DEDICATION TO:

**VETERAN'S MEMORIAL PARK
FLAG CEREMONY**

The Town Council honors those involved in the Veteran's Memorial Park Flag Raising Ceremony with eternal thanks to those who have served our country and are remembered in this fashion.

During the winter months of 2010 and 2011, a group of individuals came together with an idea to honor Veterans each night at Veteran's Memorial Park. Starting in 2011 from Memorial Day to Labor Day, a flag raising ceremony has been held nightly at 6:00 p.m. to honor a deceased Veteran.

It is a time when family or friends of a deceased veteran requests a night for their loved one to be remembered and they assist with the music and in the planning of the ceremony itself. The family of the honored Veteran may bring their own flag to raise at the nightly service and then take it back as a remembrance of the evening's celebration of a life. We know that the flag has fifty stars but many families will bring flags with 48 or 49 stars significant that their loved one served their country so many years ago.

Generally after the welcoming introduction the flag is raised to our "National Anthem" and then a biography of the Veteran is read. This could include their branch of service, military rank, and awards received, along with any other information the family would like to share. Next would be played the theme song from the Veteran's branch of service.

The flag is then lowered to half-staff at which time taps is played to honor and remember the Veteran as well of those who have served our country so well. Lastly, the flag is raised backup to full staff while the last song is played. The family may request the Veteran's personal favorite or a patriotic song. Prior to the passing of Lucien Huot, he would attend the ceremonies and would sing so beautifully our "National Anthem" or "God Bless America." Both of these songs by Lucien were recorded and used frequently.

Special recognition should be given to Dennis Robillard who, through the months, has followed through on arrangements and has also taken the responsibility of lowering or raising the flags throughout the town' property when events call for it.

"But the freedom that they fought for, and the country grand they fought for, is their monument to-day and for aye."

SHAWN O'NEILL
CHAIR – TOWN COUNCIL

The Town Council of November 2014 to November 2015 included Vice Chair Joseph Thornton, Councilors Kenneth Blow, Jay Kelley, and Michael Tousignant. This Council has shown the ability to work together as a team for the betterment of the community and those who elected us.

It has been a productive work year addressing issues related to taxes, infrastructure needs, updating of equipment of the various Town departments who service the needs of the community on a daily basis, dedication of the Edith Belle Memorial Library and the Recreation Department's Skateboard Park, the long-overdue upgrades to the outside of the Town Hall, and workshops dealing with issues requiring attention and ultimately requiring Town Council action.

I have always appreciated and respected the dedication and expertise of all those who willingly serve on Boards and Committees. To the Administration and each of the employees who serve us well, my personal thanks.

The Town Council pledges to serve you with dignity, respect, and with the desire to address all the issues that come before us with the importance they deserve and to see that our community continues to provide to all who choose to live here, a place of beauty and safety, and a place where your concerns are addressed professionally and in a timely manner.

President Jimmy Carter said it well: "Each of us must rededicate ourselves to serving the common good. We are a community. Our individual fates are linked; our futures intertwined; and if we act in that knowledge and in that spirit together, we can move mountains."

Back Row: Vice Chair Joseph Thornton
Middle Row: Councilor Kenneth Blow & Councilor Jay Kelley
Front Row: Councilor Michael Tousignant & Chair Shawn O'Neill

**OLD ORCHARD BEACH
TOWN COUNCIL**

LARRY S. MEAD TOWN MANAGER

We are so fortunate to live in a place of breathtaking beauty, enveloped by the sound, smell and sight of the sea. Those of us who live here have made the choice to make it our home, whether for all or part of the year, and in so choosing we are united in community, with an individual responsibility to each do our part to take care of it.

The Town continues to experience robust residential growth with 65 new single or two family residential structures added over the twelve-month period ending June of 2015. That, along with a significant volume of building permits for renovations and additions, contributed to more than a 1% growth in the Town's valuation in the most recent fiscal year.

Investing in and preserving the Town's infrastructure is a fundamental responsibility of your local government. Like most of you we have many more needs and wants than our resources permit doing. This past year there were a number of noteworthy projects to highlight. Our renovated and expanded library is bright and airy and oh so much more pleasant to be in. Make it a point to stop by and see it. Town Hall is such a prominent landmark in the downtown. I am extremely proud that the long-needed updating of the siding and windows is completed and the building stands tall and proud once again. Congratulations to the Recreation Department for managing the development of a unique and challenging skate park located on the entry road to the Ballpark. Finally the intersection at Saco Avenue and Union Avenue was rebuilt in a project managed by the State but funded with 40% local property tax dollars. Credit is due the Town Council for moving forward with the funding. While the new signal arms remain to be installed in the spring of 2016 the improvements are very noticeable already at this important crossroads.

Change is in the air at the Fire Department under new Fire Chief Rick Plummer. The Department in 2015 began year-round staffing of a second ambulance. While of course improving emergency medical response time for our residents this also, because all personnel are both firefighters and EMT's, provides for additional manpower in responding to fires, which was desperately needed.

Renovation and modernization of subsidized senior residential housing at The Pines in Ocean Park is underway in 2015 thanks to a partnership between the Town of Old Orchard Beach and the Pines management company. The Town was able to provide property tax investment incentives to investors while at the same time increasing the amount of annual payments to the Town by the Pines, a true win-win scenario.

The Town Council and town staff worked long and hard to develop ordinance changes that regulate non-residential medical marijuana growing facilities in Old Orchard Beach in order to support safe and compatible development and operation. The Town Council also adopted new policy guidelines related to tax acquired property that will help to ensure that the Town does not inadvertently acquire property that will become a financial burden to its taxpayers.

My sincere thanks and appreciation to all who serve this Town, those who volunteer on boards and committees, who serve in elected office, and who work as dedicated employees. I thank the Town Council and all Old Orchard Beach residents for the privilege and opportunity to serve as your Town Manager.

*V. Louise Reid
Assistant Town Manager*

I took this position of Assistant Town Manager in December of 2003; never expecting to be here in 2015. My contentment in what I do makes this a gift.

It has been said: "The SUN challenges us to SHINE; the CLOUDS remind us to MOVE; the BIRDS tell us we too can FLY; and the SKY tells us that there is no limit to our DREAMS and GOALS."

Our community continues to grow with many choosing the Town of Old Orchard Beach as their home - recognizing that it can bring simplicity which is so often elusive; those who have lived here their whole lives cherish a quiet life in a beautiful town with the "possibility of being useful to whom it is easy to do good."

Our municipality has the benefit of good leadership; employees committed to what they do; and outstanding citizens who have a mission in life which they share with each other and with civic virtue. Our future is as good as our commitment to serve. I thank the citizens of my community for their support, encouragement and genuine care.

I love the words of Helen Keller - "Joy is the holy fire that keeps our purpose warm and our intelligence aglow." I pledge to you individually, to the Town Council, and to the Administration, my continued commitment to work hard with dedication and effort focused on the Town's continual growth.

HUMAN RESOURCES
2015 Annual Report
Fran Beaulieu, Human Resource Manager

Mission Statement

“The Human Resources Department will attract and retain qualified, productive, motivated and dedicated employees who will provide efficient and effective services to the citizens. The Town recognizes that the Town’s employees are a considerable resource that requires investment to ensure that we have the talents and skills needed to meet the needs of the Town.”

Scope

The Town employs 85 full time employees and a varying number of part-time and seasonal employees, ranging from 50 to 200, across 12 departments. Each department has a unique mission and unique functions, processes, and legal and organizational requirements, but all share a unifying overall goal of quality service delivery to Old Orchard Beach citizens. Our employees represent a cross section of the greater community, and we believe that our employees are the Town’s greatest asset.

This was a busy year with hiring over 100 seasonal staff (consisting of new and returning: Police Reserve Officers, Parking Enforcement Officers, Lifeguards, EMTs, Recreation Counselors, Beach Cleaners, Public Works Laborers and Election Workers). Two full time new hires: Ben Quiram, Wastewater; and Pamela Given, Assessing Department. We also hired an Interim Public Works Director, Marc Guimont.

We promoted 3 employees to full time: Michael Mizzoni, Police Department; Brian Pratt, Police Department; and John Leighton, Town Clerk’s Office.

We also had 3 employees retire this year: Beth Gilman, 12 years of service, William Robertson, 5 years of service, and Kathleen Fuente, 10 years of service. We thank them for their service to the community.

Responsibilities

- Employee Recruitment
- Employee Relations
- Development & Implementation of Personnel Policies
- Compensation
- Contract Negotiations
- Risk Management
- Training
- Terminations
- Retirements
- Employee Benefits
- Risk Management
- Internal Administration of Worker’s Compensation

The Town employees include a non-unionized workforce that make up our senior management staff, administrative personnel, and part-time/seasonal staff that is governed by our Personnel Policy. The balance of the full time workforce is unionized and is governed by their respective collective bargaining agreements.

Four Separate Bargaining Units Represent Union Employees

Maine Association of Police	Police Command & Patrol Employees
International Association of Firefighters	Firefighters/EMTs/Paramedic Employees
American Federation of States, County, & Municipal Employees	Public Work’s Employees
Old Orchard Beach Wastewater Association	Wastewater Treatment Plant Employees

Federal & State Mandates

Many Federal and State laws affect the work of the Human Resources department, such as But not limited to, the Maine and Federal Family Medical Leave Acts, the Fair Labor Standards Act, the Americans with Disabilities Act, the State Workers Compensation laws, and multiple state laws covered in Title 26 of the Maine Revised Statues. The Town is an Equal Opportunity Employer. Job opportunities are listed on the Town’s website, Jobs in Maine and the Maine Municipal Association website.

TOWN CLERK

To the Citizens of Old Orchard Beach

I am truly honored to provide you with information about the activities of the Town Clerk's Office.

The Office of the Town Clerk is responsible for all the records of the town, including all birth, death and marriage records, issuance of marriage licenses, all meeting minutes from the Town Council, as well as all boards appointed by the Town Council. This Office is also responsible for Elections, hunting and fishing licenses, horse permits, as well as dog licenses, and parking permits.

The breakdown of licenses issued are as follows:

Dog Licenses	Parking Permits	Hunting/Fishing Licenses	Non-resident Hunting & Fishing Licenses
1,063	306	323	7

This year the Town Clerk's Office recorded 62 births, 114 deaths and 88 Marriages.

Sadly, we have lost many residents that have contributed to our community and too many other civic organizations.

