INDEPENDENT AUDITORS' REPORT

September 10, 2013

Town Council
Town of Old Orchard Beach
Old Orchard Beach, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11 and budgetary comparison information on page 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Old Orchard Beach, Maine's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10 2013, on our consideration of the Town of Old Orchard Beach, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in considering the Town of Old Orchard Beach, Maine's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

(UNAUDITED)

The following management's discussion and analysis of Town of Old Orchard Beach, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2013. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Old Orchard Beach's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government—wide financial statements include the following two statements:

The Statement of Net Position – this statement presents *all* of the government's assets and liabilities with the difference being reported as net position.

The Statement of Activities – this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have separate columns for the two different types of town activities. The types of activities presented for the Town of Old Orchard Beach are:

- Governmental activities The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the Town's basic services are reported in governmental activities, which include general government, public works, sanitation, recreation culture and agencies, education, health and welfare, other.
- Business-type activities These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the Town of Old Orchard Beach include the Ballpark fund.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Old Orchard Beach, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Old Orchard Beach can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government—wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Old Orchard Beach presents two columns in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "Nonmajor Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Proprietary Funds: The Town of Old Orchard Beach maintains one proprietary fund, the Ballpark fund. These funds are used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Cash Flows – Proprietary Funds.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position, and changes in net position of the Town's governmental activities. The Town's total net position for governmental funds was \$16.7 million compared to \$15.2 million in the prior year, an increase of \$1.5 million. For the business-type activities total net position was \$268,434 as compared to \$285,474 in the prior year, a decrease of \$17,040.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was \$6.3 million at the end of this year for governmental activities and \$(21,237) for the business-type activities.

Net Position - June 30	\$ 16,697,772	\$ 15,166,631	\$ 268,434	\$ 285,474		

Revenues and Expenses

Revenues for the Town's governmental activities decreased by \$350,293, while total expenses decreased by \$70,618. The biggest decrease in expenses was in capital outlay and general government while the biggest decrease in revenues was in miscellaneous revenue and charges for services.

Expenses for the Town's proprietary funds were consistent, as the only item of expense was depreciation.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

Table 3
Town of Old Orchard Beach, Maine
Fund Balances - Governmental Funds
June 30,

	2013	2012
Major Funds:		
General Fund:		
Nonspendable	\$ 28,595	\$ 20,272
Unassigned	4,562,269	 4,867,816
Total Major Funds	\$ 4,590,864	\$ 4,888,088
	 _	
Nonmajor Funds:		
Capital project funds:		
Restricted	\$ 1,603,955	\$ 2,251,529
Committed	688,026	-
Assigned	2,526	805
Unassigned	-	(560,820)
Special revenue funds:		
Restricted	24,978	15,837
Committed	1,024,325	 849,867
Total Nonmajor Funds	\$ 3,343,810	\$ 2,557,218
	 •	

The general fund total fund balance decreased by \$297,224 from the prior fiscal year. The non-major fund balances increased by \$786,592 from the prior fiscal year. The general fund decreased mostly due to the utilization of fund balances. The increase in non-major funds was due mostly to transfers in.

Proprietary funds: The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The ballpark fund had an operating loss of \$17,040.

Budgetary Highlights

There were significant differences between the original and final budget for the general fund. These differences were budget adjustments done by the Town for special town meetings or adjustments between departments as well as use of unassigned and assigned fund balances.

The general fund actual revenues exceeded the budget by \$355,241. This was a result of all revenues being receipted over budget with the exception of intergovernmental revenues.

The general fund actual expenditures were under the budget by \$434,510. The following expenditures were under budget which accounts for most of the balance:

Sanitation \$166,432 Education 111,654 Public Safety 103,892

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2013, the net book value of capital assets recorded by the Town increased by \$176,933. The increase was caused by capital additions of \$1,524,053 primarily resulting from the construction projects less current year depreciation of \$1,233,547 and less net disposals of \$113,573 Refer to Note 4 of Notes to Financial Statements for additional information.

Table 4
Town of Old Orchard Beach, Maine
Capital Assets (Net of Depreciation)
June 30,

	 2013	2012
Land and improvements Buildings and improvements Machinery and equipment Vehicles Infrastructure	\$ 925,075 4,850,717 1,526,271 1,158,716 8,929,138	\$ 942,115 4,987,687 1,488,725 1,374,001 8,420,456
Construction in progress	731,814	731,814
Total	\$ 18,121,731	\$ 17,944,798

Debt

At June 30, 2013, the Town had \$8.7 million in bonds outstanding versus \$9.8 million last year, a decrease of 11.7%. Other obligations include capital leases payable, accrued landfill costs, accrued vacation and sick time and accrued other post-employment benefits. Refer to Note 5 of Notes to Financial Statements for more detailed information.

