REPORT OF CHIEF OF POLICE FOR YEAR 1934

During the year 1934 it was the policy of the police department to assist those in trouble whenever possible. Due to this fact, the number of arrests made was considerably less than for the past few years.

In spite of the fact that our appropriation was one hundred dollars less than last year, I am much pleased to be able to show an unexpended balance of \$349.04 for the year.

During the spring we maintained a police school under the supervision of Dr. Malone of Portland. I wish at this time to thank him for the many kindnesses which he extended to our department.

I also wish to thank the business men and town officials as well as the men on the force for their splendid coöperation throughout the entire year.

Respectfully submitted

CARL H. DAVIS,

Chief of Police.

REPORT OF PUBLIC HEALTH NURSING SERVICE

To the Board of Selectmen and Citizens of the Town of Old Orchard Beach, Maine:

Herewith is submitted the report of the Public Health Nursing Service.

1,843 visits were made during the year, divided as follows:

Nursing	Instructive		
Infants	88	Infants	156
Pre-School	53	Pre-School	292
School child	49	School child	54
Pre-Natal	1	Pre-Natal	68
Delivery	3	Other adults	41
Maternity	34	Social service	39
Other adults	930		
Communicable disease	35	Total	650
Social service			

Total1,193

Number of individuals receiving care:

Infants	39
Pre-School	112
School child	401
Pre-Natal	19
Maternity	9
Other adults	75

Communicable disease	7
Social service	9
	<hr/>
Total	671
Number of Well Baby Conferences held	48
Attendance	232
Number of patients taken to Hospitals and Clinics for treatment	19

I wish to express my appreciation and thanks to the physicians, various departments and organizations for their coöperation which has made possible this program of health service to the community.

Respectfully submitted,

HARRIET E. FOSS, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Honorable School Committee, Board of Selectmen, and Citizens of Old Orchard Beach:

My dear Friends:—

It gives me unusual pleasure to present this, my fourth annual report of schools. This past year has been a year of many problems but progress has been made in meeting them. The educational aspect of our work is deepening despite the limited space and lack of equipment. This must be apparent to the majority of the citizens of Old Orchard Beach.

Last year your attention was called to the fact that the depression had focused general interest and attention on the schools. This condition has been greatly augmented this year, until it can fairly be said that the people of Old Orchard Beach are school conscious. It is an unanimous desire, met everywhere among your people, that better school facilities and an increasing opportunity shall be extended to every pupil enrolled in your schools.

Enrollment

Let us study the enrollment and the problems which grow out of increasing numbers. In the Elementary School the enrollment reached a new high record. On September 24, 1934, there were in this school 102 girls and 126 boys, or a total of 228 pupils enrolled. The enrollment by grades was as follows:—Grade I, 47; Grade II, 36; Grade III, 37; Grade IV, 33; Grade V, 42; Grade VI, 33. The first grade curiously enough was out of balance, in that of the 47 pupils enrolled, only 13 were girls. In all grades, except the third and fourth, boys predominated by a small margin. In the third grade there was one more girl than boy and in the fifth there were four more girls than boys.

It was apparent at the opening of school that the first grade could not be handled by one teacher satisfactorily, and, as soon as seats could be purchased and arrangements made, a teacher was hired to instruct the overflow group. This group has occupied the office of the superintendent and now numbers 16 members. The teacher is Miss Doris W. Baker, a Lesley Normal graduate. The

superintendent has a chair, hat tree and a very small desk in the hallway. This does not permit much privacy of interview, but is the best arrangement to be made with the crowded conditions.

The High School enrollment has also reached a new high record this year. There have been enrolled 149 pupils. The seventh grade numbers 43 pupils. The eighth grade numbers 27 pupils. The total group of 70 pupils alone is sufficient normal enrollment for the entire High School building. The Senior High School enrollment is as follows: Freshmen, 22; Sophomores, 22; Juniors, 15; Seniors, 17.

This grouping of the very young and immature Elementary grades with the older students under such crowded conditions as exist at the High School is as little educational as it is defensible. I feel deeply and wish to express with all the emphasis at my command that the present condition is intolerable if you care about the future intellectual performance of these pupils subjected to these limitations. Limitations that should be speedily remedied.

Teachers cannot properly perform their tasks with such crowded conditions, and children who are studious are denied real educational privilege, which is their birthright. Space must be provided next year. The Elementary grades will likely overflow again in September. The new pupils entering the Junior High School will replace the graduates at the ratio of 2 to 1. Moreover, there is small loss in enrollment, by withdrawals for seasonal reasons, as was formerly noted in your schools. Should either the Junior High School or the Senior High School be housed separately next year, two new teachers would be required to offer the curriculum as now approved by the Superintending School Committee and the State Department of Education.

