we sold $131\frac{1}{2}$ cords of mixed wood, 200 tons of coal and about 20 tons of coke.

During this time we bought about 44 cords of hard wood (seasoned) delivered at the yard at a cost of \$500. We also cut and yarded at the wood lot $147\frac{1}{2}$ cords at a cost of \$442.19.

The $147\frac{1}{2}$ cords cut and the $75\frac{1}{2}$ cords that was a part of the original purchase, at the wood lot, which was cut, gave us 223 cords of mixed wood ready to haul to our yard. We hauled from the lot prior to November 1st, 121 cords at a cost of \$321.24, that left to be hauled 102 cords and so, in November, after six months' experience in carrying on the business, I was able to make a statement, but in addition to our original purchase we have bought a truck, some wood

baskets, coal bags, etc., which make our fixtures appear different than the original purchase.

Our November statement is as follows :

RESOURCES.

Fixtures,	\$ 880.37
Wood at yard and at wood lot,	1,608.00
Coke on hand,	600.00
Cash and deposits,	2,035.65
	<u>—————</u> \$5,124.02

LIABILITIES.

Town of Old Orchard,	\$5,000.00
W. H. Staples,	18.75
Balance account,	105.27
	<u>—————</u> \$5,124.02

We have done business some two and a half months since the statement was made up; our business has been mostly, the sale of coal. Small amount of coke and wood has been sold. Our men have been busy in placing our wood in a marketable condition, and there has been cut at the wood lot about 80 cords of mixed wood since November, 1918, and a part of it has been hauled to the yard.

We have sold about 260 tons of coal since November.

The prices have varied. In the Spring we could make the price \$12.00 per ton. The price in the Fall varied from \$11.00 per ton for the first three cars of coal received in November to \$12.25. Since that month the restrictions on coal are off and I presume the prices may change, as evidence of same, I am in possession of a communication from a large coal house in Portland, where they quote \$12.25 per ton for coal, F. O. B. Portland.

In conclusion, will say, as the Town commenced business in war time, where restrictions were made on all kinds of coal, as to all the communities, in allotments based on coal sold in such communities for the normal years 1916 and 1917, and as the Old Orchard Cement Co., who was in the business in the years 1916 and 1917, we could only get about 800 tons allotted to the town, as that was the amount sold

by the said Old Orchard Cement Co. in those years—the amount consumed in those years was about 1600 tons and hence the balance of such consumption of coal was furnished by outside dealers and allotments for the amount furnished by outside parties in 1916 and 1917 were allotted to such parties and Old Orchard Municipal Fuel Yard was allotted only 800 tons and no more for 1918 and 1919.

Also, I must mention, the wood bought at the wood lot on the stump has proved very costly to the town, to get it to the yard, and I would advise, that if the business was continued, wood should be bought delivered at the yard, then the management would know exactly what it cost, and could easily get at a fair selling price. We have a large supply of wood on hand, but the most of the hard wood is not seasoned; we have some fine dry hard wood, and a large amount of dry soft wood, so I see no need of buying any wood for this season, except small quantity of dry hard wood.

Respectfully submitted,

CHAS. E. GOODWIN,

Manager.

IN MEMORIAM.

B. Frank Milliken, son of Michael Nason and Esther (Parker) Milliken was born Oct. 23, 1855, in Old Orchard, then a part of Saco, and died in Old Orchard March 22, 1918, aged 62 years and 5 months. He was a Selectman, Assessor and Overseer of the Poor twelve years, having served continuously from March, 1887 to March, 1898, and from 1900 to 1901.

Frank B. Ross, son of Benjamin and Hannah (Tarbox) Ross, was born in Biddeford, and died in Old Orchard May 10, 1918, aged 56 years. He was elected Collector of Taxes four years—1886, 1887, 1888, 1889.

AUDITOR'S REPORT.