Economic Factors and Next Year's Budgets and Rates

The Town has steadily maintained a sufficient unassigned fund balance to sustain government operations for a period of approximately two months, while also maintaining significant reserve accounts for future capital and program needs.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Finance Department at 1 Portland Road, Old Orchard Beach, Maine 04064.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Old Orchard Beach was incorporated under the laws of the State of Maine. The Town operates under the council-manager form of government and provides the following services: general government services, town services and public safety, public works, health and welfare, community services, planning and development, insurance and employee benefits, waste management, education, and other.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so.

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statement No. 39.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's Ballpark fund is categorized as a business-type activity. All other activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, public safety, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

<u>Measurement Focus - Basic Financial Statements & Fund Financial</u> <u>Statements</u>

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.

2. Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Non-operating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the Town:

a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. A meeting of the Town Council was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
- 3. The budget was adopted subsequent to passage by the Town Council.
- 4. The Town does not adopt budgets for Special Revenue Funds.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

The Town of Old Orchard Beach has no formal investment policy but instead follows the State of Maine Statutes. They are in the process of adopting a more detailed investment policy.

Inventories

Inventories consist of expendable supplies held for consumption and are valued at cost. Under the consumption method, the costs of inventory items are recognized as expenditures when used. In the general fund, inventory consists of vehicle fuel and trash bags.

Interfund Receivables and Payables

Any residual balances outstanding between governmental activities and businesstype activities are reported in the governmental-wide financial statements as "internal balances". Interfund balances and transactions have been eliminated in the governmentwide financial statements.

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allowance for Uncollectible Accounts

The allowance for uncollectible accounts is estimated to be \$ 0 in the Ballpark Fund as of June 30, 2013. The General fund accounts receivable have been deferred and hence do not have an allowance account.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

Estimated useful lives are as follows:

Buildings 20 - 50 years
Infrastructure 50 - 100 years
Machinery and equipment 3 - 50 years
Vehicles 3 - 25 years

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of notes or bonds payable, landfill closure costs, compensated absences and other post-employment benefits costs.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

The Town's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation time. The liability for these compensated absences is recorded as long-term debt in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2013, the Town's liability for compensated absences is \$1,096,695.

Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components — nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings and/or the Town Council are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Town Council and/or management.

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Town is in the process of adopting a set of financial policies to guide the financial operation of the Town. Included in the policies will be guidelines for accumulating and maintaining an operating position in certain budgeted governmental funds such that annual expenditures shall not exceed annual resources, including fund balances. Other funds shall be fully self-supporting to the extent that the fund balance or retained earnings of each fund shall be zero or greater.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied August 1, 2012 on the assessed value listed as of April 1, 2012, for all real and personal property located in the Town. Taxes were due in two installments on September 19, 2012 and March 20, 2013. Interest on unpaid taxes commenced on September 20, 2012 and March 21, 2013, at 7% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$19,578 for the year ended June 30, 2013.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (grant income/expenses).

Operating/Non-operating Proprietary Fund Revenues

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to that fund.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town utilizes encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - CASH AND INVESTMENTS

Deposits:

State statutes require that all investments made by the Town consider the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

At June 30, 2013, the Town's cash balance of \$5,214,189 was comprised of deposits amounting to \$5,211,162. Of this amount, none was exposed to custodial credit risk and was either insured by federal depository insurance or collateralized with securities held by the pledging financial institutions in the Town's name.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

Account Type	Bank <u>Balance</u>
Checking account Sweep account Money market accounts	\$ 2,824,916 2,215,000 171,646
•	\$ 5,211,562

Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does not have a policy for custodial credit risk for investments.

At June 30, 2013, the Town had the following investments and maturities:

Investment Type	Fair Value	Less than 1 Year	1 - 5 Years	Over 5 Years
Certificates of deposit	\$ 3,303,917	\$ -	\$ 3,303,917	\$ -
	\$ 3,303,917	\$ -	\$ 3,303,917	\$ -

The Town seeks to minimize custodial credit risk by doing business with authorized institutions, depositories and broker/dealers. As such, the Town's investments of \$3,303,917 were not exposed to custodial credit risk and were fully insured by federal depository insurance.

Credit risk – Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does not have an investment policy on credit risk.

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a policy related to interest rate risk.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2013 consisted of the following individual fund receivables and payables.