Repairs

The repairs in the schools this year have been rather large items of expense but they have been of such a nature that to neglect them would have led to a much greater outlay. During the summer the walls and ceilings at the Elementary Building were repaired and then painted. The repair work on the ceilings had to be done

on staging and required in some rooms several coats, but when completed was a finished job.

At the High School Building the windows were thoroughly overhauled and made tight for the winter. This was considerable more work than expected, but had to be done for both economy of fuel and for comfort.

For some years your attention has been called to the inadequate heating service of the boiler and the unsafe chimney at the High School. The old boiler was only rated with a capacity of 800 sq. ft. of radiation and there were more than a 1,000 sq. ft. of radiation to heat. The chimney was built up thru an air duct which drew air from the basement and from the ventilators in the several rooms. This was considered as among the most serious of fire hazards. Moreover, the chimney had been narrowed in, at the top, and was only 6" by 6", which was never sufficient for the required work it was intended to do. The new boiler is rated in excess of the square feet of radiation required with ample allowance for hallways, exposed walls, and age of structure. The heat furnished, thus far, has made the High School a comfortable place for work and study; even the rooms on the north side of the building have been comfortable, whereas this was rarely so in moderate weather with the old heating plant.

The School Committee had to purchase thirty-six seats this past fall in order that the newly-arrived pupils or those promoted to another grade might be seated. Last year forty-four new seats were purchased. The quality of this type of equipment was such as would be serviceable should you decide to provide quarters befitting the standards of education which most of your citizens seem to think Old Orchard Beach should have.

Financial

The general financial situation, prevailing over such a long period of time as this one we are now passing thru, has served to make plain to the people of Maine that the property tax is wholly inadequate for the maintenance of schools. We have been wholly shocked by the findings of the School Survey Commission, authorized by the 86th legislature. These inequalities affect every classroom of every community in the State. The

transfer of pupils from school to school always tends, as far as intellectual progress goes, to assume the pace of the less favored. A few poor pupils tends to slow up progress out of all proportion to the numbers. Your school status is affected, in its educational pace, by just this minimum of pupils whose educational rate of learning is a great retarding force. The slow pupils must be given home and extra help to make the grade, whereas the bright pupil is likely not to receive a corresponding amount of help under crowded conditions. Thus much educational momentum, or progress, is lost helping the backward and poorly prepared. All this is overhead cost to the towns when education is conceived from the purely business point of view. With few exceptions, many pupils recently enrolled in your schools have come under this handicap.

It is inevitable that the financial budget, submitted for your consideration, must of necessity advance, due, as has already been pointed out, to enrollment and the likelihood of being compelled to find outside quarters for some part of the school system. This point is at least apparent and sufficiently plain that the old pattern will not suffice for the new demands. Your schools have outgrown their quarters and their budgets. The facts demanding solution this coming year are bringing forth problems of municipal concern and corporate responsibility.

Manual Training and Domestic Science

The Manual Training and Domestic subsidies were decreased by legislative enactments 10% last year and an additional 10% this present year. The commodities used in these departments have increased. These subjects pay dividends in personal accomplishments throughout life, and should be adequately supported. Our pupils have received invaluable instruction in these departments this year. I can recommend them with my heartiest approval.

Transportation

The transportation of public school pupils has been carried forward for this year without any significant change. The Boston and Maine Bus has served a considerable number of pupils since the trolley cars were

abandoned. Their schedule clips off, approximately, a whole period from pupils who take this route in the afternoon. The School Committee asked for a change of schedule but was unsuccessful.

The electric car pupils are a numerous group and have made the trip without accident and with only the usual interruptions of schedule.

The Old Orchard Beach-Ocean Park route has been carried forward by Mr. John Crowley and has been without complaint.

Health Measures

The Dental Clinic and Health Program of Old Orchard Beach was highly commended by the School Survey Commission when they were gathering data for their survey report. Old Orchard Beach and Saco were among the leading towns of the State where health programs are receiving a full measure of public support and large returns in health for the pupils of the public schools. There are 56 pupils reported on the dental honor list.

The dental clinic statistics are worthy of your perusal and study. You will probably wish to study the report of Mrs. Harriet Foss with care.

The recent immunization of 286 pupils by the American Legion for diphtheria, under the direction and organization of Mrs. Harriet Foss and many fine workers, including Dr. A. W. Foss, the nurses, P. T. A. representatives, members from the American Legion and American Legion Auxiliary, was a fine example of community coöperation. Dr. Eugene Fogg, of Portland, was the physician in charge. Seventy-eight pre-school pupils were immunized. This speaks well for the advance made in health education.