To the Citizens of the Town of Old Orchard:—

I certify that I have carefully examined the accounts of the several town officers, Selectmen, Assessors, Overseers of the Poor, Treasurer and the account of the Public Library and find them correct and properly vouched for.

GEORGE T. HINCHLIFFE,
Auditor.

SCHOOL REPORT.

To the Citizens of Old Orchard:

The past year has not been marked by extensive changes in your school system. It has been rather one of adjustment and stabilization of the reorganized system introduced in the Fall of 1917. This reorganization was fully explained in my last report making it unnecessary to repeat it here.

I am happy to state that as a result of the adjustments of the past year the new system has passed its experimental stage and has definitely demonstrated its superiority over the old plan. In fact, it now seems absolutely correct to say that Old Orchard is directly in line with the new Reconstruction Program for Univerisal Education in Maine, so far as it is practical in a community of its size.

It should also be noted that this advance has been accomplished in spite of serious obstacles, including the closing of schools on account of the epidemic, sickness among pupils and teachers and changes in the teaching force. That improvement has been possible in spite of these difficulties is evidence of the valuable assistance and co-operation of the members of the committee and the teachers.

In the elementary grades, stress has been placed on sense training and an early mastery of the fundamentals in order that the child may have correct foundation for future work. In the grades of the Junior High, the emphasis has been on finding of the natural talent of the child, so that by the time he reaches the Senior grades he will be well on his way in his life's work. It has been our aim to so tie up the education of our pupils with life that when they go out into the world they will not have so many lessons to learn over.

In the High School the most notable features have been the work in Domestic Science, Manual Training and in physical training. In Manual Training, the boys have been preparing themselves along vocational lines and also in

sense training and exactness. In Domestic Science, the girls have demonstrated their training by the preparation of meals for the inspection and enjoyment of persons outside of the school. In physical training under the direction of a teacher proficient in the work, pupils are being taught the forms of exercise which will produce a healthy body, the necessary accompaniment of a healthy mind. Following the example of many other High Schools, a course in Spanish was introduced to meet the demands of the commercial world. The healthy life and spirit of the school was evident in the school paper, "The Oceanic", which was generally circulated in the town last spring. Details of the work of the High School may be found in the accompanying report of the Principal.

All schools have shown commendable enthusiasm in the various war activities. All the grades of the system were organized in the Junior Red Cross. Approximately \$1,100 in Thrift and War Savings Stamps were bought by the pupils of our schools and our town was the second in the State to be able to report all its teachers as owners of these stamps. In fact, in all of the demands of war time on our schools, the pupils have shown commendable patriotic activity, which we hope will be reflected in future citizenship.

RECOMMENDATIONS.

To test fairly and thoroughly the educational value of our schools as newly organized, I most earnestly recommend that every effort be made to retain the present efficient corps of teachers. Their special adaptation to their prescribed work and their sympathetic co-operation in the educational aims of your committee are invaluable at the present stage of our progress.

Defects in the physical equipment of our plant which place it below standard requirements should be remedied.

The present school library is inadequate and provision should be made to institute a library suitable to the demands of all grades.

Perhaps the greatest possibility to be considered for the

coming year is the opening of evening classes for those of our people who seek additional education. In the high school building the rooms are all lighted by electricity giving five available rooms for evening work. In the three rooms equipped with ordinary desks, courses could be given in English, Mathematics or any other subjects for which there might be a demand. The equipment for wood-working would accommodate at least ten students and the same is true of the cooking apparatus. Since the building is equipped, the initial expense would be small and the running expenses of such an evening school would be largely provided for by State and National funds. Such classes should not be opened unless there is a demand for them, but believing that this demand will appear if it is known that such an opportunity is possible and believing that we would be recreant to our duty in allowing our equipment to remain idle when it might be put to such valuable use, I make this as the chief recommendation of the year.

Respectfully submitted,

F. H. B. HEALD,
Superintendent.

To the Superintendent of Schools:

I take pleasure in submitting to you my report at this time.