June 29	Nancy Wells Jackman	83	Scarborough
June 30	Viola Stacia Margarones	81	Biddeford

Every year we lose residents that have contributed greatly to our community. Sadly, this year, we lost the following residents: Jerome LePelletier was an English teacher at the high school for 8 years, and then principal for the next 17 years, retiring in 1980. Also, in the 1950's and 60's, he was on the Town's Budget Committee, a Ballot Clerk, a member of the Planning Board, and in the 70's he was on the Creative Arts Council; James "Phil" Denison was a great asset to several committees, including the Zoning Board of Appeals from 2007 until his illness, as well as a member of Comprehensive Plan Committee and the Saco Bay Project Committee; Gloria Schwickrath was a valued Ballot Clerk from 2007 until her illness—being a joy to work with; Ruby Joyce was the Chair of the Community Garden; Joseph Mokarzel has a long list of accomplishments in Old Orchard Beach, including being a Town Meeting Member, Assistant Assessor, a member of the Zoning Board of Appeals, being on the School Committee, Park Commissioner, Finance Committee, appointed as a private police officer by the Public Safety Commission and then being elected to the Town Council in the 1970's, 1980's and 1990's, being chosen Chair by the Town Council on several occasions; Carolyn LaChance was a Ballot Clerk from 2008 until her illness, again, another valued asset to the Election process; Clayton "Eddie" Sargent was a Captain on the OOB Fire Department Call Force for several years, retiring as Deputy Chief of the Call Force after 29 years of service; Alfred "Dave" Perkins was appointed by the Public Safety Commission as a Private Police Officer in the 1980's, and was also a member of the Civil Service Commission in the 1980's and 1990's until the Civil Service Commission was abolished by Town vote in 1994; Paul Brady, another teacher at the high school, taught from 1962-1986, and was also a member of the Town's Recreation Committee in 1969 and the Bicentennial Committee in 1974; Ellen Couri was a Ballot Clerk from the 1960's to the 1980's; Emile Aube was an Assistant Deputy Clerk in the 1980's, a ballot clerk from the 1980's until his illness (a ballot clerk for over 32 years—that is dedication to the Election process), and a member of the Zoning Board of Appeals in the 1970's; Nancy Jackman was a Ballot Clerk from the 1970's until the 1990's, another dedicated resident to the Election process. Nancy was also a member of the Roads and Sidewalks Committee in the 1970's and a member of the Beautification Committee in 1991; and Alys "Arlene" Lebreton, who was the Deputy Town Clerk for Town Clerk Maureen O'Leary, from 1993 to 2000.

This year we had three elections. The first was July 15th, 2014, which was the RSU #23 Budget Validation Referendum, which had failed on June 10th. There were 402 voters, and the budget passed 254 to 148. The next election was on November 4th, 2014, with 4,331 voters participating. Voters voted for one member of the Town Council for two years (Michael Tousignant), one member of the RSU #23 Board of Directors for three years (Michelle Violette), a Town Clerk for two years (Kim McLaughlin), and a Charter Question on Conflict of Interest, Section 412 (passed 2980/522). On June 9th, 2015, there was a RSU #23 Budget Validation Referendum (passed 353/125) and a Town vote for a fire truck (passed 337/141), with 478 voters participating.

I always want to thank Jeffrey Thompson Jr. for his faithful service to the Town as Deputy Town Clerk. He has been here 15 years now, and his commitment to this community never waivers. I also want to welcome aboard Deputy Clerk John Leighton, who began in September.

If you would like to be on an e-mail distribution list for all Town Council agendas, please e-mail me at kmclaughlin@oobmaine.com and you will be added to the list, or please feel free to subscribe through the website at www.oobmaine.com.

Thank you to all the citizens of Old Orchard Beach for electing me as Town Clerk, and I continue to work hard and remain a friendly and useful source of information.

http://www.oobmaine.com/Pages/OldOrchardBeachME_WebDocs/Voter

POLLING LOCATION: OLD ORCHARD BEACH HIGH SCHOOL, 40 E. Emerson Cummings Blvd, Old Orchard Beach, ME 04064

POLLING HOURS: 8 AM TO 8 PM

SUBMITTED,

Warmest Regards,

Kim M. McLaughlin, Town Clerk and Voter Registrar

Report of the Assessor for FY'15:		
<u>April 1, 2014</u>		
Taxable Real Estate	\$	1,483,137,090
Taxable Personal Property		27,051,400
Homestead Exemption		9,176,950
Tax Exempt Property		55,400,900
Total Commitment to Tax Collector	\$	22,471,604.73
The Tax Rate for Fiscal Year 2014		.01488

The real estate market for Southern Maine properties, particularly for seacoast communities such as Old Orchard Beach, appears to have stabilized. The property assessments are well within the state standards when compared to the qualified sales. In FY'15, the assessing office reviewed hundreds of permits resulting in approximately \$18,250,200 of new growth. This was a net increase, after depreciation and other adjustments, in the total taxable valuation of \$14,657,840. The tax mill rate increased by \$1.08 to \$14.88 per \$1,000 of a property's assessment. It is interesting to note that 8.6% or \$1.28 of the \$14.88 mill rate is designated for operations of the wastewater department. In many cities and towns, this is a separate bill for homeowners, who are connected to the town wastewater system. The median assessment ratio (assessment ratio = assessment divided by sales price) is approximately 97% which means properties are being assessed on average at about 97% of their fair market value. This decrease of 2% from the FY'14 ratio indicates a continued rise in some areas of the local real estate market. The overall assessment to sales ratio remains below the fair market value, as of April 1, 2014.

Our focus has always been to provide the taxpayers/public with all the information necessary to make the best decisions on whatever situations are at hand. Transparency is the key. One of the challenges for assessing continues to be how we can better inform the taxpayers so they have a more complete understanding of the importance of the assessing office in maintaining a stable, fair, and equitable taxation base.

Our goal will continue to be to provide an equitable and accountable real estate based assessment program that is fairly administered as outlined in the State Statues governing property assessment. The assessment ratios will also continue to be in compliance with the standards for quality assessment as outlined by the International Association of Assessing Officers.

There are programs, such as the Homestead Exemption and Veteran Exemption, available to those residents who qualify, to help alleviate some of the tax responsibility. They are outlined on the Town's website and are also available at our office in the Town Hall. These forms are due in the Assessor's Office by April 1st in order to be applied to the next fiscal year.

George Greene – Assessor,
 Bill DiDonato - Deputy Assessor
 Pam Given – Administrative Assistant

Respectfully submitted,
 George Greene, CMA
 Old Orchard Beach Assessor

Report of the Town Planner

As your Town Planner, my primary responsibility is to coordinate growth and development in Old Orchard Beach through the administration of local, state, and federal laws, regulations, and ordinances. Some of my duties include responding to requests for assistance on land use development questions, reviewing development proposals and plans, production and implementation of the comprehensive plan, development and amendment of all local ordinances, economic development, oversight of code enforcement office activity, staff advisor for the Planning Board, Design Review Committee and Comprehensive Plan Committee.

Some highlights from 1 July 2014– 30 June 2015 (FY15):

- 1st draft of new Comprehensive Plan near completion (Scheduled to be complete Spring 2016).
- Planning Board activity continues to increase. FY15 was the busiest year for some time.
- New non-residential development increase including the first new building construction downtown in many years.
- Continued increase of new single-family home development.
- Largest amount of Business Licenses issued since the town developed the Business Licensing program.

The Planning and Codes Department is a key contact point for all development inquiries and economic development matters. The Department routinely answers citizen questions whether planning related or not. For planning, land development, ordinance development, comprehensive planning, economic development, and other town-related information please call (207) 934-5714 ext. 1517, email me at jhinderliter@oobmaine.com or stop by my office at town hall.

Planning Board.

The Planning Board is a 5 regular and 2 alternate member volunteer board appointed by the Town Council. The Planning Board responsibilities include, but are not limited to the review of subdivisions under State Subdivision Law and Old Orchard Beach Subdivision Ordinance, Site Plan Review, Conditional Use applications, Shoreland Zoning permits, and consideration of zoning and ordinance changes. If you would like more information about the Planning Board, you may contact Jeffrey Hinderliter at (207) 934-5714 ext. 1517; email me at jhinderliter@oobmaine.com.

Below is a comparison of Planning Board related activity between 1 July 2012 – 30 June 2013 (FY13) through 1 July 2014– 30 June 2015 (FY15):

FY13

*Subdivisions: **9**; *Site Plan: **10**; *Conditional Use: **4**; *Ordinance Work: **4**; *Design Certificates: **6**
*Lots/Units Added (Including Lodging & Campsites): **85**; *Nonresidential Sq. Ft. Added: **36,267**

FY14

*Subdivisions: **12**; *Site Plan: **11**; *Conditional Use: **10**; *Ordinance Work: **3**; *Design Certificates: **4**
*Lots/Units Added (Including Lodging & Campsites): **96**; *Nonresidential Sq. Ft. Added: **35,340**

FY15

*Subdivisions:13; *Site Plan:8; *Conditional Use:14; *Ordinance Work: 3; *Design Certificates: 13
*Lots/Units Added (Including Lodging & Campsites): 116; *Nonresidential Sq. Ft. Added: 23,905.

Below is a list of Site Plan Review, Subdivision, Conditional Use Applications, and Zoning Amendments considered by the Planning Board during FY15:

- Add 1 story to hotel. Temple Ave.
- Establish tattoo parlor. Ocean Park Rd.
- Add 9 campsites. Paradise Park.
- Remove existing building and construct 3-story retail and residential building. East Grand Ave.
- Create Private Way. Hemlock St.
- Construct 3 buildings for over-55 condos (10 units). Cider Hill.
- Construct an inn with 24 guestrooms. Dunegrass.
- Subdivision- 24 individual condo units. Dunegrass.
- Establish a Medical Marijuana research and production facility. Saco Ave.
- Discuss Future Land Use Plan with Comp Plan Committee.
- Establish child care facility. Pondview Rd.
- Construct commercial storage building. Vallee Lane.
- Subdivision- 32 residential lots. Portland Ave.
- Construct 4,320 sq. ft. retail building. Old Orchard St.
- Construct 6,200 sq. ft. retail building. Old Orchard St.
- Subdivision- 22 individual condo units. Dunegrass.
- Zoning amendment- Medical Marijuana.
- Zoning amendment- Tattoo Parlors
- Amend subdivision plan- sidewalk, road, lighting, and unit count changes. Castle Estates.
- Create Private Way. Castle Estates.
- Establish accessory dwelling unit. Temple Ave.
- Remove motel and replace with a new motel. Harrisburg St.
- Remove building and construct 3-story mixed use building. East Grand Ave.
- Remove building and construct 3-story apartment building. Dube St.
- 3-lot subdivision. Cider Hill.
- Establish accessory dwelling unit. Neptune Rd.
- Remove 2 detached residential units and replace with duplex. Puffin St.
- Amend plan to reconfigure and relocate cabins and associated parking. Saco Ave.
- Remove and replace 2 residential buildings. Brisson St.