In conclusion, I wish to express my appreciation to the Teaching Staff for their coöperation and professional support; to the Superintending School Committee for their unfailing loyalty in every progressive movement inaugurated for your schools; to the selectmen and the

general public for a full and hearty approval of plans looking toward school growth and expansion.

The data submitted with this report will be found of general interest.

Respectfully submitted,

H. C. HULL,

Superintendent of Schools.

OLD ORCHARD BEACH STATISTICS, 1934

Population, 1930 census	1,642
April school census, ages 5 to 21 years	428
Teachers in Elementary grades	7
Teachers in Junior-Senior High School	5
Special teachers	3
<hr/>	
Total number of teachers	15

Number of pupils registered September, 1934: Elementary School, 126 boys, 102 girls—total, 228; Junior-Senior High, 73 boys, 76 girls—total, 149 (includes 70 in the 7th and 8th grades).

Aggregate attendance, year ending July 1, 1934—Elementary School, 33,089 days; Junior-Senior High School, 18,645 days.

Aggregate attendance, year ending July 1, 1934—Elementary pupils, 41,882 days; Secondary pupils, 9,852 days.

Average daily attendance, year ending July 1, 1934—Elementary School, 191.2 pupils; Junior-Senior High School, 103.36 pupils.

Average daily attendance, year ending July 1, 1934—Elementary pupils, 239.74; Secondary pupils, 54.85.

Pupils registered, year ending July 1, 1934—Elementary pupils, 300; Secondary pupils, 67.

ROSTER OF TEACHERS IN SERVICE AT THE PRESENT TIME JUNIOR-SENIOR HIGH

Helen M. Dolley	25 yrs.	Gorham Graduate, Private and Summer Courses	Music in Junior-Senior High and Elementary Schools

SCHOOL NURSING

To the Superintendent of Schools and the Board of Education:

I hereby submit the annual report of School Nursing.

Routine sanitary inspection has been carried on as in previous years.

Inspection of pupils in classrooms and follow-up visits to homes during the year to prevent the spread of communicable diseases.

412 pupils were given annual inspection by nurse.

370 pupils were examined by the school physician, Dr. Paul S. Hill, Jr. The following defects and corrections were recorded:

Defects	Corrections
Eye14	Eye 7
Ear 2	Nose and Throat18
Nose and Throat54	
Glands14	
Heart murmurs14	
Posture 1	
Anemia 1	
Thyroid 3	
10% underweight 9	

233 pupils were examined by the school dentist, Dr. A. W. Foss. 56 were eligible for the honor roll on first examination.

The average number of cavities ranges a fraction of a point higher than the previous year, due to the inflow of pupils from other communities where corrections are not available.

213 pupils were given prophylaxis or cleaning.

42 pupils were vaccinated by Dr. Paul S. Hill, Jr., under the annual immunization program of the Board of Health. The usual routine of after care whenever necessary.

A Clinic as ordered by State authorities under the FERA program was held at the school building. Examining physicians were Drs. J. A. Randall, L. E. Willard, C. L. Kendall, Paul S. Hill, Jr., A. W. Foss,

Dental examiner. 69 school children and 22 pre-school children were examined and the following defects reported:

School Defects	Pre-School Defects
Ear10	Ear 1
Throat27	Throat18
Orthopedic 1	Teeth 8
Teeth27	Underweight18
Underweight17	

The annual Pre-School Clinic was held in May in cooperation with the National Child Health Program. Financed by the Local Branch American Red Cross. 15 children were examined. 14 had dental cleanings.

Defects as follows: Nose and Throat, 2; Teeth, 14.

In December the 40 & 8 Society, American Legion, sponsored a Diphtheria immunization clinic, cooperating with the school program. 286 children of school and pre-school age were given Toxoid by Dr. C. Eugene Fogg.

23 classes in home nursing have been held in cooperation with the Domestic Arts Department (Mrs. Aitkins in charge). Students are taught bed-making, bathing and care of the sick, care and feeding of infants and pre-school children. Administration of medicine and treatment such as may be recommended by a physician. The use of practical and improvised equipment in the sick room.

Milk and hot lunches, served by the Domestic Arts Department and financed by the P. T. A. Equipment for the preparation and serving of these lunches has been provided by the Association.