School opened in September with a registration of sixty-one, which compares quite favorably with the registration for last year. After three weeks of school, we were obliged to close on account of the epidemic. After a three weeks' vacation we reopened and have been fortunate in being able to continue without another closing. We have already made up a part of the lost time. Following our present plan, we will close in June on scheduled time and be one of the few schools in the State to have kept the full thirty-six weeks.

Our work may be divided into three divisions, namely:—mental, social and physical development. Let me take each one of these up in order.

Under the first division, we aim to maintain a high standard with increased efficiency. We have been endeavoring to bring our standard up to that required by the leading colleges. This is indeed very necessary if our boys and girls are to be best fitted for the great service which is before them. The curriculum last year was very different from that of previous years. It was as you know along the most modern ideas of Junior-Senior High School work. This year we have endeavored to carry out the same plan, correcting and perfecting it wherever it seemed necessary. We have added one new course, that of Spanish. The Domestic Arts course has been enlarged and put upon a more practical basis. Several suppers are being served to various groups in order that the girls may have the practical side of the course as well as the theoretical.

The next, that of social development, is one of the most important parts of our school work. Under this heading may be classed school life. The school life in our Junior-Senior High School has improved wonderfully during the past two years. We have tried to stimulate interest not only in school work but in all of the things which pertain to the scholars, both in and out of school. Although we are far from perfection, yet our efforts have not been in vain as can be seen in the response of the scholars. We feel that the school spirit, school life and in fact all of our social development should compare favorably with that of the best high schools in the State. This is our aim.

The physical development is by no means of minor importance. We have regular physical exercises each day. The aim of this training is to overcome the faults of bearing and to correct defects in physical positions. We are holding volley ball games this winter for the benefit of all the students.

Before closing my report, I wish to say a few words about the public visiting us and inspecting our work. We regret very much that more of the parents and other townspeople have not visited us. We feel that they are interested in our work, but we think they do not show their interest as much as they should. A visit from them would stimulate us in

our work, increase the interest of the students and give them a better knowledge of what we are doing. All departments of our work are open to public inspection.

In conclusion, I wish to take this opportunity of expressing my appreciation for the aid and co-operation which you, the School Committee, the Alumni Association, parents and friends have given us in our work.

The schedule for the Junior-Senior High School follows this report.

Respectfully submitted,
FRANK H. JEWETT,
Principal.

SELECTMEN'S REPORT.

To the Citizens of the Town of Old Orchard:

As one reviews the period of thirty-six years since Old Orchard was set off from the City of Saco, and incorporated as a town, Feb. 20, 1883, many and important changes are to be noted, and this is true especially of the 11½ years since the fire devastation of August 15, 1907; for the annual town report of that year showed the assessed valuation as being \$1,032,104.00, and now, after the lapse of twelve years, it is \$1,965,878.00, an increase of \$933,774.00, and this gain has been made notwithstanding the great loss of taxable property by the fires of 1907 and subsequent years. The assessors have been persevering in their efforts and have secured excellent results, which have won expressions of commendation from the Board of State Assessors. There yet remains the opportunity and the need of doing much more in regard to ascertaining and listing the real value of property.

The constantly increasing expenditures in all departments have been a serious problem during the past year. It is a fact well known to the people generally that the cost of labor and materials has been excessively high. The appropriations for several of the departments have been underestimated, and consequently there have been numerous overdrafts the past year, as there have been in preceding years. It is a mistaken policy to vote insufficient appropriations, when it can be shown that a certain amount is necessary for the proper maintenance of the several departments; for the unavoidable result is overdrafts, all of which must be paid eventually by the taxpayers. The budget committee, first chosen to act for the annual town meeting of 1918, made some careful recommendations that were adopted, and this year the efforts of the budget committee have been to study thoroughly the requirements of each department and to make conservative, reasonable recommendations, and these, we believe, will receive your fair consideration.