The Planning Board members are Chair Eber Weinstein, Vice Chair Mark Koenigs, Win Winch, and Michael Fortunato. I feel very fortunate to have such a committed, hard-working group. Every month, the Planning Board holds a workshop on the first Thursday at 6:00 PM and a regular meeting on the second Thursday at 7:00 PM. Meetings are held at town hall in the Council Chambers.

Design Review Committee.

The Design Review Committee (DRC) is responsible for conserving the cultural architectural heritage of our town, providing technical design assistance to property owners, and promoting quality architectural design and historically sensitive building renovation as a means of sustaining economic vitality and stable property values. The DRC is responsible for reviewing and providing recommendations on exterior building/structure and property modifications, alterations, additions, new construction, and demolition within specific locations of town.

Design Review proposals FY13 – FY15. FY13 proposals: **10**; FY14 proposals: **19**; FY15 proposals: **14**. During FY15, the DRC considered the following proposals:

- Remove building and construct 3-story retail and residential. East Grand Ave.
- Replace windows and siding at town hall. Portland Ave.
- Construct 4,320 sq. ft. building. Old Orchard St.
- Construct 6,200 sq. ft. building. Old Orchard St.
- DRC discuss design review related ordinances.
- Façade improvements. West Grand Ave.
- Remove existing motel and replace with new motel. Harrisburg St.
- Remove existing building and replace with 3-story mixed use building. East Grand Ave.
- Remove existing building and replace with 3-story apartment building. Dube St.
- Streetscape improvements. Heath St.
- Construct/install parking lot, fence, lighting, ADA improvements. Portland Ave.
- Discuss Museum in the Streets.
- Remove and rebuild 2 residential buildings.

Like the other boards and committee's I work with, the DRC works hard to improve the town and I'm very thankful to have such committed volunteers. The DRC members include Chair Don Comoletti, Kim Schwickrath, Ray Deleo, and Mark Lindquist. The DRC meets on the First Monday of each month, 6:00 PM in the Council Chambers.

Comprehensive Plan Committee

A comprehensive plan is the adopted official binding document for future development and conservation. The plan sets forth goals; analyzes existing conditions and trends; describes and illustrates a vision for the physical, social and economic characteristics of Old Orchard Beach in the years ahead; and outlines policies and guidelines intended to implement that vision.

Comprehensive plans address a broad range of interrelated topics in a unified way. The planning process provides a chance to look broadly at programs including housing, economic development, public infrastructure and services, natural resources, demographics, local history, recreation, and land use and how they relate to each other. One of the most important functions of a comprehensive plan is to provide valuable guidance to those in the public and private sector as decisions are made affecting the future quality of life of current and future residents, business owners and visitors and the natural and built environment in which they live, work, shop, recreate, and enjoy.

A comprehensive plan serves as a guide for how a town will grow. The Old Orchard Beach Comprehensive Plan Committee looks forward to the future and thinks about what kind of growth is

appropriate, where it should take place, what special assets need protection—in short, what kind of a town and way of life Old Orchard Beach citizens, businesses and visitors want for the years to come. A plan is essential if the town is to encourage growth in constructive ways.

A majority of the Committees work during FY15 was associated with the development of the Future Land Use Plan (FLUP). Below is an example of one of the Committee's FLUP exercises. The feedback received from these questions will be used to create the FLUP.

- Identify Growth and Rural Areas (see State Review Criteria, Section 4. Future Land Use Plan, "Review Criteria for Future Land Use Plan Designations").
- Since OOB does not have much land area and much is built out, how should we plan for the future in regards to the built environment.
- When thinking of current and future development, what makes sense? What is realistic?
- How can/should we address future land use in regards to technology changes, climate change, etc. (things that we can't necessarily control).
- What is OOB's image/identity? Regarding land use and zoning, how can we use this to enhance, encourage and protect this image?
- If you were to leave today and come back in 10 years, what would you like to see? Not like to see?
- What type of land use is desirable? Undesirable?
- What have been OOB's land use trends? How has the town evolved?
- What are our land use goals for the next ten years (and beyond). What do we seek to achieve/become?
- Regarding current zoning ordinances, what is working? What is not working?
- What is your definition of "quality of life" as it relates to land use in OOB?
- What is OOB's image/identity? Regarding land use and zoning, how can we use this to enhance, encourage and protect this image?

The Comprehensive Plan Committee is a committed group of hard working residents and the progress we've made is due to their efforts. We expect the first draft of the comprehensive plan to be complete during the Spring of 2016. Committee members include Chair Lou Valentine, Win Winch, Jason Webber, Jean Leclerc, and John Bird. Also, we've had 2 non-members, Helene Whittaker and Pat Brown, who've been very helpful. The Committee calls meetings as needed and typically meets 1-2 times each month.

There is much exciting work the Planning and Codes Department will engage in during the next fiscal year. Creation and implementation of a new comprehensive plan, continued work to improve the code and planning functions and the establishment of an economic development office will certainly open our town up to new opportunities and improve the assets we have. I appreciate the incredible amount of time and effort from all Board and Committee members, the Council's support, the help and kindness from town staff, and the positive encouragement from the town's people.

Kind Regards,
JEFFREY HINDERLITER, Town Planner

Code Enforcement

Business Licensing

Flood Plain Coordination

The Town of Old Orchard is very fortunate to have the employees they have in the Codes Office. Val Camire and Kathy Smith are very dedicated to customer service and keep us all on schedule and moving ahead. In addition we utilize the services of Rodney Belanger as our Electrical Inspector, and William DiDonato as our Deputy Code Official. We all do the hundreds of inspections that are required by statute and our ordinances; and re-inspect each property as necessary. We are utilizing the services of Tim Nelson to do our J-1 Housing Inspections.

This year we saw an amazing amount of single-family dwellings being built with hundreds of electrical, building, remodeling and plumbing permits being approved for numerous projects.

We have been proactive in our attempts to make housing safe and decent for the citizens and guests we have here in the summer as well as our year-round population.

One priority we have undertaken is to inspect the housing for the International Students (J-1) who come to work at area businesses and stay with us during the seasonal months. Old Orchard has nearly 600 workers from all over the world that come here and we welcome them and want them to be housed in non-crowded, safe living quarters. Tim Nelson has been working for us exclusively in inspections of the many units that have been set aside for these students. We have come to appreciate the vast need for housing that will be used. While many will need upgrading as we go forward we are willing to assist the property owners with technical and code expertise.

Permit Totals July 1st 2014 – June 30th 2015

65 new residential structures (Includes 1 and 2 family dwellings)

Building Permits Total: 455
Total Building Permit Fees Collected: \$ 116,550.56

Sewer Permits total: 61
Total fees collected: \$203,409.00

Electrical Permits Total: 308
Total Fees Collected: \$20,508.36

Plumbing Permits:	172
Total fees collected	\$21,300.00

In addition to the Code Enforcement responsibilities I am also responsible for administration of the Business Licensing of all rentals for residential housing, apartments, and guest rooms as well as hundreds of small businesses. Kathy Smith does the day-to-day activities as the Administrative Clerk and she keeps an excellent track of all the semi-annual renewals for the Town.

An overview of the Licensing has been done by Kathy Smith and I will include it here as well:

Business Licensing

It was another busy year for Business Licensing. Between July 1st of 2014 and June 30th of 2015 approximately 151 business licenses were inspected and sent to the Town Council for approval. Licenses approved by Council during this time period included three new restaurants, a sandwich shop, ice cream shop, laundromat, parking lot, tattoo establishment, lots of seasonal and year-round rentals, smoke shop, retail stores, waste hauler, massage establishment, and even a new barbershop. Several existing businesses in Town began under new management or new ownership.

New to Old Orchard Beach were several food establishments including Zahares Market, Duffy's Tavern, The Shack, The Bulldog Café, Uptown O'Leary's, Fielder's Choice, Sip of Europe & Jungalicious. For retail there was Haute Shades, Pier Case & Corner's Surf Company. Other licenses included Sandcastle Inn & Motel, Good Shepherd Parish Parking, Big Sal's Smoke Shop, Little Miss Cottages Laundromat, My Hands for Your Healing (massage establishment), Prestige Barbershop, Good Evil Tattoo & Piercing & McCormick & Sons Waste Hauling. Several businesses began under new ownership or management including The Nautilus, Marcotte Motor Court, Surf 6, OOB House of Pizza, & Mr. Bill's Subs, Pizza & Seafood. We ended the fiscal year with approximately 1,606 Business Licenses.

The following is an approximate breakdown of what we had for Business Licenses:

Amusement Parks	1
Amusement Arcade	1
Auto Body Shops	2
Body Piercing Establishments	2
Campgrounds	9
Car Wash	1
Childcare	3
Coin-operated Devices	16
Games of Skill	1
Gas Pumps	3

Ice Cream Trucks	2
Junk Yard	1
Laundromats	16
Massage Establishment	2
Massage Therapists	4
Miniature Golf	3
Outdoor Displays	4
Parking Lots	23
Personal Service	16
Recreational Vehicle Sales	3
Rental of Merchandise	15
Retail	91
Seasonal Rentals	287
Service Stations	12
Sidewalk Cafe	2
Tattoo Establishments	2
Tow Trucks	2
Used Car Lots	4
Vending Machines	59
Victualers	139
Waste haulers	9
Year Round Rentals	1,073

Respectfully submitted

Kathy Smith

Floodplain Management

And finally, we also oversee the Floodplain Management for the community and have completed two ISO reviews since I first began working here. There are sure to be many changes to our current rating maps and this coming year will undoubtedly be as challenging as the past history has shown it to be.

I personally want to thank the other departments we have grown to work closely with and all of the citizens we have come in contact with, again we want to stress that we are here to assist you and are easily accessible.

Regards,

Dan Feeney
Code Official

HEALTH OFFICER ANNUAL REPORT

The most common complaints have been problems regarding mold, bedbugs, and ticks. The commonality is they need immediate attention and resolution.

Mold is prevalent in New England because of the bodies of water and densely wooded areas. It is unsightly, but for most people it is not a severe health issue. Those with respiratory problems or allergies may be bothered more than most people due to their health issues. (The mold color is not significant.) The best resolution for mold is to find the reason (leaky roof, leaky pipe, etc.), and to fix the problem immediately, with a follow-up of thoroughly washing the affected area with hot water and a good detergent. If the origin of the mold appears to be from a leaky septic system or other contaminant, it is most important to repair the problem and disinfect the area with hot water, detergent, and chlorine bleach. Use in accordance with manufacturer's directions.

Regarding bedbugs, intense heat is one way to rid a residence of the problem. It is advisable to contact a licensed exterminator to ensure proper remediation. Private homeowners can use certain pesticides, with appropriate gear, but any commercial entity, such as a landlord cannot employ pesticides, insecticides, or chemical of any kind in or around a rental unit. The law requires that a licensed exterminator be used in these scenarios.