Considering the tremendous overcrowding of our schools, and the number of transient students from all states, we are indeed fortunate to report a full year without an epidemic of any kind. Much credit is due to the School Superintendent and School Board for the splendid repair and sanitary condition of our school buildings when they opened last September, and the untiring efforts of our teachers to keep them in as healthful condition as possible.

I wish to express my appreciation to the Superintendent and Superintending School Committee, teachers, parents, and organizations, for their support and coöperation in carrying on the school health program.

Respectfully submitted,

HARRIET E. FOSS, R. N.

REPORT OF MEDICAL INSPECTOR FOR OLD ORCHARD SCHOOLS

For Year Ending December 31, 1934

January 24, 1934, Federal Relief Administration, for under-privileged children. (Clinic under direction of Dr. Willard.)

Number examined: Pre-School, 22; School, 69. Defects: Ear—Pre-School, 1; School, 10. Nose and Throat—Pre-School, 18; School, 27. Orthopedic—Pre-School, none; School, 1. Underweight—Pre-School, 17; School, 18.

September 18, 1934, number of children vaccinated, 42; number of "takes," 41.

September 24-26-28 to October 1, 1934, examination of school pupils:

Number examined, elementary grades	227
Number examined, high school	143
Total	370

Defects	
Tonsils, infected	64
Enlarged glands	14
Heart murmurs	14
Nutritional	9
Orthopedic	1
Anemic	1
Enlarged thyroid	6
Tonsillectomies	6

Results of these examinations tend to show a good average state of health among the pupils in the Old Orchard Beach public schools.

I wish to express my appreciation to Mrs. Harriet E. Foss for her coöperation in making this work possible.

Respectfully submitted,

PAUL S. HILL, JR., M. D., School Physician.

TAX COLLECTOR'S REPORT

To Date, Feb. 18, 1935

To the Honorable Board of Selectmen, Town of Old Orchard Beach, Maine.

Gentlemen:

I herewith submit for your consideration the following report of tax collections, to balance your commitment to me of \$148,809.32, this being the total amount of all taxes, Real Estate and Personal, including poll tax, submitted to me for collection.

The following is a detailed report of all paid and unpaid taxes and abatements to balance the total amount of taxes placed in my hands for collection.

1934 real estate and personal tax money to treasurer	\$133,030.52
Unpaid non-resident taxes	7,279.21
Unpaid resident taxes	6,300.94
Abatements, real estate and personal, as listed	14.65
1934 poll tax money	1,498.50
Unpaid poll tax, as listed	574.50
Poll tax abatements, deceased, old age, and paid elsewhere	111.00
	<hr/>
	\$148,809.32

The following are separate items:

Excise tax to Feb. 1	\$2,004.41
Interest for 1934 taxes	85.18

SUPPLEMENTARY TAX, 1935

Submitted for collection	\$479.90
Collected and given to treasurer	\$479.90

Respectfully submitted,
CLINTON C. MEWER,
Collector of Taxes.

Auditor's Report

To the Legal Voters of the Town of Old Orchard Beach:

I have examined the accounts of the selectmen assessors, overseers of the poor, tax collector; town treasurer, and treasurer of the free public library for the fiscal year ending December 31, 1934 and have found them correct, each expenditure being properly vouched for.

KATHERINE L. WHITMAN, Auditor.

OF OLD ORCHARD BEACH FOR 1934 REPORT OF THE PUBLICITY DIRECTOR

I, herewith, submit my report for the year ending March 1, 1935.

The duties of your Publicity Director have been varied and included not only sending out publicity material about the resort, but also arranging for adequate and increased transportation services to Old Orchard Beach; arranging for feature events which would develop publicity for the town; entertaining official guests; securing field days; working in cooperation with the Board of Selectmen in connection with town development matters; distributing the booklets and other advertising material of the town; placing speakers about Old Orchard Beach before various organizations; writing, designing and printing its annual resort folder; arranging for Old Orchard Beach exhibitions; and, in fact, doing anything and everything that might be deemed desirable for the publicizing and development of the resort. His work was carried on under the direction of the Old Orchard Beach Publicity Bureau, Inc., by which he was employed.

The following may be considered some of the principal accomplishments of the Publicity Bureau, working through its Publicity Director:

1. Was largely responsible for the inauguration of the joint Canadian National, Canadian Pacific, Boston and Maine, through-train service between Montreal and Old Orchard Beach, which proved to be of immense value in developing Canadian business for the resort.
2. Was responsible for arranging a bus service between Montreal and Old Orchard Beach over the lines of the Champlain Frontier Coach Lines, the Provincial Transport Company, and the Boston and Maine, and to have Old Orchard Beach featured as the terminus of this through route in the bus line time-tables. This was accomplished through conferences held at

Montreal between the Publicity Director of the Bureau, and officials of these lines.

