“THE FINEST BEACH IN THE WORLD”

## Historical Old Orchard Beach

---

In the summer of 1614 a sloop came around Wood Island and anchored near Googins Rock in Old Orchard. with Capt. John Smith of Jamestown, Va. Capt. Smith was very much taken with the beach and drew a sketch of Old Orchard Beach and sent it to Sir Ferdinand de Gorges in England as the most beautiful beach he had seen.

One of the earliest settlers was Thomas Rogers, who planted fruit trees and grapevines which he took from Wood Island nearby. The apple trees which he planted remained 150 years and became the “Old Orchard” from which the place takes its name. Part of this old apple orchard still remains near the old railroad. He afterwards gave this property to his son-in-law, Patrick Googins, for whom these rocks were named in 1737.

From the north, east, south and west, thousands came to enjoy themselves where the pines and salt air meet at the finest Beach in the World. Old Orchard Beach, Maine.

The twenty-sixth of June has for many years been a gala day at Old Orchard Beach, Maine. There used to exist a popular tradition that on this day the waters of the ocean were especially endowed with healing properties, that at this time they were “troubled” and “whoever stepped in was cured of whatever disease he possessed.” This led thousands to flock to Old Orchard Beach to be healed. Old age came to be made young, mid-age to be strengthened, children and infants were dipped annually to insure them against disease and death. It is also said that the air at Old Orchard is charged with an invigorating element and those suffering from diseases of the throat and lungs have been benefited by even a brief sojourn in this cool and strengthening climate.

## REPORT OF THE CHIEF OF POLICE

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of the Police Department for the fiscal year ending December 31st, 1939.

Intoxication	31
Drunken Disturbance	5
Drunken Driving	4

Affray	3
Breaking and Entering	2
Assault and Battery	7
Attempted Larceny	1
Suspicion of Having Committed a Felony	3
Assault	3
Operating Without a License	4
Suspicious Person	5
Arrested for Outside Police	1
Passing a Stop Sign	2
Interfering with an Officer	1
Speeding	1
Indecent Exposure	1
Indecent Liberties	1
Petty Larceny	4
Violation of Town By-Laws	1
Disturbance	2
Assault on an Officer	1
Abandonment of Children	1
	—
Total	84

It is indeed a pleasure to report the maintenance of this department within its appropriation.

Our schedule of patrolling gave more protection to several sections which have never been patrolled before.

We are in need of police signal boxes to give more protection to the Town and would recommend that six police boxes be used for this coming summer.

I wish to thank your board for its loyalty and also to the members of the police force who gave their efforts so willing to the success of the department.

Respectfully submitted,

C. KENNETH NORTON,

*Chief of Police.*

**REPORT OF PUBLICITY CLERK**

As Publicity Clerk for the Town of Old Orchard Beach Publicity Bureau, it has been my pleasant duty to assist in carrying on a program for the Publicity Bureau, supplying general information for the Summer 1939.

The funds appropriated at the annual Town Meeting to carry on the Publicity Department were largely expended in the maintenance of three large electric signs which effectively attract and aid the visitors by marking the approaches to Old Orchard Beach. Advertising was placed in many Canadian and other newspapers, and I found that this sort of advertising brought in many inquiries.

Letters of inquiry concerning Old Orchard Beach came in very early, several in March, and increased each month, the largest number of inquiries coming in July. Every letter that came into the Bureau was answered, and with these answers were enclosed Old Orchard Beach literature.

Inquiries were as follows:

Camps	107
Hotels	257
General Information	442
Real Estate	133
Rooms	42
	<hr/>
Total Inquiries	981

Several Bureaus and Railroad Stations were kept supplied with our Old Orchard Beach booklets. This service helped a great deal in directing the tourist here. These bureaus and stations were re-supplied several times during the summer.

The first of the season we had many letters from men and women seeking work, these were turned over to the Maine State Employment Service.

Guests of Old Orchard Beach were very appreciative of the service rendered by this Bureau. Hundreds of Road Maps and other Literature were distributed through this Bureau.

The Publicity Bureau wishes to thank and express its sincere appreciation to all who made it possible to carry on this important work throughout the season.

Respectfully submitted,

ELEANOR ROSS, *Publicity Clerk,*

*Old Orchard Beach Publicity Bureau.*

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the Honorable School Committee, Board of Selectmen, and  
Citizens of Old Orchard Beach:

Ladies and Gentlemen:

The educational progress in the Old Orchard Beach Schools is, on the whole, most encouraging.