Ticks are quite prevalent in New England. Your municipality has a picture of the various ticks. Lyme disease is a concern that can be spread by ticks. It is advisable to check any pets when they enter the home from outside. Keep grass cut, and shrubbery trimmed. Avoid direct contact with a tick. Use protective gloves, and be sure to kill the tick. They have very hard shells so it is best to enclose it in a small glass jar of alcohol, or other similar liquid, and dispose of it in the trash. To remove a tick, go to the following website: <http://1.usa.gov/1niEF1U>

Good housekeeping is always key to maintaining a problem-free environment.

Two issues that all people should be aware of:

Although there have not been any reported human cases in Maine contracting the Avian Flu, there have been birds that have. According to the USDA, migrating birds can spread this influenza. The public is warned when handling poultry both commercially and back yard, strict adherence to thorough handwashing is most important. Do not handle a sick or dead bird.

Private wells must be tested for bacteria, toxins and heavy metals. For the health of all who obtain their water from a private well, these tests are very important. Bacteria can cause illness. Lead can cause Blue Baby Syndrome; arsenic can lead to severe problems in growing up. All people with weak immune systems are especially at risk. Any certified laboratory can perform these tests. Be sure the water is safe. All municipal water supplies are constantly tested and do not pose a risk.

Respectfully submitted,
Anita L. Anderson
Local Health Officer

Annual Report FY 15

Fire/Rescue Department

Welcome to the Fire/Rescue Department's annual report. I took over the reins on September 8 2014 after Chief Glass retired serving for 18 years. It has been a great year and I thank all of the men and women who work for you our firefighter/EMT- Paramedics as well as our dedicated Call Force. They work tirelessly doing a great job providing fire suppression, prevention and EMS services to name a few, for the citizens and visitors to our great community.

We strive to provide the highest level of service possible, and this past year we responded to 2302 calls for service. This included 1527 calls for medical service, and 775 calls for fire service. We responded to a variety of calls which included wires down, houses flooding from broken water pipes, and of course fires. Our job is helping the citizens and guests of our community get through the day any way we can!

We have 12 Full-time Members, 28 Part-time Members and 25 Call Force Members. The full-time and part-time members are in the station every day and take care of the daily truck checks and activities around the station. They also staff the Rescue and respond to emergency medical calls as well as fire calls. The Call Force members assist on fire calls and sometimes drive the Rescue if both the on duty members need to be in back with a serious patient. The call members also help out with traffic control at different events that happen around town over the course of the year. These events are both scheduled and emergency events such as a downed power line or a tree across the road. This is a vital thankless task that that is seldom recognized!

We responded to a large number of building fires this year with a total of 18 fires.

I would like to thank our community for their continued support. A big thank you also goes out to the other departments in town we work throughout the year with that makes our job easier.

The support of our Town Manager and Town Council we greatly appreciate and respect.

We are always here when you need us and don't hesitate to call us or stop by the station. We are YOUR fire department.

Respectfully,

**Ricky A. Plummer
Fire Chief**

OLD ORCHARD BEACH SURF RESCUE

The 2014 summer season was a busy one here in Old Orchard Beach, we saw a large amount of Canadian visitors who came south to the beaches, with the exchange rate at its best in years for those visiting the US. As the beach goers came out to relax on the beach 9 young guards were busy preparing for their first year as members of the Old Orchard Beach surf rescue staff. These guards went through intense training and education, before being thrown into action early in the summer months. When July 4th came around they were ready to go and proved that they could get the job done. During the summer the surf rescue staff was very busy with the beach at capacity day after day, the guards responded to 63 emergency calls up and down the beach. There were 23 distressed swimmers pulled from the surf, some of which were transported to the hospital via ambulance. On top of rescuing multiple swimmers from the surf, guards also responded to 26 medical emergencies 3 of them being heart attacks. Thanks to the great teamwork of the guards and paramedics who responded from Old Orchard Beach, all 3 patients were transported and are doing well today. They removed 2 sexual predators from the beach, assisted the police 4 times with unruly subjects and reunited 103 lost children with their parents or guardians.

In August the Old Orchard Beach surf rescue staff geared up for the annual lifeguard competition in Ogunquit and the return of the Rev 3 triathlon series. The guards competed in multiple events at the 2014 Northern New England Lifeguarding Championships, winning individual metals in beach flags and the rescue reel. Shortly after the guards competed in their competition, the Rev 3 competitors made their return to the sands of Old Orchard Beach. With their return for the 3rd straight year in a row, guards found themselves preparing early in order to make sure everything was in place for the athletes and Rev 3 staff when they arrived. On the Sunday of the actual event surf rescue staff arrived at 5:00 A.M. and watched a beautiful sunrise from the beach as they prepared for the start of the race. The swim leg went very well as guards only had to pull out 1 athlete, the athlete got kicked while in the pack of swimmers and suffered a broken nose.

Winter is just around the corner and the sands of Old Orchard Beach will soon be covered in white, mean time the surf rescue staff will still be working hard preparing for the summer of 2015. Staffing needs to be brought up to the appropriate level, as we ran short over the 2014 summer just like in 2013. New lifeguard towers need to be built and painted this off season. There are also a lot of repairs to be made to lifeguard towers, radios, and rescue torpedoes as they were subjected to a lot of wear and tear this past summer. On top of that, equipment and supplies must be ordered so that we are ready for the start of the 2015 summer

Now that the sun has set on the 2014 summer season the Old Orchard Beach Surf Rescue staff is looking forward to working with town officials throughout the winter, to make the beach a safer and even more enjoyable experience for all beach goers.

Respectfully Submitted,

Surf Rescue Captain

Keith Willett

2015 POLICE DEPARTMENT'S ANNUAL REPORT

It is my pleasure to once again submit the Old Orchard Beach Police Departments annual report for fiscal year 2014-2015.

I am currently in my 43rd year as a member of the Old Orchard Beach Police Department, and in my 25th year as Chief of Police. I am as honored to serve you today as I was 43 years ago. A great deal has changed over the years, but what has not changed is the commitment that I, and all of the members of this department have made, which is to serve, and protect, you, the citizens, and the many visitors who come to our community every year.

Many years ago we adopted a community policing philosophy and continue to believe that our success as a law enforcement agency is directly tied to the involvement and support of the community. We are fortunate, not just as a police department, but as a community to have residents who give freely of their time to participate in our volunteer groups, such as, The Community Crime Watch Council (CWC), Volunteers in Police Services (VIPS), and the Juvenile Community Review Board (JCRB) which is a program that offers juvenile offenders an alternative to court and utilizes a more restorative approach. The program, which began in 2013, was a collaborative effort between our Community Watch Council and RSU 23 to develop alternative ways to deal with juvenile offenders that were accused of bullying. The end result was the development of a program that deals with not just bullying but many other juvenile related crimes and takes a restorative approach rather than punitive. The JCRB became a pilot program and was awarded a grant to support the program. The grant enabled the JCRB to hire a director who along with our officer's, administers the program. This year, the Police Department was awarded an additional grant of \$38,000 which will be sufficient to maintain the program for two more years. The program has been so successful that it is being considered for state wide implementation.

One new patrol officers was hired during the last year. Officer Brian Pratt, a veteran Reserve Police Officer was hired as a fulltime Patrol Officer, and graduated from the Maine Criminal Justice Academies Basic Law Enforcement Training Program. I would like to congratulate and welcome Officer Pratt to the department, and wish him continued success in his future law enforcement endeavors.

Finally, as Chief of Police, I take great pride in providing professional law enforcement services to our community. It is with the community policing philosophy in mind, and the continued support of the community, and its leaders, that we are able to accomplish our mission. The mission to serve is met every day by the men and women of the Old Orchard Beach Police Department, who are committed to keeping our neighborhoods, schools, and businesses safe. To our officers and volunteers, I offer my sincere appreciation for all of your hard work over this past year, and look forward to working with all of you in the coming year.

Respectfully submitted:

Chief Dana Kelley

COMMUNITY WATCH COUNCIL END OF THE YEAR REPORT 2014-2015

Our mission is to improve the quality of our neighborhoods through positive interaction, community encouragement and increased public awareness between law enforcement and the citizens of Old Orchard Beach & Ocean Park. We continue to be a work in progress, evolving to meet the needs of our residents. We can see our efforts working, from the responses and witnessing the interaction in our town. Our accomplishments are many and our goals are to sustain the programs we have launched.

Board Members are: LAW ENFORCEMENT CHAIR: Lt. Timothy DeLuca, President: Helene Whittaker, VICE PRESIDENT: Pat Brown, SECRETARY: Suzanne Makoge, TREASURER: Barbara Ultsch, SENIOR ADVOCATE: Nancy Roderick, Business Liaison: Kathy Smith. MEMBERS AT LARGE: Gail Doming, Libby Blackman, Cheryl Pouloupoulos, Judith Hurst, Craig Carscallen' and Mary Riordan.

CWC has developed a "Community Neighborhood Watch" eliminating the 3 Districts meetings and meeting monthly which was a lot of work. It is now a town-wide meeting including Ocean Park. Meetings take place at the OOBPD Community Room and meets quarterly.

Our second year of overseeing J-1 international students who come to our town to work, play and have fun has been successful. Over 400 + students were sponsored by different organizations. A website was developed for the J-1's to have access to information and help them when in need, check it out at: oobj1.com. Chamber of Commerce and CWC sponsored 2 J-1 orientations. Speakers from the federal government, banking, social security, transportation, Police and Fire presented information to help the J-1's stay be more enjoyable and safe. Team J-1 volunteer group was put together for the Challenge Maine Triathlon. Their accumulated funds will be donated to a local non-profit.

The Yellow Shirt Seasonal Officers introduced themselves to the business community by distributing our Business Watch alert cards to business owners in OOB. CWC is pleased with the Business Watch alert cards and program; it has been a proven tool these past summers. It helps decrease crime in the business district during the summer months.

Our Drug Take Back program is always successful because it eliminates many drugs off the streets. The OOBPD has a drug disposal box in the lobby which is used frequently. Our drug disposal day is scheduled for September 26, 2015 at the OOBPD.

VIPS: Volunteers in Police Service continues keeping our trained volunteers busy. Public Safety is a priority and they've volunteered for many functions; texting while driving at the HS, property checks, directing traffic etc. None of this would be successful without the volunteers we have who display professionalism and a willingness to serve their community and we are grateful. Whenever help is needed VIPS volunteers are asked to participate. If interested in becoming a VIPS volunteer, applications can be obtained at the OOBPD.

Our Senior Advocate works tirelessly with the General Assistance Office at Town Hall and also with the PD. She has been a blessing in disguise, helping the needy and elderly receive the help in our community.