3. Arranged for excursions to Old Orchard Beach with the various railroads, through conferences by the Publicity Director at Boston, Montreal, and Ottawa. These excursions were from Montreal, Ottawa (new), Troy, N. Y., Springfield, Mass., Worcester, Mass. (new), Bangor and Central Maine, Boston, Lawrence, Haverhill, Dover, Portland, and other points.
4. Secured the coöperation of the Eastern Steamship Lines in advertising Old Orchard Beach in New York City, and in stimulating traffic to Old Orchard Beach by the all-water route.
5. Secured the coöperation of the Canadian Pacific and the Canadian National Railroads in advertising Old Orchard Beach in Canada.
6. Secured the distribution of approximately 15,000 Old Orchard Beach folders throughout the leading tourist, railroad, steamship, and automobile information bureaus in Canada and the United States. The important point concerning this distribution is that the booklets were sent out only to the bureaus which agreed to distribute them, and approximately 100 bureaus were visited by the Publicity Director and the attractions and advantages of Old Orchard Beach, as a summer resort, were explained personally by him. This is the most effective kind of publicity, that of personal contact with the persons who actually route tourists.
7. Held personal interviews with the high officials of the Canadian Pacific, Canadian National, Boston and Maine, New York, New Haven & Hartford, Eastern Steamship Lines, Maine Central, and the various bus companies, in regard to their developing Old Orchard Beach business.
8. Spent nearly three weeks on the road, in Canada and the United States, developing Old Orchard Beach business through increased transportation facilities, through contact with information bureaus,

TOWN WARRANT

To Irving C. Lyon, Constable of the Town of Old Orchard Beach, in the County of York:

Greeting:—

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Old Orchard Beach qualified to vote in town affairs, to assemble at the Town Hall on Monday, the 4th day of March, A. D. 1935, at 9 o'clock in the forenoon, then and there to act upon the following articles, to wit:

1st. To choose a moderator to preside at said meeting.

2nd. To choose all necessary town officers for the ensuing year.

3rd. To hear and act upon the reports of the town officers and all special and standing committees.

4th. To see what action the town will take in relation to the pay of town officers.

5th. To see what sums of money the town will vote to raise. 1st, common schools. 2nd, for free high school. 3rd, for free textbooks. 4th, for repairing schoolhouses. 5th for school supplies. 6th, for transportation of high school pupils. 7th, schoolhouse maintenance. 8th, for manual training. 9th, for school physician as required by law. 10th, for domestic arts. 11th, for nursing service. 12th for making and repairing highways and bridges. 13th, for support of poor. 14th, for the pay of town officers. 15th, for maintaining street lights. 16th, for contingent expenses. 17th for sanitary expenses. 18th, for town interest on bonds. 19th, for interest on notes for money hired in anticipation of taxes. 20th, for the public library and building fund. 21st, for heating, lighting, and care of town property. 22nd, for moth nests. 23rd, for State aid road patrol. 24th, for public toilet. 25th, for advertising. 26th, for payment of serial bonds. 27th, for taryia. 28th, for maintenance of third class highways. 29th, cleaning streets and beach.

34. Organized a Kiddies' Day, which proved quite successful, notwithstanding bad weather conditions.
35. Originated a new slogan for Old Orchard Beach to acquaint the world that it is America's greatest International resort, a tremendous selling point in developing new business. This slogan is "The Playground of Two Nations" and it has been accepted by press and public with much enthusiasm.
36. The Bureau, acting in conjunction with the Biddeford and Saco Kiwanis Club, have made a bid for the 1936 Convention of the New England District of Kiwanis International and fully expect favorable action.

In closing, I would like to say that the new Publicity Bureau made progress during the past year. However, it must be emphasized that the work of greatly increasing the summer business of our resort is not the task of a single year, but of several. The vacationists of eastern United States and of Canada can be induced to try the outstanding health-giving advantages and scenic attractions of Old Orchard Beach only by continuous advertising and publicity, by the constant development and improvement of our facilities for handling and entertaining tourists and by making them feel they are welcome while they are here. Attracting vacationists to any resort is today more highly competitive than almost any other business. It takes constant plugging, increased publicity budgets, more attractions, better accommodations, convenient transportation facilities, and, most important of all, good roads leading to the resort.

Old Orchard Beach, with its wonderful stretch of sea-coast sand, is superbly located to benefit in the future through increased tourist traffic. By all working together it can be accomplished.