The school census has been increasing these past years in a rather interesting fashion. There were, in the 1939 census, 637 pupils between the 5th and 21st years of age. Of this number 344 were boys and 293 were girls.

In September the enrollment of pupils in the Old Orchard Beach Schools numbered 505. They were distributed among the schools as follows: Kindergarten 14, Elementary School 291, Junior-Senior High School 200. Of the 200 in the Junior-Senior High School, in September, 121 were in the four senior classes of the High School.

It may be interesting in passing to note that, including transfers, for the school year to June 1939, there were reported 344 elementary pupils. During this same time 211 Junior-Senior pupils enrolled at the High School. When the enrollment is compared to the average daily attendance we find 269.11 pupils for the year at the elementary school and 163.44 pupils in average daily attendance at the High School. This is an astonishing enrollment and indicates only moderate amount of seasonal transfer, and a small amount of sickness. If this trend can be taken as indicative of future tendencies, you may expect a pupil load that will tax all the School Buildings now in service.

The teachers' registers, for instance, reveal, during the fall term closing Dec. 21, 1939, that the Elementary School reported a total enrollment of 341. When the transfers are this year returned the total enrollment will surpass last June. At any rate, on Dec. 21, 1939, there were reported 542 already enrolled.

It is significant to realize that there are 23 in the Senior Class, and within three years the High School Classes will average considerable above 30 pupils in each succeeding graduating group.

May I point out that every class room in the Elementary School and the Old High School Building will be occupied with Elementary Classes on the opening of school in September. One more class is scheduled to be opened this coming fall in the Old High School Building. There are three classes in this Building at the present time. This fall there will be four. This will then make a capacity load for this Building. If you did not have this space four grades would be unhoused this fall.

Moreover, the Citizens who, at one time, thought the New High School over-commodious, have now come to realize that this fine Building is within a dozen pupils of being filled to the capacity, as contemplated by the architect.

One new member of the Elementary teaching staff must be added to care for the extra fourth grade that will henceforth be necessary when the two third-grades are promoted this spring. Heretofore there has been but one fourth grade. This expense must be recognized in your budget.

Moreover, the extra third grade teacher has been on the staff only since September and her salary will hereafter be continuous.

The provision of text-books, supplies, fuel, and such other necessities, as go forward with the opening of each new grade, where total provision has to be made simultaneously with the opening of the grade, makes an increase in these items without being reflected in any advance provision for the schools. There is no great enrichment in these offerings since the expense is due to increased demands. I have made a study of enrollment from 1929 to 1939, and in that 10-year period there has been an increased enrollment in each year and has amounted to 56.4%.

The High School is fast becoming a social center with many activities heading up at this building and the consequent overhead may be expected to be reflected in the upkeep and maintenance account.

The extra-curricular activities have this year taken on a most noteworthy interest. The athletics have been headed up by Mr. Leon Jones and have been more extensive than formerly. Mr. Roger Jones was elected to the English position and as Dramatic

Coach on the resignation of Miss Margaret Gardner. The dramatic interests at the High School have taken on a new type of perfection and may be expected to develop a new interest along these lines.

The music work of the schools has been the delight of all who have followed the various developments that have come recently in this department. Mr. Alphonse Gagne has, this year, attempted an operetta by elementary pupils, which was greatly appreciated by those participating and by all those who attended. The orchestra has contributed greatly in many public performances and always with credit to those who sponsored the efforts.

One of the notable developments this past year was the addition of metal and tin work in the Manual Training Department. The instructor, Mr. Kenneth Hobbs, expects, with such machinery as has been installed, that his department will make a real interest-appeal to many of the boys to whom this course will be open.

Those citizens, who have visited the gymnasium this past year, have remarked with great pleasure and approval how beautiful the new curtains are that adorn the stage. These curtains are put up on an approved plan and are in keeping with the needs of the school. This is a great advance step in making all dramatic work possible of realistic production.

The new courses in the business department are meeting a real need in the lives of those who are choosing business training for their major intellectual discipline. Miss Mary Moran has introduced new courses in bookkeeping and corollary fields, together with experience in filing, neo-styling, and other practical work. This development has been highly complimented by all who have conversed with the Superintending School Committee since the work was established.

The Old Orchard Beach Parent-Teachers Association is, at the present time, negotiating for a moving picture machine to be given, when paid for, to the schools. This movement is done primarily to provide wholesome entertainment for the young people in Old Orchard Beach under auspices that can be relied upon to furnish the best that can be procured. It is understood

that the premier showing will be the second week of January. The Old Orchard Beach Parent-Teachers Association can be a great force for good in the schools, since it is within their power to provide themselves with informed leadership from those who have an abiding loyalty to things educational.