	Receivables (Due from)	Payables (Due to)
General fund Special revenue fund Capital project fund Ballpark fund	\$ 21,237 976,732 2,294,507 - \$ 3,292,476	\$ 3,271,239 - - 21,237 \$ 3,292,476

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 5 - LONG TERM DEBT

The following is a summary of changes in the long-term debt for the year ended June 30, 2013:

	Balance, 7/1/12	 Additions	Deletions	Balance, 6/30/13	 Due Within One Year
Governmental activities:					
Bonds payable	\$ 9,840,000	\$ -	\$ (1,151,800)	\$ 8,688,200	\$ 618,040
Capital leases	272,964	189,716	(118,260)	344,420	118,083
Accrued landfill closure	102,000	-	(6,000)	96,000	6,000
Accrued compensated absences	991,166	105,529	-	1,096,695	-
Other post-employment benefits	227,227	-	 -	227,227	 -
Total governmental activities	\$ 11,433,357	\$ 295,245	\$ (1,276,060)	\$ 10,452,542	\$ 742,123

Payments under landfill closure costs have been made by the general fund. Accrued compensated absences typically have been liquidated in the general and other governmental funds.

The following is a summary of outstanding governmental funds bonds payable:

Bonds Payable:	 overnmental Activities
\$7,520,000, 2003 General Obligation Bond, due in varying annual principal installments. Interest varies from 3.00% to 3.75%. Maturity in November, 2014.	\$ 1,875,000
\$4,100,000, 2009 General Obligation Bond financed with Maine Municipal Bond Bank, due in varying annual principal installments. Interest varies from 2.165% to 5.575%. Maturity in November, 2028.	3,240,000
\$1,200,000, 2009 Sewer Revolving Loan Fund financed with Maine Municipal Bond Bank, due in annual principal installments of \$60,000. Interest is stated at 1.320% per annum. Maturity in November, 2028.	960,000

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 5 - LONG TERM DEBT (CONTINUED)

Total Bonds Payable

\$1,625,000, 2010 General Obligation Bond financed with Maine Municipal Bond Bank, due in annual principal installments of \$125,000. Interest varies from 4.470%

The following is a summary of outstanding governmental capital leases payable:

Capital Leases Payable:

Total Capital Lease Payable	\$ 344,420
The Town leases copiers under a non-cancelable lease agreement. The term of the lease is for a five year period expiring in August of 2017. Annual payments are \$10,791.	50,541
The Town leases a John Deere excavator under a non-cancelable lease agreement. The term of the lease is for a five year period expiring in September of 2015. Annual payments are \$24,872.	70,352
The Town leases public works equipment under a non-cancelable lease agreement. The term of the lease is for a five year period expiring in February of 2016. Annual payments are \$28,674.	81,107
The Town leases a Camel Vac-Truck under a non-cancelable lease agreement. The term of the lease is for a seven year period expiring in September of 2013. Annual payments are \$34,399.	32,705
The Town leases a public works truck under a non-cancelable lease agreement. The term of the lease is for a five year period expiring in January of 2017. Annual payments are \$29,460.	\$ 109,715

The following is a summary of outstanding capital lease requirements for the following fiscal years ending June 30:

2014	\$ 128,196
2015	93,797
2016	93,797
2017	40,251
2018	10,791
Total minimum lease payments	366,832
Less: Amount representing interest	(22,412)
Present value of future minimum lease payments	\$ 344,420

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 5 – LONG TERM DEBT (CONTINUED)

All bonds payable and capital leases payable are direct obligations of the Town, for which its full faith and credit are pledged. The Town is not obligated for any special assessment debt. All debt is payable from taxes levied on all taxable property within the Town.

NOTE 6 – OVERLAPPING DEBT

The Town is responsible for its proportionate share of debt for the Regional School Unit, County and Transit Committee it belongs to. As of June 30, 2013, the Town's share was as follows:

	OutstandingDebt		Town's Percentage	Total Share	
RSU #23 County of York Transit Committee	\$	3,241,665 8,900,000 489,063	34.41% 5.02% 33.33%	\$ 1,115,457 446,780 163,021 1,725,258	

NOTE 7 – NONSPENDABLE FUND BALANCES

The Town has the following nonspendable fund balances at June 30, 2013:

Inventory	\$ 28,595
	\$ 28,595

NOTE 8 - RESTRICTED FUND BALANCES

The Town has the following restricted fund balances at June 30, 2013:

Nonmajor special revenue funds	\$	24,978
Nonmajor capital projects funds	1,6	03,955
	\$ 1,6	28,933

NOTE 9 - COMMITTED FUND BALANCES

The Town has the following committed fund balances at June 30, 2013:

Nonmajor special revenue funds	\$ 1,024,325
Nonmajor capital projects funds	688,026
	\$ 1,712,351

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 10 - ASSIGNED FUND BALANCES

The Town has the following assigned fund balances at June 30, 2013:

Nonmajor capital projects funds

\$ 2,526

NOTE 11 - JOINT VENTURES

The Town is a member of the Biddeford - Old Orchard Beach — Saco Transit Committee. This was established in March of 1978. The purpose of the committee is to provide assistance to public mass transportation. The committee is authorized to enter into contracts and receive grants. The member towns pay an equal proportionate share of any needed funds in each budget year, after being approved by the majority of each Town Council. The Committee's fiscal year is January 1 through December 31. All property acquired and any related obligations will be allocated equally for each member Town.

NOTE 12 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town either carries commercial insurance, participates in a public entity risk pool, or is effectively self-insured. Currently the Town participates in a public-entity and self-insured risk pool sponsored by the Maine Municipal Association.

Based on the coverage provided by the pools described above, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2013.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 13 – DEFINED BENEFIT PENSION PLAN

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

A. Plan Description

Town employees contribute to the Participating Local Districts (PLDs) Consolidated Plan, a cost-sharing multiple-employer defined benefit pension plan administered by the Maine Public Employees Retirement System. The PLDs Consolidated Plan provides retirement and disability benefits and death benefits to plan members and beneficiaries. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the PLD's Consolidated Plan Board of Trustees. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for PLDs Consolidated Plan. That report may be obtained by writing to Maine Public Employees Retirement System, 46 State House Station, Augusta, Maine 04333 or by calling (800) 451-9800.

B. Funding Policy

The contribution requirements of plan members and the Town are established and may be amended by the PLD's Consolidated Board of Trustees. The Town's police department employees hired before October 12, 1992 are part of the PLD's special plan "1C" and are required to contribute 6.5% of their annual salary, police department employees hired on or after October 12, 1992 are part of the PLD's special plan "3C" and are required to contribute 8.0% of their annual salary, fire department employees are part of the PLD's special plan "2C" and are required to contribute 6.5% of their annual salary, while all other employees are part of the PLD's plan "AC" and are required to contribute 6.5% of their annual salary. The Town is required to contribute 10.2% of special plan "1C" members' covered payroll, 8.3% of special plan "3C" members' covered payroll, 6.3% of special plan "2C" members' covered payroll and 4.4% of the plan "AC" members' covered payroll annually to the system along with a predetermined initial unpooled unfunded actuarial liability (IUUAL) rate set by the system. The IUUAL can either be a monthly payment or credit, which is added to or subtracted from the employer's percentage of employees' covered payroll to determine the employers actual cost. The Town's contributions for all plans for the years ended June 30, 2013, 2012, 2011 and 2010 were: \$279,982, \$137,271, \$165,041 and \$129,616, respectively.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 14 - DEFERRED COMPENSATION PLAN

The Town offers all its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Assets of the plan are placed in trust for the exclusive benefit of participants and their beneficiaries. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets are not included in the Town's financial statements.

NOTE 15 - EXPENDITURES OVER APPROPRIATIONS

The following warrant article lines were exceeded by actual expenditures:

Administration	\$ 81,015
Assessor	751
Building maintenance	3,862
Solid waste	4,883
Fire / rescue department	52,772
County tax	2,036
Interest	82,618
Total	\$ 227,937

NOTE 16 – LANDFILL CLOSURE AND POSTCARE COSTS

Under existing state law, Maine communities are required to close existing landfills under a state approved plan and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The Town presently has two landfills that have been closed under an approved plan and one additional landfill whose closure was completed during fiscal year 1998. The only additional costs that remain are post-closure care costs on all three landfills. The estimated remaining post-closure care costs at June 30, 2013 are \$102,000, which would include two mowings of each site during the year and well monitoring. The amount has been accrued in the entity-wide financial statements and is being amortized over 30 years at \$6,000 per year, as it is not expected that any of these costs will be funded with current financial resources. The actual cost of post-closure care may be higher due to inflation, changes in technology, engineering estimates, or changes in landfill laws and regulations.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

NOTE 17 - CONTINGENCIES

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

Required Supplementary Information

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 10, 2013

Town Council
Town of Old Orchard Beach
Old Orchard Beach, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Old Orchard Beach, Maine's basic financial statements and have issued our report thereon September 10, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Old Orchard Beach, Maine's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, and not for the purpose of expressing an opinion on the effectiveness of the Town of Old Orchard Beach, Maine's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Old Orchard Beach, Maine's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, material weaknesses and may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be a material weakness (2013 -1 through 2013 - 4).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Old Orchard Beach, Maine's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the Town of Old Orchard Beach, Maine in a separate letter dated November 5, 2013.