CERT (Citizen Emergency Response Team) program has had firsthand experience with the School Street fire. The fire provided an opportunity to work closely with the Red Cross and Salvation Army to benefit the victims. The outcome revealed a critical need for the town to have a workable emergency shelter that has appropriate facilities including a generator. OOB needs this! When an emergency arises CERT volunteers are called out to help. Training is ongoing as there are so many aspects to a disaster or emergency situation.

CWC's sustained projects include: Community Neighborhood Watch, Business Watch, Bike Friendly OOB, VIPS, CERT, Restorative Justice, Vial of Life, Drug Take Back, J-1 and Bullying. All of these are ongoing and flourishing.

All of these tasks are performed by volunteers.... not a paid person. A Volunteer is a unique individual who gives of oneself unselfishly, doesn't ask for accolades, and is pleased to serve the community they live in. With the sincerest smile, the firmest handshake and the most genuine feeling we can muster, we salute you and we thank you. "We're all in this together."

**Helene Whittaker
CWC President**

Fire Chief Ricky Plummer, Town Council Vice-Chair Joseph Thornton, Police Chief Dana Kelley and Town Manager Larry Mead attended a meeting at Scarborough Public Safety to familiarize themselves with the new dispatch services between Old Orchard Beach and Scarborough which becomes effective on Monday, February 2, 2015.

TOWN OF OLD ORCHARD BEACH – ANIMAL CONTROL

Old Orchard Beach Animal Control is continuing its mission to ensure the health and welfare of all animals within the town. This year the ACO and the Police Department answered over 700 calls relating to animal welfare, most involved domestic animals, but several complaints were related to wild animals.

The ACO in cooperation with the Police and Fire Departments responded to multiple structure fires and provided assistance to approximately 20 animals including exotic snakes. Pet owners are reminded that they should have an emergency plan in place that includes a plan on housing their pets in an emergency. Owners of exotic animals such as snakes are also reminded that they should have transport containers available for their pets in the event of an emergency.

The ACO responded to several complaints of animal cruelty throughout the year and obtained court orders to remove 10 animals from inhumane conditions and arranged to place them in new homes.

Trough out the year, the ACO responded to several complaints of seals on the beach. We would just like to remind everyone that they should leave any stranded or beached marine mammals alone and immediately contact that Old Orchard Beach Police Department or the Maine Marine Patrol.

Dog owners are reminded that while there is no specific leash law in Old Orchard Beach, that they are responsible for their dog's actions. There were 9 nesting pairs of Piping Plovers on the beach last summer. These birds are federally protected and frequently nest along the beach in Old Orchard. The owner of a dog that injures or kills a Piping Plover is subject to stiff fines and receiving a summons to federal court.

We would also like to remind dog owners that all dog licenses expire on January 1st of each year, so please remember to license your dog. Dog licensing helps to support Maine's animal welfare programs including the "Fix ME" lost cost spay and neuter program. Plus licensed dogs are much more likely to be returned to their owners if they get loose. So please remember to place your dog's license on their collar, so that they can "Jingle all the way Home".

COMMUNITY ANIMAL WATCH (CAW)

The Old Orchard Beach Community Animal Watch (CAW) continues its mission of creating an environment in Old Orchard Beach that will establish humane practices for protecting the health and welfare of abandoned, homeless, and domesticated animals within the Town.

This Committee continues to help seniors and low income residents feed and provide vet care for their pets. Most people consider their pets as family members. If they were forced to give up their pets because they couldn't afford to feed or provide them vet care, it would be the same to them as if they lost a human family member. That is where CAW steps in and uses the funds raised by donations and fundraisers to keep the human and pet family together.

CAW has other responsibilities too. It seems more and more of our hotels, motels, campgrounds and cottages are allowing visitors to bring their pets with them. With that comes the chance that they may get lost in an unfamiliar area. Recently an out of state family brought their beautiful dog with them. In the morning they brought her to the dog park. They brought her back to their rental cottage and walked to the beach. She knocked out a screen and went looking for them. CAW members were notified of the dog running the streets and worked for hours with the OOB police to catch her all while the family was unaware their dog was loose. When the family came back from the beach they were surprised but ever so grateful that so many people went out of their way to protect their precious dog.

In January a fire displaced several people and their pets. CAW helped by transporting, providing pet food, finding temporary housing for the pets and whatever else they could do so that the pet owners could cope with their material losses and not worry about their pets.

Not so long ago a sweet beagle was found wandering the streets of Old Orchard. He was scared, sad and in very poor health. Instead of having him brought to the shelter, CAW found a foster dad for him and spent hundreds of dollars getting back his health. The foster dad ended up adopting Jake and he is now a happy, healthy dog that is enjoying his life in Old Orchard. We believe in second chances – human as well as animals - and we strive to do that for the animals in OOB.

We have a lot of strays and feral cats in Old Orchard because they get lost or abandoned when people leave at the end of the summer. There are so many people that feed these poor cats. A lot of them can't be adopted out because they are feral. Our next project is to build shelters that the people who take care of the cats can put outside their homes to protect them during the winter months. We are hoping that if we do this we can identify where they are, who is feeding them and then we will try to trap them so they can be neutered/spayed so that more homeless cats won't be born.

There are so many animals in OOB that need help. CAW is doing the best we can to help them but we can't without the donations that come in. We are always looking for new members to help us with the work as well as ideas to make money. We also want to thank all the business owners that help us – from having a fundraiser to benefit CAW to putting a donation jar by your cash register.

For further information or to donate please call 207-205-7521. Please feel free to drop off pet food at the Town Hall. Donations can be made to the Community Animal Watch – 1 Portland Avenue, Old Orchard Beach, ME 04064.

Chair Debbie Anischik
207-205-7521

OOB Community Animal Watch Please Help Us Continue

OOB Community Animal Watch [CAW] Mission Statement

The mission for the Old Orchard Beach Community Animal Watch Committee is to create an environment in Old Orchard Beach that will help establish humane practices for protecting the health and welfare of abandoned or homeless domesticated animals within the town.

We also help the Seniors and low-income care for their pets. We purchase and deliver pet food, we search for strays, we even help with Vet. bills.

These are just a few you have helped us save.

**Public Works Department
Annual Report July 1, 2014 – Jun 30, 2015**

The Public Works Department is responsible for protecting the public's investment in the infrastructure that is necessary to support the operations of the Town. Our staff is responsible for streets, sidewalks, parking lots, sewer and storm drain lines (including catch basins & manholes), culverts, the beach, parks/green space, transfer station (leaves and brush only), solid waste, recycling with respect to the Silver Bullets at DPW and the Cardboard container at DPW, fleet and facility management, and outfalls.

The following lists are projects & work completed by DPW:

PAVING:

- 10th, 12th, 13th, 14th – Finish pavement.
- Milliken Mills – Finish pavement.
- Randall Ave from W. Grand Ave to Seaside Ave – Finish pavement.
- Seaside Ave from Porter Road to Union Ave – Finish pavement
- Free Street: Temple Ave to North Easterly end – Finish pavement.
- Reggio Ave from W. Grand Ave to Railroad tracks – Finish pavement.
- Saco Ave from Pine Ave to Fire station –Finish pavement.
- Odessa Ave from W. Grand to Railroad tracks – Finish pavement.
- Ross Road.
- Walnut Street.

SEWER:

- Central Park Ave from Westland to Longwood Ave.
- 15th street.
- Patch on Idlewild Ave.

DRAINAGE:

- Camp Comfort.
- Odena Ave.
- Central Park Ave from Westland Ave to Longwood Ave.
- Saco Ave by fire station.
- Culvert cleaning, piping various areas.
 - Saco Ave – Middle School to Bus Stop
 - Date, Gardiner, various locations
 - Milliken Street – catch basin across from Bradbury Street
 - Spring Street at Temple Ave – culvert replacement
 - Maine Ave – culvert
 - Police Station – Riprap swale behind building
 - Willow Creek Lane – driveway culvert

BEACHES:

- **Ongoing sand replenishment and Dunegrass plants on dunes from Aldine Terrace to the Scarborough town line.**
- **Beach Cleaning – Rake and loader Monday – Friday, two weeks prior to Memorial Day to two weeks after Labor Day; and Monday & Friday until Oct 31st.**
- **Installed 9 new beach benches, installed approximately 100 new cedar posts with decorative rope at beach dunes.**

MEMORIAL PARK:

Ongoing maintenance, granite markers at memorial tree locations. New lights and hand rails on Gazebo. Installed 1 Memorial Benches, 1 monuments and plaques. Installed new irrigation and garden bed by the library.

FACILITIES:

- **Transfer Station:**
 - **Leaves and brush only on Wednesday and Saturday, 8:00 am to noon.**
 - **April 1st – 6 days a week thru July 31st.**
 - **Will open Wednesdays 7:30am to 2:30pm, Saturdays, 8am to 4pm thru January 10th 2015.**
- **Salt & Sand Facility:**
 - **Routine maintenance.**

OTHER PROJECTS:

- **Winter Storms: It was a difficult winter and Public Works employees handled the storms successfully. Used 1100 tons of salt, 6000 gallons of pre-storm brine.**
- **Used Street millings from Saco Ave to pave parking lot at Ball Park.**
- **Signs installed, replaced – approximately 250 with 100 additional posts.**
- **Internal Stripping; streets, sidelines, parking stalls, crosswalks, curbing, arrows & Handicapped spaces.**
- **Sewer calls – 43**
- **Catch Basin cleanings – 420**
- **Seaweed Removal – 140 cubic yards**
- **Beach Debris – 60 cubic yards**
- **Brush Cutting – 290 cubic yards**
- **Street Sweeping – 240 cubic yards**
- **Pot Hole Patching – 55 tons**
- **Millings Received – 400 cubic yards**
- **Loam: Used 210 cubic yards**
- **Rip Rap: Used 430 cubic yards**

- **In all DPW Projects; (Drainage & Sewer) Used; 3940 LF Pipe, 640 LF Culvert Replacement, 41 Structures, 110 House Services.**

EQUIPMENT:

This past year the council has allowed the Department to purchase the following equipment & vehicles:

Demo Mini Bobcat Excavator, Replaced our existing 2005 Bobcat with a larger 2012 Demo and purchased a centerline/fog line paint machine.

I began work with the Town this past summer as Interim Public Works Director. In November, the Council confirmed me as Public Works Director. In this brief time I have become very impressed with the dedication and professionalism of the DPW staff. I am proud to be associated with this team.

This experienced team includes: Roger Stevens 31 years, Mike Perrone 30 years, Dennis Poisson and Rick Reny 29 years, Tim Crowley 17 years, Marc Picard 16 years, Tom Dupuis 11 years, Louie Ladakakos 8 years, Tim Reynolds and Peter Smith 3 years, and Melissa Hutchins 2 years.