I wish to thank everyone for their fine coöperation and helpfulness in connection with my work the past year. I have enjoyed being with you.

Respectfully submitted,

D. W. HOEGG,

Publicity Director.

28. Had an Old Orchard Beach booth and display at the New England Sportsman's and Boat Show, at Boston, in February, which was the only display of its kind at the show. The booth was inspected by thousands; approximately 250,000 people from eastern United States and eastern Canada visited the show and 12,000 Old Orchard Beach booklets were given out to interested inquirers. Many hundreds were personally induced to visit this resort during the coming summer.
29. Made arrangements for the visit of Marie Plante, of Springvale, who won a "Miss Old Orchard Beach" beauty contest here last summer, to go to Montreal in December as the special and only guest of the Montreal Beauty Pageant, at which the Canadian Queen of Sports is chosen. Miss Plante was royally entertained by the committee and was taken on a tour of other Province of Quebec cities. The trip resulted in a vast amount of excellent publicity for Old Orchard Beach. This summer the Canadian Queen of Sports chosen at the pageant will visit us.
30. The Publicity Bureau has sponsored the Old Orchard Beach Sea Wall and Promenade project, believing that to do so would give this resort more continuous high-grade publicity than any other single thing, even if the project were not approved by the Federal Government. This has turned out to be true beyond all expectations. A vast amount of publicity covering the eastern United States and Canada has been given Old Orchard Beach because of its aggressive campaign to put this project over.
31. The Bureau was also instrumental in inaugurating a project for a Maine Coast Scenic Highway, which would route tourist traffic into Maine through this resort.
32. The Bureau also aided the selectmen in securing funds from the State to develop the recreation park on Milliken Street, through the FERA.
23. It compiled important and valuable statistics about Old Orchard Beach, what it has to offer, and where it gets the major part of its tourist business.

Hampshire and Massachusetts at a dinner at which Max Baer was guest, and secured a large amount of newspaper publicity through it.

23. Assisted at Augusta in developing public work projects for the benefit of Old Orchard Beach.
24. Was able to secure Old Orchard Beach representation on the Admiral Byrd South Polar radio broadcast, originating in Portland, on August 26th. This was an international broadcast, comprising 56 land stations, and several short wave stations, which gave Old Orchard Beach world-wide publicity. Fred Allen and Portland Hoffa, famous radio stars and frequent summer residents of Old Orchard Beach, represented this resort on the program.
25. Staged several meetings, featuring Old Orchard Beach, in connection with service club and other luncheons.
26. Brought Bill Edson, world's champion fly-caster and fisherman, to Old Orchard Beach to exploit and publicize fly-fishing for mackerel, a new sport which has big possibilities for bringing business here. Still pictures and motion pictures of Edson catching the mackerel were taken by the Maine Fish and Game Department and by the Maine Development Commission. These are being shown throughout the northeastern section of the United States this winter by Edson personally. As a result of the newspaper publicity in connection with Edson's visit at least one cottage was reported rented for September by a party wishing to try the fishing and another large party came from New Hampshire for the same purpose. Several nationally known fishermen are coming to Old Orchard Beach next summer to try this new sport, as well as a number of parties from different sections of the east.
27. Designed and printed an edition of about 55,000 Old Orchard Beach folders for 1935. This folder has already been declared by several experts to be one of the most attractive and most effective resort booklets that has appeared during the year.

bered through-highway routes directly into Old Orchard Beach, something never had before. These were Route Number 5, from Fryeburg to Old Orchard Beach, to accommodate the Montreal traffic, and Route Number 9, another through route for traffic from Albany, New York, and western points. Both of these are excellent highways, avoiding the congested main thoroughfares, and have been developed, through publicity and radio, by the Bureau for Old Orchard Beach business to such an extent that their traffic has been enormously increased. As proof of this statement the hotel at Cornish has stated that this Montreal-Old Orchard Beach traffic has been a life-saver, and likewise at Fryeburg a similar statement has been made.

17. As a result of the Bureau's advertising, nearly 1,000 inquiries about Old Orchard Beach were received, and every one of these was answered with a personal letter from the Bureau, demanding the full-time services of an assistant and, during the rush period in June and July, requiring her to work both evenings and Sundays.
18. Notwithstanding the Bureau's location on the second floor, a good-sized number of tourists called there for information.
19. Entertained the staff photographer of the National Geographic Magazine, who took a number of pictures of Old Orchard Beach, some of which are to be published in an article on Maine in the May issue; also the Maine Development Commission and newspaper photographers.
20. Organized a group of bathing girls and boys who did effective work in connection with pictures of beach scenes taken by the photographers named above, and also for the motion picture cameramen, and for our own photographer.
21. Took a large number of pictures for use in 1935 publicity material, including booklets, newspaper and magazine advertising.
22. Entertained the sports writers of Maine, New

and personal calls upon newspaper editors in order to get them to use stories and pictures, throughout the summer, of Old Orchard Beach.