The Town of Old Orchard Beach, Maine's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Town of Old Orchard Beach, Maine's response and, accordingly, we express no opinion on it.

Purpose of this report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWN OF OLD ORCHARD BEACH, MAINE SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2013

The following findings are related to the financial statements of the Town of Old Orchard Beach, Maine in accordance with GAGAS.

FINDINGS - FINANCIAL STATEMENT AUDIT

CONTROL DEFICIENCIES – MATERIAL WEAKNESSES

<u>2013-1</u>

At the time of audit fieldwork, bank reconciliations for the Town were incomplete and had not been signed, dated or reviewed. In addition, there were cash adjustments approximating \$88,000 that had not been posted. These adjustments were subsequently addressed by audit completion. We consider the reconciliation process and subsequent review to be a material control in preventing errors and reducing risk and crucial to the processing of accurate financial information for the Town. We recommend that the Town's management implement procedures to ensure reconciliations are prepared, dated, reviewed and signed by the preparer as well as the independent reviewer. We also recommend that all bank accounts are reconciled within 21 days of month's end.

Management Response:

Management agrees with the material weakness as stated in 2013 - 1, however the ability to address the material weakness that occurred through FY 12 will continue into FY 13 based on the date of hire of the new Finance Director which was December 2012. The Finance Director has established guidelines for timely monthly bank account reconciliations as recommended and expects to have it fully implemented for the fiscal year 2014.

<u>2013-2</u>

During our audit for the above mentioned year the Town had unspent bond proceeds that had been procured for multiple capital projects. A certain capital project funded by the bond had been overspent by a considerable amount, leaving insufficient funds for remaining projects. We recommend that the Town address this overdraft issue as well as enhance its future fiscal and contract policy management to include proper monitoring and tracking of all capital and other projects. Any future projects should be monitored to an extent that any significant change in cost should be addressed before costly overruns happen. In addition, we believe the Town's finance department should continue to be actively involved throughout the process to protect not only protect the Town's investment but also to address any potential compliance issues.

TOWN OF OLD ORCHARD BEACH, MAINE SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2013

CONTROL DEFICIENCIES – MATERIAL WEAKNESSES (CONTINUED)

Management Response:

Management agrees with the material weakness as stated in 2013 – 2, however the ability to address the material weakness that occurred well before FY 2012 continued into FY 13 based on the date of hire of the new Finance Director which was December 2012. The Finance Director will work to ensure any future capital projects are monitored and a monthly reconciliation is completed to ensure compliance to procurement and contract policies to ensure budget overruns do not happen.

2013-3

While performing the audit for the above mentioned year, we noted that many of the Town's grants are accounted for in the general fund among departmental operations. Segregating grant activity in many instances was difficult. In addition, review of grant activity by management was lacking. Continuation of these practices may result in certain grant administration issues going undetected, reducing grant performance and the potential for questioned costs. We recommend that the Town's Administration establish and implement sound grant management procedures. Some improvements to consider are: authorization of all grants through the Council; reconciliation of grant activity to financial records on a periodic basis; no posting revenues against expenditures; training for grant administrators; reviews by Town management of grant activity including a financial summary of all Town grants and presentation of grant activity to the Town Council at least twice a year.

Management Response:

Management agrees with the material weakness as stated in 2013 – 3, however the ability to address the material weakness that occurred in FY 12 will continue into FY 13 based on the date of hire of the new Finance Director which was December 2012. The Finance Director will work to segregate grant activity in the general ledger and establish grant management procedures that includes reporting procedures, to ensure sound grant practices. Management expects to have these implemented in full for the FY 14 fiscal year.

TOWN OF OLD ORCHARD BEACH, MAINE SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2013

CONTROL DEFICIENCIES – MATERIAL WEAKNESSES (CONTINUED)

2013-4

Budget Adjustments / Transfers

We noted during our audit that there were numerous budget adjustments and transfers done subsequent to the adoption of the budget. There was no system in place to monitor or track the authorization or posting of these changes. We recommend that procedures be implemented to ensure that any and all budget modifications or transfers are presented to Council for authorization and maintained to allow for reconciliation to the financials.

Management Response:

Management agrees with the material weakness as stated in 2013-4, however as of January 2013 procedures were developed to coordinate and track all budget adjustments done subsequent to the budget adoption. The process provides the ability to monitor and document proper authorization by Town Council.