### **Health Program**

The Health Program has been varied and has included Dental Clinic, Health Survey, and Nurse Supervision and a special emphasis has been placed on Safety and other topics closely related to these matters. The School Lunch is one of these. The School Lunch is sponsored by the Old Orchard Beach Parent-Teachers Association and is provided for a period of some five or six weeks each winter term. The plans this year have taken on a widened scope and it is expected that from sixty to one hundred elementary pupils will be benefited.

### **Transportation**

There were, at the peak of enrollment, 106 pupils who were being transported on the Crowley Bus. The transportation routes were arranged in two circuits. These have worked out with reasonable satisfaction. The Town of Old Orchard Beach is not obliged by law to transport High School Pupils, but it is permissive to transport High School Pupils, and, accordingly, your Superintending School Committee, in spite of temporary congestion, decided not to deny this privilege unless forced to do so. There were certain unreasonable complaints lodged with the State Education Department that indicated on one of these routes there was gross over-crowding. These charges proved to be without foundation. The Superintending School Committee found that the transportation of the pupils of Old Orchard Beach was carried on in safety and comfort, and, the service, as a whole, will compare favorably with the best communities of the state. The service is, and, will continue to be afforded to grade and High School pupils, without discrimination, unless instructed by you to do otherwise.

### Repairs

The repairs of the coming year, on the Old High School Building, should be extensive and include among other things some attention to the exterior. In some respects we were especially fortunate with this building. The chimney is new and safe and was made adequate when it was rebuilt. The furnace is in good shape and, while it has to be pushed in cold weather, still is adequate in all normal weather.

The usual summer care of the seats, desks, and floors should not be neglected since the present policy of the Superintending School Committee is that no money expended pays better dividends in terms of health and sanitation, than those spent on upkeep. The janitors have done their work cheerfully, and with a faithfulness that demands this word of appreciation.

### The Teaching Staff

In conclusion a few words about the teaching staff and the development of the curriculum. Each grade is now attempting to teach the materials thought appropriate for maturity natural to that age group. The text-books are chosen with this in mind and the advance in special arrangement and interesting material is considerable. The staff have done a superb piece of work. The new teachers, Miss Ethelyn Pillsbury, and Miss Gladys Stevens have taken their places with every evidence of rendering a most worthy contribution. There are now ten teachers on the elementary staff and much credit is due Miss Margaret E. Harriman for the organization and team work of this group. The efficiency of the Elementary School is evidenced by all the tests and measures which have been used.

Mr. Herbert R. Bean reports a greater amount of curricular integration and a more thorough organization at the High School than has been hitherto possible. The members of the staff of the High School, like those of the grades, have each made a contribution toward high standards in their respective fields.

The student body, themselves, realize that offerings now put forth in the school curriculum, are unsurpassed. The Public is aware that a serious effort is made, to the end that boys and girls

may have brought to them a chance for an education adequate to the demands that, will, later in life, be made upon their intelligence. The Superintending School Committee cherish the hope that all that can will avail themselves of the great privilege.

In conclusion, it remains for me to express to you and your Superintending School Committee my appreciation for their full concurrence and advocacy of those measures now operative and successfully developing in your schools. I acknowledge with profound satisfaction your solid support in attempting to afford an education befitting a free people in a time, which seems uncertain, except as we insure it by Education.

Respectfully submitted,

H. C. HULL.

## REPORT OF SCHOOL PHYSICIAN

January 10, 1940.

Mr. Harry C. Hull  
Saco, Maine

Dear Sir:

I wish to submit herewith the report of the Medical Examinations of the children of the Old Orchard Schools. Let me say that in May 1939 a large group of Pre-school and Kindergarten children were examined, then in the Fall after school was resumed a check was made on these.

The Fall Examination included the pupils and students in the Elementary, Junior and High Schools of whom I feel confident to report not one was omitted, also that the students who have enrolled since that examination was made have been examined too.

Let me also state that all those students who entered competitive sports were examined several times to discern any physical condition present whereby I might deem it advisable that they cease this activity. There were found to be only a few that I suggested that they should not enter sports.

These many Examinations could not have been accomplished so systematically if it were not for the efficient and able assistance of Mrs. Foss, the school nurse.

Below is the statistical report:

Total number of pupils examined	497
Defective	165
Eyes and vision	57
Ears and hearing	12
Nose and throat	66
Glands	7
Heart	15
Posture	2
Orthopedic	1

Speech	2
Skin	2
Kidney	1

Very truly yours,

DONALD S. SKILLING, D. O.