9. Conducted a newspaper advertising campaign in Montreal, Ottawa, Toronto, Boston, Providence, New York, Hartford, Springfield, and Maine. An interesting sidelight on this advertising is that as a result of it, upon their own statement, thirty-two Montreal people on a single street and within the limits of one block, came to Old Orchard Beach last summer and stayed two weeks.
10. Conducted an all-summer radio campaign in Montreal, Boston and Springfield.
11. Secured more newspaper publicity in all of these cities than Old Orchard Beach has ever had before, according to the statements of the newspapers themselves.
12. Through personal invitations given by the Publicity Director, we entertained at Old Orchard Beach, for the first time, several high railroad, automobile and newspaper officials, with the result that they were responsible, and will continue to be responsible, for a large volume of business coming to Old Orchard Beach. One official the Bureau entertained, T. G. Kirby, of the Montreal Motorists' League, the American Automobile Association of Canada, was responsible for routing nearly 2,000 automobile parties to Old Orchard Beach.
13. Sent out from two to five stories about Old Orchard Beach each week to approximately thirty-eight newspapers in the United States and Canada, all of which have given the stories excellent display.
14. Entertained Miss Jeannette Morin, Montreal, the Canadian Queen of Sports, for one week, and thus secured a very large amount of International and local publicity.
15. Provided weekly firework displays which brought very large crowds to Old Orchard Beach every Wednesday night.
16. Was responsible for the development of two num-

6th. To see what sums of money the town will vote to raise to pay collector's commission and abatements.

7th. To see if the town will vote to pay the premium on surety bonds for tax collector and treasurer.

8th. To see if the town will vote when the taxes shall be committed to the collector for collection and what rate of interest, if any, will be charged thereon, thereafter.

9th. To see if the town will vote pursuant to Section 83 of Chapter 5 of the Revised Statutes of 1930, to authorize the issuance and negotiation by the treasurer with the approval of the selectmen, of notes of the town, in anticipation of taxes, to the amount which shall not exceed in the aggregate outstanding at any one time, \$100,000, for temporary loans to be paid during the current year in which they are made out of money raised during such current year by taxes.

10th. To see if the town will authorize the selectmen and treasurer to issue town notes to pay those, if any, which fall due the present year.

11th. To see if the town will authorize the assessors to make such abatements as they think reasonable.

12th. To see what action the town will take and what sum of money, if any, the town will raise to maintain one or more yearly patrolmen.

13th. To see what action the town will take and what sums of money the town will raise to maintain a police force; to construct and maintain sidewalks; to construct and maintain sewers and drains; to maintain a fire department; to maintain town team and driver; for hydrant rental; for liquidating serial bonds; for interest on serial bonds; for interest on notes issued in anticipation of taxes, all within the limits set out in Section IV of the act of incorporation of the Town of Old Orchard, to be a separate tax, to be assessed and collected as provided in said act.

14th. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20 of Chapter 28 of the Public Laws of 1930.

15th. To see if the town will raise and appropriate the sum of \$1,466.00 for the improvement of the section of the State aid road, as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 28 of the Public Laws of 1930, or under the provisions of Section 22 of Chapter 28 of the Revised Statutes of 1930.

16th. To see what streets or parts of streets the town will vote to lay dust by applying tarvia or some other like material during the summer months, and what sum of money they will appropriate for the same.

17th. To see if the town will authorize the selectmen to employ special officers as life guards from July 1st to Labor Day, and what sum they will appropriate therefor.

18th. To see what sum of money the town will vote to grant and raise to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine.

19th. To see if the town will vote to exempt from taxation, in whole or in part, the property of the Home for Aged People Association for the year 1934.

20th. To see if the town will vote to instruct the selectmen to pay from any moneys in the contingent fund the sum of \$50.00 to the C. Fayette Staples Post, American Legion, for the care and decoration of soldiers' graves.

21st. To see if the town will vote to have the tax collector maintain his office in the town building from the first day of July to the first day of October, 1935.

22nd. To see what sum, if any, the town would recommend to take from the joint State aid account for the purpose of applying bituminous surface treatment to State aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. of 1931.