HIGHWAYS.

Considerable important work has been continued in this department, the State aid road having been extended along Portland avenue to the Blue Point road. Several other necessary improvements have been made throughout the town. To increase the efficiency of the highways department a new road machine and scarifier was purchased last May of the New England Road Machine Co., the cost being \$400.00. Our inability to obtain tarvia during the summer of 1918 caused a great deal of annoyance and much damage to some of our best roads was an unfortunate result. The worst nuisance was plainly evident along the principal thoroughfare, and there was a reason for some complaint, yet most of the people exhibited rare patience under war restrictions. Our citizens know the value of good roads and they wish to have them extended as rapidly as possible.

SIDEWALKS.

Old Orchard has several miles of permanent cement sidewalks, which have increased the comfort of all who walk our streets and have added much to the attractiveness of this town. During the past years no new cement sidewalks have been built, but some grading and repair work of the most necessary kind was done. It was decided that the \$3,000.00 due from the State should be applied to the cost of the public toilet, instead of expending it for sidewalks, as has been done during the past ten years. This year considerable attention must be given to the extension of sidewalks, several localities being greatly in need of them. A particular instance of such need is along Grand avenue, from the branch line of the B. & M. R. R. to Ocean Park. A great many pedestrians would be well served by such a walk.

DEPENDENTS.

Old Orchard has the good reputation of dealing fairly with those of our citizens who are economically unfortunate and dependent on the town's financial assistance for support. Every year it is necessary to help several families that are

deserving of such bounty. It is intended to provide only for worthy persons, and we believe that this system of generous consideration is the best for all concerned.

MUNICIPAL FUEL YARD.

This public utility was established by vote of the town at a special meeting held on May 1, 1918, when it was voted to raise \$10,000.00 by notes for this purpose. The fuel business was transferred to municipal management May 17, 1918, and for a detailed report of this department you are referred to the statement of Mr. Charles E. Goodwin, the manager, which appears elsewhere in the town report. It is our judgment that this new departure in our town affairs has been successful, even under several adverse conditions, and that during a normal year the benefits and advantages of the fuel department could be realized more fully.

PUBLIC TOILET.

The long-awaited public toilet was completed and opened June 1st, 1918, and has proved to be of great service to many thousands of our summer tourists. It is undoubtedly one of the best constructed and most modern buildings of its kind located anywhere in this country. Many favorable comments have been made in regard to it, and its construction was a marked achievement and indicates the progressive enterprise of our citizens.

OLD HOME WEEK.

During the summers of 1917 and 1918, this observance has occurred during the last days of August and the first of September, closing on Labor Day. A great many people have been attracted to Old Orchard, and many already here have been induced to prolong their visit several days, on account of the varied features presented. The band and the brilliant display of fireworks have contributed largely to the success of the celebration. The St. Cecelia Boys' Band of Lewiston, Maine, was paid \$460.00 for their services in

1918. The Old Orchard Business Men's Association has borne much of the expense of these events. It seems to be a good plan to continue annually some kind of program to prolong the season of prosperous business and to provide more attractions and first-class entertainment for all our people.

POLICE.

A night patrolman has been on duty much of the time since last summer, continuing the plan started more than a year ago. This protection is necessary because of the constantly increasing value of property here, the fact that so many cottages, hotels and other buildings are unoccupied and exposed to damage for about three-quarters of the year, and especially to secure early discovery and prompt action in the event of fires, for great loss might be prevented thereby. We recommend that provision again be made for the employment of a night officer throughout the year. It is important, also, at this time to fix the salary of the chief of police.

On Dec. 7, 1918, the Selectmen and other town officials had a conference with representatives of the Ocean Park Association, who expressed the opinion that Ocean Park taxpayers had not been receiving their proportional part of the appropriations. A frank and peaceable interchange of ideas was held, and a better, more harmonious conception of the entire subject was the pleasing outcome of the discussion. Ocean Park is an important part of Old Orchard, and the municipal officers desire and intend that fairness and justice shall be done in regard to Ocean Park residents, as well as to those residing in other parts of the town.