Respectively Submitted,

**Marc Guimont, P.E.
Director of Public Works**

**2014 - 2015 Report
July 1, 2014 - June 30, 2015**

The Conservation Commission consists of five regular (Richard Greenlee, Kimbark Smith, John Bird, Karen Brozek, and Eileen Payette) and two alternate members (Clifford Kenney and Jean Leclerc), and generally meets on the second Monday of every month.

This year, the Commission finished fixing-up the town-owned "Blueberry Plains" area that was previously restored by a prior Conservation Commission in the mid 1990's. A "kiosk" or sign was finished and installed with work by Mark Koenigs, Kimbark Smith, Karen Brozek, Ginger and Randy McMullin and DPW employees Tom Dupuis and Tim Reynolds. This area is an excellent open space and recreational area for the Town.

The Commission's Trails Subcommittee continued to work on possible recreational trails for Old Orchard Beach, and in particular, the "OOB-ET Trail". This is a plan for a 2.9 mile combination off- and along-road bike and pedestrian trail that will connect Memorial Park to the Eastern Trail via the School Street extension. The subcommittee sponsored preparatory engineering work on it. In 2015, we hoped to get the remainder of the work done by working with the Department of Public Works to bring this to fruition using volunteers.

In the fall, the Commission applied for and received a Project Canopy grant to start a recreational trail area in the Milliken Mills part of Town. This will include a 51 acre parcel given to the Town for this purpose by Janice Milliken Andrews, a previously failed subdivision and animal shelter area owned by the Town on Portland Avenue near the intersection of Milliken Mills Road and a smaller contiguous Town-owned inland area. We were helped with advice by Saco Bay Trails, the Eastern Trail Association and David Parker, Forester. This will be produced with the assistance of a grant from the Maine Department of Agriculture, Conservation and Forestry's Maine Forest Service, GrowSmart Maine and the USDA Forest Service – Urban and Community Forestry- Title CFDA 10:675.

David Parker did a Forestry Survey of the Milliken Mill Woods Natural Trail Area, which was again partially sponsored by Project Canopy of the Maine Forest Service and gave a presentation of it to the Commission which was then accepted.

The Conservation Commission also sponsored the attendance of two teachers to a seminar on trees and their place in the environment for ideas on future teaching in our local school system. This developed into an excellent contact situation within the schools.

This connection and further conservation-related projects and possible connections between the schools and the Conservation Commission were developed for the 2014-15 school year and future years by one of the teachers, Cynthia Nye.

Karen Brozek and Kimbark Smith engaged Charles Milliken and William Corcoran's 4th grade class for several weeks on a project to document the history of the Milliken family and the mill property. Mr. Milliken has old photos of the brick house, the mill, men pulling logs out of the water and the Jameson farm which stood where Loranger School currently stands. They have produced a website and videos for the project.

Due to the timing of the student engagement and other factors, we were unable to meet the original deadline for the project, however, we applied for and received an extension. Work continues in 2015 and the area should be ready in 2016.

Commission members and others participated in the Maine Beaches, and the MCHT Maine Land Conservation conferences and are applying this information towards learning more about water quality issues in Goosefare Brook.

They also attended the annual meeting of the Maine Association of Conservation Commissions and developed possible leads for further grant opportunities through the State.

We posted Wildlife Habitat Certification signs from the National Wildlife Federation for three of the town's properties (The Blueberry Plains, Milliken Mill Woods and the Animal Shelter area). A

Facebook page for the OLD ORCHARD BEACH CONSERVATION COMMISSION was set up by Mark Koenigs, and has been maintained mostly by Kimbark Smith.

Another focus of the Conservation Commission has been to take inventory of the town's unique natural areas as required under state statute. Old Orchard Beach is very fortunate to have many significant natural resources such as the state's largest sand beach, nesting habitat for endangered species, and a portion of the Rachel Carson National Wildlife Refuge, among others. The Conservation Commission continues to catalog the town's significant green spaces and resources seeking input from townspeople and other sources, and using maps of water and wetlands, soil types, essential, significant or rare plants, and animal habitats.

An updated inventory of the Town's wetland resources was completed by NewEarth Environmental consultants for inclusion in the Town's new Comprehensive Plan as it was in the old one. This excellent and extensive inventory will provide the Town with good locations of these areas, as well as giving us data on their status, including vegetation and the ecological functions that each area provides.

We continued to provide input to the preparation of the Town's Comprehensive Plan in planning for the future and safeguarding the Town's overall environment. A major problem is the extent of impermeable surface in the Town. It is currently twice what the state goal is.

Evidence of pollution in the Goosefare Brook remained an issue throughout the year. We worked with Maine Healthy Beaches and the Ocean Park Conservation Society to try to define the problem and work towards solving it. Unfortunately, the solution has remained elusive so far, but the Conservation Commission, the Department of Public Works and our new Town Manager have committed the Town to solving and fixing this public health problem. We budgeted to help provide some Enterococci testing funds for the shoulder seasons.

We are participating with Saco, Maine DEP, and York County Soil & Water Conservation District, the Ocean Park Association, the Ocean Park Conservation Society and others in developing a Goosefare Watershed Management Plan. The group has found centers of human pollution around the Bear Brook / Cleveland Ave / Coolidge Ave. area in Saco and the Ocean Park area in OOB and that the Goosefare is essentially dead between the Turnpike & Rt. 1 but that it recovers more somewhat downstream. There is also a possible problem out in Saco Bay.

We are helping the York County Active Communities Network in developing a mapping of the various trails in York County and we determined that areas of Old Orchard Beach will be designated as part of USA BIKE Route #1, a new federal highway designation.

The Federal Emergency Management Agency (FEMA) started the process to issue new flood insurance maps. We were concerned and attended several meetings about them to discuss their potential impact. Under municipal, state and congressional pressure, FEMA postponed finalization of the maps, etc. pending further study.

Over the past year, the Conservation Commission has continued to support Veterans' Memorial Park through its Memorial Park Subcommittee. The Memorial Park Sub-committee does great work in planning and maintaining the Park on First Street. It has been particularly concerned over the year with Park Rules & Benches, the state of the Tennis Courts and the use of pesticides in the Park.

Discussion was brought up about pesticides policy and what other towns have done concerning pesticide use ordinances.

The Memorial Park Subcommittee remains very active, and instrumental in the flag raising ceremonies that take place nightly at the Park during the summer season. This dedicated group of volunteers advocates for the care of the Park and its distinctive plantings as well as serving the veterans that it honors.

As always, the Conservation Commission welcomes new members and volunteers for its Trail and Memorial Park Subcommittees.

John R. Bird, Chair
OOB Conservation Commission

VETERANS MEMORIAL PARK

Annual Report - 2014-2015

Have you seen the Veterans Memorial Park? Did you know that this 7-acre parcel was once a parking lot? Hard to imagine isn't it? Thanks to Andrea Berlin and a very welcoming Town Council, the park has become a center showcase.

Did you play Petanque? Basketball? Or Tennis? Did you enjoy a summer concert or a great picnic on the lawn? Did you and your dog enjoy the Dog Park? Did you take your children to the playground? Did you enjoy the amazing gardens and aromatic flowers? Did you partake in the summer nightly flag-raising at 6pm? Did you see the Veterans Memorial? These are just a few of the many things to see and do within Veterans Memorial Park.

It has been a very successful year for the Veterans Memorial Park. Here are just a few of our accomplishments:

- *Funds have been appropriated for security cameras and installation. They will be operational by Spring, 2016.*
- *Dennis Robillard hosts the summer nightly Flag Raising Ceremony at 6pm in the Circle of Flags. This is an opportunity for anyone to honor the fallen.*
- *The Annual Luminary Night in May, 2015 was hugely successful. At dusk, we remembered our Veterans by lighting hand painted luminary bags along the walkways of Veterans Memorial Park honoring our loved ones. Special thanks to Sharri MacDonald & Israel Collins and our amazing Veterans Memorial Park Committee & Volunteers. 100% of all proceeds benefit the Veterans Memorial.*
- *The K9 Veterans Memorial Dog Park Dedication Ribbon Cutting Ceremony and New Sign Name Unveiling was held August, 2014.*
- *"Jay the Gardener" (Jay Chase) received an Honorary Tree for volunteering and gardening expertise.*
- *Funds appropriated for new tennis court resurfacing and a chain link fence.*
- *A new ADA accessible playground swing set will be installed in the Spring, 2016.*

- *The Petanque Courts, Basketball & Tennis Courts were thriving this summer with weekly competitions.*

It has been a very successful and productive year. I am especially grateful to our Town Council, Town Manager, Larry Mead, Assistant Town Manager, Louise Reid, Department of Public Works, Melissa Hutchins, Flag Raising Volunteers; Dennis and Mary Beth Robillard, Jay Whitaker, Rich Litwin, Pat Holland, Jay Chase, Anthony and Rachel Massarelli, Dusty Guarino, Jesse Raymond and our wonderful committee and volunteers.

Our ultimate goal is to install Veteran Monuments honoring the soldiers of each war. If you would like to purchase a Memorial Bench or Tree honoring your loved one with an engraved plaque, please contact us.

To see the complete, comprehensive Veterans Memorial Park plan and to learn more about who we are and what we do, join the Veterans Memorial Park Committee. We meet the first Monday of each month (September-June) at 6pm.

On behalf of the Veterans Memorial Park Committee,

Tina Kelly

Tina Kelly, Co-Chair

terptina@aol.com - 207-838-8462

OLD ORCHARD BEACH COMMUNITY GARDEN

The mission of the OOB Community Garden is to provide clean, unpolluted space for interested OOB residents to garden together. We will create a shared vision, working collectively to cultivate a place for individuals, families, and friends to grow healthy food and experience the rewards of gardening.

2014 Board

Ruby Joyce, Chairwoman
Jean Michaud, Vice Chairwoman
Jackie Tselikis, Secretary
Ann Quinlan, Treasurer
Lynn Selden, Board Member

2015 Board

Don Hamilton, Chairman
Judy Wadas, Vice Chairwoman
Lynn Selden, Secretary
Ann Quinlan, Treasurer
Jackie Tselikis, Board Member

The Old Orchard Beach Community Garden, located near the Ballpark, was established by the Town Council in 2011. The gardens are organic and plots are approximately 100 square feet in area. We are financially self-sufficient, obtaining operating funds from the \$25 plot fees and donations. There are presently 48 plots for gardeners and one large plot for use by the Community Food Pantry. The garden has one large shed and one small shed that contain gardening tools for everyone's use. We also have a large number of gardening books and several picnic tables for use by gardeners. Watering hoses are distributed throughout the garden to make watering easy. General garden maintenance is accomplished by volunteers among the membership and is overseen by the board. Garden plots are purchased at the Town Clerk's office in the Spring of each year and board members are elected at the May meeting. Currently projects include planting blueberry bushes along the front fence and installing a rain barrel to catch rainwater from the roof of the shed. The garden board would like to thank the Ballpark, Blow Brothers, the Department of Public Works, Jay Oliver, Bayley's Elk and Deer Farm, the Town Clerk's office, the Town Manager, and the Town Council for their continued support. Finally, the board wants to thank all of our gardeners for making us an integral part of the Old Orchard Beach Community.