PROPOSED ARTICLES FOR NEW HIGH SCHOOL GROUND AND BUILDING

23rd. To see if the town will vote to purchase a suitable site for a high school building, how much it will appropriate therefor, how the same shall be raised and under whose direction or what action the town will take in relation thereto.

24th. To see if the town will vote to build a new high school building and furnish and equip the same, what sum it will appropriate therefor, and how the same shall be raised, and under whose direction or what action the town will take in relation thereto.

STREET LIGHTS

25th. To see if the town will vote to place a larger light on Linwood Street in place of 60 c. p. now located, yearly light on Hillcrest Avenue, in place of 4 months' light, yearly light at foot of Reggis Avenue, in place of 4 months' light; yearly light on Woodland Avenue, in place of 4 months' light, yearly light on 10th Street in place of 4 months light, yearly light on Balsam Lane in place of 4 months light.

SIDEWALKS

26th. No. side of Milliken Street, rebuild section of walk on W. Grand Avenue; near Daniel Guiney property. Rebuild walk from Tunis Ave. to Hampton Ave.

HIGHWAYS

27th. To see if the town will vote to grade and gravel Ocean Avenue, from 1st to Hillside Avenue; grade and gravel Hillside Avenue, from Ocean Avenue westerly; lower and rebuild Traynor Street; grade and gravel Somerset Avenue, from Union Avenue to Ocean Avenue; grade and gravel Randall Avenue, from Grand Avenue to 10th Street; grade and gravel 4th Street (Ocean Park), from Randall Avenue to Oceana Avenue; repair and improve Seaview Avenue; grade and gravel Ancona Avenue; St. John Street; Seaview Avenue, from Central Avenue to Somerset Avenue; Lake Avenue, from Central to Somerset Avenue; Smithwheel Road; Grove Avenue, from Ivy Avenue to Norway Avenue; construct gutter on 3rd Street, from Fern Avenue to Fountain Avenue. Fern Park Avenue.

SEWER

28th. To see if the town will vote to construct a sewer on Longwood Avenue, from Avon Avenue to Short Street.

29th. To see if the town will vote to add the following names to the list of streets on which tarvia, or some other like preparation, shall be applied to lay dust and preserve the roads: Brisson Street, Oceana Avenue, from Grand Avenue to Ocean Park Garage; Hillcrest Avenue; Tunis Avenue, from W. Grand Avenue to Seaside Avenue; Randall Avenue; Tiogo Avenue; Central Avenue, from Ocean to Lake Avenue; Second Street; lower part of Ancona Avenue; 15th Street; Walnut Street, from E. Grand Avenue to Sea Wall.

30th. To see if the town will vote to purchase a Ford chassis for use of the Fire Department and appropriate a sum of money therefor.

31st. To see if the town will vote to change the name of "Fletcher Street" to "Little River Road."

32nd. To see if the town will vote to authorize the selectmen and treasurer to hire money for the transaction of business and payment of bills in January and February, if found necessary.

33rd. To see if the town will vote to install a Game-well Police Signaling System and if they so vote, how many Alarm Boxes they will provide for, and what sum of money they will raise therefor, or in what way said money will be provided.

34th. To see if the town will vote to authorize the selectmen to appoint a budget committee to serve for the budget of 1936.

35th. To see if the town will vote to pass an ordinance requiring all owners or custodians of property abutting on a public street to remove from their property all icicles or other dangerous overhanging substances from said property, where the eaves or roofs of said property project over and above a public way—and that such ordinance, if and when enacted, carry a penalty for a failure to comply therewith.

36th. To see if the town will vote to make Smith Street, so called, a no parking street.

37th. To see what action the town will vote to take in regard to a petition presented by E. E. Lemire, and others, to build a sewer or community cess pool with connecting entrances thereto at Pine Park, commonly known as Halfway Section, and how much money, if any, the town will vote to appropriate for the same.

38th. To see if the Town will vote to direct the Selectmen to take the Beach so called, being the lowlands lying between Goose Fare Brook and the Scarboro line, and between the upland and low water mark, as bounded and described in the petition of Lake C. Abbott and others, as a public park.

39th To transact any other business that may legally come before said meeting.

The polls will be open at 9 o'clock A. M. and will remain open until 1 o'clock P. M.

The selectmen will be in session at the Town Hall Thursday, Friday and Saturday afternoons, from 2 to 5

o'clock P. M., February 28th and March 1st and 2nd, for the purpose of correcting the voting list.

Given under our hands this twenty-third day of February, A. D. 1935.

HERMAN S. GERRISH,
WILLIAM G. HARMON,
FRED I. LUCE,

Selectmen of Old Orchard Beach.