The State and County taxes for 1919 will be much in excess of those of previous years. It is not possible now to estimate exactly the amount, but it probably will be approximately \$18,000.00, which will be about \$7,000.00 more than for each of the years 1917 and 1918. This fact must be considered carefully in voting the appropriations this year.

During the difficult, uncertain period commencing with the Summer of 1914, Old Orchard's business interests have

felt the strain and depression caused by the abnormal conditions of a world conflict. Construction work of all kinds has been suspended entirely or largely curtailed. Now the prospects are favorable for a time of prosperity and expansion in many directions and it is reasonable to expect that Old Orchard will share in the future development and reconstruction, together with other parts of the United States and the whole world. Persistent co-operation for the continued improvement of Old Orchard cannot fail to give most satisfactory results.

Respectfully submitted,

ARTHUR L. JONES,
Selectman.

WARRANT.

To William J. Mewer, Constable of the Town of Old Orchard, in the County of York: GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Old Orchard, qualified to vote in town affairs, to assemble at the Town House in said town, on Monday the 3rd day of March, A. D. 1919, at 10 o'clock in the forenoon, then and there to act upon the following articles, to wit:

1st. To choose a moderator to preside at said meeting.

2nd. To choose all necessary town officers for the ensuing year.

3rd. To hear and act upon the reports of the town officers and all special and standing committees.

4th. To see what action the town will take in relation to pay of town officers.

5th. To see what sums of money the town will raise: 1st, for common schools; 2nd, for free high school; 3rd, for free text books; 4th, for making and repairing highways and bridges; 5th, for the support of poor; 6th, for the pay of town officers; 7th, maintaining street lights and electric lights; 8th, for contingent expenses; 9th, for sanitary expenses; 10th, for town interest; 11th, for repairing school-houses; 12th, for the public library; 13th, for heating, lighting and care of town property; 14th, for moth nests; 15th, State Road Patrol; 16th, Public Toilet.

6th. To see what sum of money the town will vote to raise to pay collector's commission and abatements.

7th. To see what compensation the town will vote to pay the collector for collecting taxes for all moneys actually collected.

8th. To see if the town will vote when the taxes shall be committed to the collector for collection and what rate of interest, if any, will be charged thereon, thereafter.

9th. To see if the town will authorize the Selectmen and Treasurer to hire money in anticipation of taxes and not exceed the same.

10th. To see if the town will authorize the Selectmen and Treasurer to issue town notes to pay those, if any, which fall due the present year.

11th. To see if the town will authorize the Assessors to make such abatements as they think reasonable.

12th. To see what action the town will take and what sums of money the town will raise to maintain a police force; to construct and maintain sidewalks; to construct and maintain sewers and drains; to maintain fire department; to maintain town team; for hydrant rental; for interest on debt incurred in fire department, sewers and loans, all within the limits set out in Section IV, of the act of incorporation of the town of Old Orchard, to be a separate tax, to be assessed and collected as provided in said act.

13th. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Sec. 20 of Chap. 130 of the Public Laws of 1913.

14th. To see if the town will raise and appropriate the sum of \$732.00 for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

15th. To see if the town will vote to set apart the sum of \$750.00 from the regular appropriations for sidewalks and highways, for the purpose of maintaining and constructing highways and sidewalks in that part of Old Orchard known as Ocean Park, to be used by and under the direction of the Ocean Park local committee.

16th. To see if the town will vote to place additional summer lights in the following places: 1 at the beach end of Tioga Ave.; 1 at the beach end of Oceana Ave.; 2 on Grand Ave., between Oceana Ave. and the railroad track, and 2 large (250 watt) lights on Temple Ave., opposite the Temple and Jordan Memorial buildings, respectively. (The last 2 to be hung in the middle of the street.)