Town of Old Orchard Beach Recreation

Contact Info – Jason Webber, Recreation Director
E-mail: jwebber@oobmaine.com
Phone: (207) 934-0860
Fax: (207) 934 - 5260
Website: OOBRec.com

To the great community of Old Orchard Beach

It is with great pride that I present to you, the 2015 Recreation Department annual report. The 2015 Recreation Department Annual Report highlights many of our accomplishments during the past year. These programs, events and projects are the result of remarkable support from the citizens of Old Orchard Beach, along with strong partnerships with other governmental agencies; non-profits and local businesses. One of our greatest accomplishments would be the completion of the OOB Recreation Skate Park.

The Town of Old Orchard Beach has a dedicated and extraordinary team of professionals that continued to provide Old Orchard Beach with exceptional programs and services, despite the changes and challenges of 2015. I would like to take this opportunity to reflect on how our Recreation Department affects your life. First and foremost, our role is to serve you and your family by providing quality parks and recreation programs. Everyone benefits from parks and recreation sometime in their life.

By participating in recreation programs; individually, we improve our health and wellness, reduce stress and increase our self-esteem. Socially, parks and recreation services help families build strong bonds and promote community spirit. Environmentally, neighborhood parks contribute to clean air and community livability. Economically, the Town of Old Orchard Beach benefits from the many events that the Recreation Department is a part of.

The Town of Old Orchard Beach and Recreation Department is an exciting place to be and to stay active. So, sign up for one of our programs and let us help you take time for fun.

In closing, I would like to thank the Town Manager Larry Mead, Recreation Committee and the Town Council for their continuing support of the Recreation Department.

Best regards

Jason Webber

Jason Webber
Recreation Director

**Town of Old Orchard Beach FY15 Annual Report
for the WASTEWATER DEPARTMENT**

The Town of Old Orchard Beach owns and operates multiple pump stations as well as a wastewater treatment facility that is licensed to discharge up to 3.5 million gallons a day. The license also requires that the facility remove a minimum of 85% of the solids and biological oxygen demand (BOD is defined as biological activity in the waste stream). Flows typically double and loading (solids and BOD) can triple in the summer months. It is especially challenging to design and operate a facility that can properly treat waste water for two very different seasons. All waste water treatment facilities operate as one system to accomplish a single goal, but contain many different individual processes. The current OOB facility contains multiple upgrades from different times and much of the facility uses a mix of old and new technology. This creates many challenges for staff in daily operations and makes it difficult to establish a knowledge base that can be passed down to other operators. In order to meet the discharge license it is especially important that the Town hire qualified personnel who have comprehensive knowledge of biological, chemical and mechanical operations. Current staff strives to make the operation a safe and efficient for both residents and staff. Mission number one is to protect the water ways as defined by the local, state and federal regulatory agencies while being responsible to the tax payer.

In October of 2014 the facility was issued a new discharge license that is good until 2020. For the most part this license duplicates the license that was issued in 2010 with very few changes. As was required by the DEP staff was asked to begin background testing for the next discharge license that will run from 2020 until 2025. There is the possibility that nutrient limits will be placed on this license. Nutrient limits will bring new requirements to the treatment process and could require significant upgrades to the facility. It would certainly behoove the Town to begin looking at ways the current facility can treat nutrients without costly upgrades.

This past budget season requests for significant capital improvements were submitted to the finance committee. While these requests were considered, only a targeted upgrade to the dewatering operation and process building was approved. This upgrade will add a single piece of dewatering equipment and some minor improvements to the process building. Since that time odor control has been added to the discussion and some additional funds may be added for a short term odor solution that may help mitigate odors. Adding another piece of dewatering equipment will eliminate aerosols that the staff is currently exposed to, lower disposal costs, lower maintenance costs and lower operational costs.

Late in the budget talks the current equipment storage building suffered a major structural failure and a new equipment storage building was approved for construction. It is expected that this building will be completed in the spring of 2016.

This department continues to be the liaison for the Maine Healthy Beaches (MHB) program. This program is operated by staff from the University of New England as a cooperative partnership with local communities. Under this program the beaches are monitored for bacteria and results are reported to a matrix that can be viewed by residents and visitors by accessing the MHB web site.

The safety committee for the Town is headed by the wastewater superintendent and the human resources director. Under this program staff from each department meets quarterly to discuss safety programs, best management practices and accident investigation. This year the wastewater department established important protocol on lock out tag out, global harmonization (SDS) and job safety practices.

The department would like to thank the administration and council for their cooperation and looks forward to a renewed comprehensive effort to address some of the concerns contained in the 2007 pump station study and 2009 facilities study.

Operational totals for FY15

Treated wastewater discharged – 430,000,000 gallons

Bio solids produced – 1267 tons

Polymer used in the dewatering process – 7791 pounds

Hypo chlorite used in the disinfection process – 13384 gallons

Solids removed – 96.7 percent

BOD removed – 94.8 percent

Total precipitation – 60.7 inches

Number of call outs through SCADA - 58

Respectively submitted by Christopher White, Wastewater Superintendent

MUNICIPAL BALLPARK & ENTERTAINMENT CENTER

By Jerome Plante, Chairperson

FISCAL YEAR – 2014-2015

A transition regarding our core baseball team took shape when the FBL's "Raging Tide" (wonderful college members) were replaced by a new Single A Professional Group – named "The Surge."

VARIETY OF TEAMS:

Other baseball teams, using our beautiful field, included the Libby Mitchel Post, Senior Members Baseball League, AAU Playoff, Junior Legion Tournament, Twilight League, AAU Try-outs, Red Sox Alumni versus OOB Fire Department, OOB High School Varsity, AAU Double Header, Saco Bay Blue Devils, University of Maine (Presque Isle) versus Lesley College, OOB Recreation T-Ball, Maine Dirt Dogs, SMAA Championships, Dirigo Vintage, and Southern Maine Bull Dogs.

MULTIPLE ACTIVITIES:

The Ballpark belongs to the citizens of Old Orchard Beach; thus we welcome new ideas and use. Some of those projects included Independence Day Yard Sale and Flea Market; Wounded Warriors Event, Maine Woods 45 Plus, Ballpark Blues Festival, and Smokin at the Ballpark BBQ.

TOWN RECOGNITION:

The Town of Old Orchard Beach, according to the Michael J. Fox Foundation for Parkinson's Research, has provided the perfect picturesque setting to host this annual fund-raiser, attracting hundreds of cyclists and volunteers all dedicated to help find a cure for Parkinson's Disease (PD). This fiscal year alone the ride raised over \$422,000 – "the largest single day Team Fox fundraiser in MJFF history." Such an inspiring effort causes all us to rededicate ourselves and keep working in the best interest of "this small community with a big heart."

GRATITUDE:

We would like to thank all the people and officials who assisted The Ballpark in their efforts.

Historical Society Annual Report 2014-2015

The Old Orchard Beach Historical Society at Harmon Museum welcomed 468 visitors this summer. Of these 87 were from Old Orchard Beach and Ocean Park and 53 from various parts of Maine. Twenty-two others states were represented as well as two Canadian Provinces and five countries. The museum opened June 30th and closed September 5th. Hours of operation were 10:00 a.m. to 4:00 p.m., Tuesday through Friday and Saturday from 10:00 a.m. to 2:00 p.m. Among our visitors were descendants of several residents important to Old Orchard Beach history. These included the Googins family from Maine and California, Harry Sait's grandson and other Sait family members from Maine and North Carolina, Mr. Duffy's grandson from Massachusetts, Hazelton family members from North Carolina, and Everett "Red" Ledger family from Maine and Florida.

The new display and photo gallery featuring amusements of Seaside Park which operated from 1902 to 1924, the White Way amusements 1924 to 1969, The Animal Farm 1958 to 1962, and Palace Playland amusements circa 1917 to present, was of special interest to our guests. Many of them commenting on fun memories from their previous visits to our town. Miss Kaycee Slick, an art student and 2015 OOB graduate crafted a Ferris Wheel made of metal and a wooden Noah's Ark for the amusement display. The Pier display features photos and information of the steel pier build in 1898 to the present day pier.

During the year we received and cataloged 40 acquisitions from 23 individuals and 26 requests for research, which were answered by Daniel Blaney and Janet Hamilton.

Special thanks to Bud and Judy Hurst who again donated 110 passes to Aquaboggan Water Park, which sold quickly in our gift shop. The R. N. Cohen Studios of Portland, ME donated several prints of twelve various scenes, from the past, of Old Orchard Beach to sell in our gift shop, which we greatly appreciated.

Our volunteers logged in a total of 1,932 hours during the year. Barbara Delage continues to update our web page. Jaynie Flaherty is the new administrator of our Facebook page. Docents this year were Daniel Blaney, Theresa Cook, Arthur Guerin, Arlene Hanson, and Stanley Quinlan. Other volunteers were Lois Brown, Elizabeth Curry, Janet Hamilton, Carol King, Faith Litwin, Arthur Prentiss, and Rachel Theroux. Officers are Arthur Guerin, President; Daniel Blaney, Vice President; Arlene Hanson, Secretary; Stanley Quinlan, Treasurer; and Pamela Guerin, Assistant Treasurer. The Board of Trustees is composed of Daniel Blaney, Charles Davis, and Stanley Quinlan.

Respectfully submitted,

Jeanne Guerin, Curator

**Libby Memorial Library
Old Orchard Beach Free Public Library Association
Annual Report and Statistics – 2014/2015**

The purpose and function of the Edith Belle Libby Memorial Library is to provide services and materials in all formats that will promote life-long personal enrichment for all citizens of this community—Libby Memorial Library Mission Statement.

After almost 30 years of discussing, planning, struggling and discussing and planning some more, the Libby Memorial Library expansion project is complete! The result is a light and airy space that retains the charm (and brick walls) of the original 1957 building.

The Libby Memorial Library (LML) spent the majority of the last year, from mid-March 2014 to mid-March 2015, in temporary quarters at the Lion's Club, 128 Saco Avenue. Our temporary space had room for roughly one third of the total collection and the remainder was put in storage for the duration of the expansion project. Due to our space limitations there were no library programs offered during this time other than the Children's Summer Reading Program. However, we used other options at our disposal for those seeking materials that we did not have room to bring with us, such as encouraging patrons to register for a Portland Public Library card (which can be done at LML) and to take advantage of our Inter-Library Loan program where we request materials from other libraries nationwide. In spite of the tight quarters, most patrons were amazed at the functionality, inviting atmosphere and coziness of the Library's temporary home.