*School Physician.*

### REPORT OF DENTAL CLINIC

To the Superintendent of Schools and Superintending School Committee:

I hereby submit the annual report of the Dental Clinic:

A dental educational program was introduced this fall in the elementary school. Tooth brush drills and mouth hygiene talks were given. In some grades, the talks concerned the care of the teeth, with emphasis on the six year molars. Charts, and models were used to clarify instructions.

I was somewhat amazed at the deep interest and enthusiasm given by the pupils.

Respectfully submitted,

THERESA D. LaFONTAINE, D. M. D.

**REPORT OF SCHOOL NURSING**

To the Superintendent of Schools and Superintending School Committee:

I hereby submit the annual report of School Nursing.

There have been no serious epidemics during the year. There was an outbreak of conjunctivitis, or "pink eye" and one of impetigo. Both were under control within a reasonable time. The method resorted to in these cases was the preventitive measure, a treatment each morning under the direction of the Board of Health, for each case showing any symptoms of the disease.

Through the assistance of the Kiwanis Club and other organizations we were able to accomplish many nose and throat corrections.

The nurse assisted the following school physicians and dentist during examination sessions and the clinics:

Dr. L. E. Willard—Board of Health—Immunization

Dr. D. Skillings—School Physician

Dr. Theresa LaFontaine—Dentist

510 Children were weighed and measured.

569 Children were given vision tests (this includes re-tests).

242 Children were inspected by the nurse.

497 Children were examined by the physician (5 were re-examined).

436 Children were examined by the dentist.

The following defects and corrections were noted:

Defects		Corrections	
Eye	7	Eye	1
Vision	48	Vision	8
Hearing	11		
Ears	1	Ears	1
Throat	60	Throat	29
Glands	6		
Lungs	7	Lungs	7

Nutrition	1		
Eye (conjunctivitis)	13	Eye (conjunctivitis)	13
Skin (impetigo)	14	Skin (impetigo)	14
Hair (pediculosis)	7	Hair	7

T. B. suspects and contacts were X-rayed, tested and examined by Dr. Estes Nichols (T. B. specialist) at the Webber Hospital. All were negative.

82 home visits were made to school children.

292 dressings and First Aid treatments were given at the school.

There were 6 sessions of the Toxoid and vaccination clinic. Dr. L. E. Willard, Clinician.

The annual Pre-school clinic was held as usual sponsored by the American Red Cross. In charge of the clinic were:

Dr. L. E. Willard

Dr. D. Skillings

Dr. T. LaFontaine

7 School

60 Pre-School

5 Infants

were examined and the defects found were as follows:

Eyes	2
Ears	3
Nose and throat	33
Glands	3
Heart	3
Lungs	2
General	
Nutrition	3
Skin	7

Eight students in the High School were awarded Certificates by the American Red Cross, Washington, D. C., as having successfully completed courses in Home Hygiene, Care of the Sick, and First Aid. Fifty-five pupils qualified for 7 Point Health Awards.

Milk and hot lunches are being served as in previous years. They are financed by the Parent-Teachers Association. The new lunch room has been both servicable and convenient for the pupils.

I wish to express my sincere appreciation to the Superintendent and the Superintending School Committee, teachers, physicians, dentist, and organizations and associations for their cooperation in making possible this Health Program.

Respectfully submitted,

HARRIET E. FOSS, R. N.

## In Memoriam

---

Again it is our sad duty to record the deaths, during the past year, of three of our former elective Town Officers, two men and one woman, who for many years were estimable, honored and highly regarded citizens of Old Orchard Beach. For several years it has been the established custom to devote a page of our Town Report to the memory of those deceased persons, who have served their town devotedly, faithfully and worthily as town officials. This is a modest, but well-deserved, tribute to such public servants.

This year, we have to make appropriate mention of Ashley L. Tarbox, Clarence E. Cousens, Mrs. Jesse (Shackford) Gilpatrick. Mr. Tarbox, a member of C. Fayette Staples Post, American Legion, and of Old Orchard Lodge, No. 215, F. and A. M., rendered excellent service as Collector of Taxes.

Mr. Cousens, a son of former chief of police Jason Cousens, served efficiently in the office of Town Constable. He was descended, on both the maternal and paternal sides, from old native stock.

Mrs. Gilpatrick, a native of Saco, was the daughter of Mr. and Mrs. Granville Shackford, who were early residents of Evergreen Avenue, in the Campground district. Well educated and a former school teacher, Mrs. Gilpatrick was qualified admirably to serve as a member of the Old Orchard Beach School Committee.