17th. To see if the town will vote to instruct the municipal officers in regard to the expenditure of the \$3,000 appropriated by the State for the town of Old Orchard.

18th. To see if the town will vote to appropriate a sum of money sufficient to pay for the services of a school physician as required by Chapter 73 of the Public Laws of 1909.

19th. To see if the town will vote to provide extra lighting on the sea wall during the summer months, and how much it will appropriate therefor.

20th. To see what action the town will take in regard to extra lighting of streets during the summer months and how much it will appropriate therefor.

21st. To see on what streets or parts of streets the town will vote to lay dust during the summer months, the cost thereof to be assessed against the property thereon as now provided by law.

22nd. To see if the town will vote to locate additional electric lights at the following named locations, and what sum of money they will appropriate therefor. Corner of Central Park Ave. and 1st St.; 2 beach lights at Surfside.

23rd. To see what action the town will take and what sum of money, if any, the town will raise to maintain a winter patrolman.

24th. To see if the town will vote to change Chapter 1, Section 3, of the By-Laws so that it shall read, "After which the following officers shall be chosen: Three Selectmen, three Assessors and three Overseers of the Poor, one of which shall be chosen for three years, one for two years, and one for one year, and thereafter at each annual meeting, one person shall be chosen as Selectman, one person as Assessor and one person as

Overseer of the Poor to serve for the term of three years as by Statute provided."

25th. To see if the town will vote to grade and gravel certain sections of the Cascade Road so-called, and what sum of money it will appropriate therefor.

26th. To see if the town will vote to construct cement walks on the following streets: On westerly side of First Street; on northerly side of Walden Avenue from Westland Avenue to Lawn Avenue; at Grand Beach, near the property of Geo. H. Fletcher; on First Street from Union Avenue to Old Orchard Avenue; easterly side of Union Avenue from 3rd Street to Hillside Avenue; on East Grand Avenue, from present terminus, about 500 feet.

27th. To see what action the town will take in regard to lighting sign, now located at foot of Old Orchard Street.

28th. To see if the town will vote to grade and gravel First Street and what sum of money they will appropriate therefor.

29th. To see if the town will vote to employ a band during the summer months, and what sum of money they will appropriate therefor.

30th. To see what action the town will take in regard to continuing and maintaining the Municipal Fuel Yard, and what sum of money they will appropriate therefor.

31st. To see if the town will vote to celebrate Old Home Week, and what sum of money it will appropriate therefor.

32nd. To see if the town will vote to recommend that the Trustees of the Public Library pay the Librarian not less than \$3.00 per week for services.

33rd. To see what action the town will take in regard to renewing the Town Hall bonds which come due this year, what rate of interest shall be paid and amount of bonds and what kind — serial or otherwise and length of time to run.

34th. To see if the town will vote to issue bonds to take place of notes now outstanding — if so, the size of bonds and kind, whether serial or otherwise and amount of interest and length of time to run.

35th. To see if the town will vote to change the electric

light now located on Pine Street, from a summer to a yearly light.

36th. To see if the town will vote to gravel Ocean Avenue from Bluff Avenue to First Street, and what sum of money it will appropriate therefor.

37th. To see if the town will vote to grade and gravel Ocean Avenue from Grand Avenue to Seaside Avenue, and what sum of money it will appropriate therefor.

38th. To see if the town will vote to establish a permanent electric light at the corner of Church Avenue and Saco Road, and how much it will appropriate therefor.

39th. To see if the town will vote to gravel one or more streets at Surfside and what sum of money it will appropriate therefor.

To act upon any other business that may legally come before said meeting.

The Selectmen hereby give notice that they will be in session at the Town Hall for the purpose of revising and correcting the voting list, on the morning of election from 8 to 10 o'clock.

Given under our hands this 24th day of February, A. D. 1919.

FRED I. LUCE

ARTHUR L. JONES

Selectmen of Old Orchard.