The newly expanded Library at 27 Staples Street opened to the public on April 28th, 2015. Daily, I get to hear how much citizens and visitors are impressed with and enjoy the new space. The aquarium and fireplace seating area garner a good deal of attention, however, the main services that the library provides such as books, DVDs and computer access are what still keep patrons coming back week after week. Now, however, these areas boast expanded numbers including 4,600 DVDs and room for six dedicated patron computer stations where it is possible to actually move your elbows. In addition, there are multiple spaces for programming and the library is working hard to build a robust programming schedule for all ages and interests; from author talks to art programs to children's giant puppet shows. Information on all of our programs is posted in-library, on the website and Facebook, goes out via Louise Reid's community e-mail and the local newspapers (the Courier and the Journal Tribune).

The total number of patron visits for the year was 17, 541. The total number of active patrons was 5,353 with 373 new cards issued. The total number of items in the collection was 34,992 with 1,515 new items added through purchase or donation.

In spite of the fact that the Libby Memorial Library was in a much smaller space with only a percentage of its' collection and, additionally, was closed for two months at the end of the project, the library still provided \$507,670 worth of materials and services to the townspeople and visitors of Old Orchard Beach (Maine State Library value use calculator) from 07/01/2014-06/30/2015. These materials and services included the following:

- **Print Books: Adult Fiction/Non-Fiction, Children's Fiction/Non-Fiction, Young Adult Fiction/Non-Fiction, Large Print Fiction/Non-Fiction, Inter-Library Loan, State Large Print, Reference, and paperback 'swap books' for visitors without library cards.**
- **Audiobooks on CD for Adult and Children/Children's listening center**
- **Music CDs for Adult and Children**
- **Movies/TV Series/Non-Fiction selections on DVD for Adults and Children**
- **Periodicals including both magazines and newspapers**
- **Maine Infonet download library for both downloadable e-books and audiobooks**
- **WiFi and hardwired computers for patron and visitor use**
- **Four pre-loaded Kindle e-readers; two for the visually impaired, one for general circulation and one for in-library use in our children's room.**
- **Mini-iPad pre-loaded with a large variety of educational apps for in-library use in our children's room.**
- **Portland Museum of Art and Southworth Planetarium free passes**
- **Free access to Marvel which includes access to a large variety of databases such as Ancestry.com, Britannica on-line, Health Source and AHFS Consumer Medication Information, Hobbies and Crafts Resource Center, Novelist, etc.**
- **Free access to the Mango Languages database**
- **Free access to Tumblebooks for Children and ABC Mouse for Children**
- **Free individualized computer instruction/mobile device instruction**
- **Children's programs and events:**
 - **Finger Frolics, Crafty Readers and Saturday Morning Lego Kids' Club (once/week, year-round)**
- **Summer Reading Program with daily activities coordinated with the Summer Free Lunch program, this summer's theme 'Every Hero Has a Story'.**
- **Summer Family Movie Series with a new release movie being shown in our new Community Room every other Friday at 6 pm (free popcorn and air-conditioning!)**
- **Summer Art Series with a program each month followed by a month-long in-library exhibit by the participating artist/s, which included groups such as Saco Bay Artists and the All-Inclusive Pastel Society artists.**

Respectfully Submitted,
Lee M. Koenigs, Library Director

2014-2015 RSU 23 Town Report submitted by Superintendent Lloyd Crocker

The 2014-2015 school year was our first year as a single community RSU school district, after the withdrawal of Saco and Dayton from the previous 3-community RSU 23. The disbanding of the former 3-community RSU was seen as a real positive for the residents of Old Orchard Beach. As a new single community RSU, it provided for us a new opportunity to re-invent ourselves and to do things differently. We quickly came to together as a K-12 district and adopted the mantra “ONE TOWN-ONE TEAM-ONE GOAL”. As a result, this past year entailed hiring a new interim superintendent and staffing a new central office to oversee the operations of our new school District. Lloyd Crocker was hired as the new interim superintendent. With the resignation of Principal Rick Difusco at the high school, John Suttie was hired as the new principal. We also hired Meghan Ward as the new full time assistant principal at OOBHS. Mike Flaherty was assigned as the new K-8 principal responsible for leading both Jameson Elementary and Loranger Middle School. Barb Fletcher, long time kindergarten teacher at Jameson, was hired as the new .5 assistant principal to help support Mike Flaherty in his new role. George Shabo, who had been serving as a .5 assistant principal at Loranger, was hired as the new full time assistant principal at Loranger Middle School.

With the support of the community we were able to pass a budget that reflected a 16% increase from the previous year when OOB was part of the 3-community RSU. This budget supported a new technology plan that supported a 1:1 laptop initiative at the high school and enrollment of our entire K-12 staff in the MLTI (Maine Learning Technology Initiative) program. We also were able to support a new technology integrator position, whose specific responsibility was to work directly with teachers to support technology integration in the classroom. Another component of this technology plan was the deployment of (5) five iPads per grade level, K-6, which provided opportunity for students at all grade levels to work with these devices.

Some of the important district initiatives for this past year were 1. District-wide training and implementation of a K-12 Restorative School Practices initiative; 2. Development of a K-12 Proficiency-Based Education curriculum, with the primary focus being at the 6-12 grade levels. This work is being done to meet the requirements of a state-mandated statute that will require all graduating seniors to be awarded a proficiency-based diploma by the year 2020; and 3. Development of an Educator-Effectiveness plan, to meet yet another state mandate regarding both teacher & principal evaluation. In an effort to meet the requirements of this state mandate, we developed a teacher/principal evaluation plan that will now be piloted in the 2015-2016 school year.

Additionally in 2014-2015, we contracted services with Great Schools Partnership (GSP) to help assist us in some of our district professional development. Jon Ingram was assigned as our GSP coach. His role was to assist us in the Proficiency-Based work and with the drafting of a new OOB RSU23 strategic plan. Additionally, we contracted with Harriman Architect to complete a two phase facilities study in our efforts to support a new school construction project. Our hope is to get the community to support a spending bond that will finance the construction of a new PreK-8 or PreK-12 school within the next 4 or 5 years. The school year ended on a real “high” with staff, parents, and administrators feeling good about what we had accomplished in our first year as a single community RSU.

RSU #23
 Old Orchard Beach School Department

 www.rsu23.org

**Special Education Annual Report
 July 1, 2014 – June 30, 2015**

The Special Education Department of RSU #23 School District is responsible for providing an appropriate education to all students with disabilities in accordance with Federal and State laws. The State of Maine defines the following disability categories to which schools must be responsive:

- | | |
|---------------------------------------|-------------------------|
| Autism | Deafness |
| Other Health Impairment | Emotional Disability |
| Specific Learning Disability | Traumatic Brain Injury |
| Speech & Language Impairment | Hearing Impairment |
| Orthopedic Impairment | Intellectual Disability |
| Deaf-Blindness | Multiple Disabilities |
| Visual Impairment including Blindness | Developmentally Delayed |

The RSU is responsible for developing Individual Educational Plans (IEP) for each student with a disability. This plan is developed in an IEP team meeting attended by the student’s parents, classroom teacher, special education teacher and a school administrator. Parental consent is required before a student can be evaluated or receive services through the special education department. Throughout this school year the RSU provided special education and supportive services to **191** students.

Given programmatic needs, the RSU acquired the Saco Transition Day Treatment Program (STP). This program currently houses **8** students-seven are OOB High School students. The STP Program is in the process of moving onto the grounds of OOB High School and will be renamed TIDES Day Treatment Program. Below are the special education teachers who provided services to our students throughout the 2014-2015 school year.

Jameson School	Loranger Memorial School	OOB High School	Saco Transition Program (STP)
Darlene Boissonnault	Carolyn Hutchings	Carla Barron	Brittany Brockelbank
Cynthia Robbins	Michelle Hiltz	Michael Davis	Jen Riffe
Megan Huckins	Barbara Roberge	Stephanie Jackson	
Susan Sinnott-Curran	Mary Elise Alexandre	Catherine Wood	
	Cathy Cone-Sabo		
	Sarah Gaetani (resigned)		
	Catherine Sotir		

In addition to special education teachers the RSU maintained the following positions:

OT

Lisa Kurtz (Jameson & Loranger)

Speech Therapists

Deborah Maksut (Jameson)

Sandra Welzel (Loranger)

Maureen Butler (OOB High School)

Social Workers

Matt Michaud (Loranger)

Cathy Reed (OOB High School)

Jen Riffe (Saco Transition Program)

The positions illustrated above are provided to eligible students in grades K-12. We contract with Mainely Kidz to provide physical therapy and Molly Walrath to provide contracted OT services. Laurel Tinkham (K-8) and Dr. Nancy Smith (Grades 9-12) are contracted psychological examiners who provide evaluations and consultation for our special education students.

A total of 3 students were placed in special programs outside of our public schools in order to receive appropriate special education programming.

The Old Orchard Beach Schools also provide Title I services (K-8) to students in who could benefit from remediation in reading and in math. Title I personnel provide these services through the direction of classroom teachers and support staff. Our Title I personnel are as follows:

Jameson School	Loranger Memorial School
Cindy McSorley	Allison Gamache
Angela Lotfey	Krystal Trull
Elizabeth Cabot	Lynn Gierie
	Malory Petersen

The RSU #23 School Department is the recipient of supportive funds from the Federal government under the following:

***Local Entitlement (Special Education)**

***Title IA**

***Title II**

Respectfully submitted by:

Timothy O'Connor M.Ed., C.A.S.

Director of Special Education RSU #23 (OOB)

Old Orchard Beach/Saco Adult & Community Education

OOB/Saco Adult & Community Education offers a variety of academic, vocational, and enrichment classes for residents of Old Orchard Beach, Saco, and other surrounding communities.

OOB/Saco Adult & Community Education Program Areas

High School Completion

HiSET program that includes pre-testing, instruction and testing for high school equivalency and through an adult high school diploma program that provides the opportunity for individuals to complete their graduation requirements.

Literacy & Family Literacy

Through classroom instruction or tutoring, this program area teaches the basic reading comprehensive and numeracy skills necessary to function in our literate community. Specific areas of literacy programming include English as a Second Language instruction and Citizenship.

College Transitions

Maine College Transitions, in partnership with community colleges and the university system, offer high-quality, cost-effective and accessible pathways to post-secondary education for adults. Offered through local adult education programs, College Transitions includes career planning, assessment, college experience, tracking and follow up, and instruction in college preparation coursework.

Business & Skills Training

Instructional programs designed to meet the needs of individuals seeking to gain employment or small businesses in need of training programs for their workers. Common programming areas include medical assisting, optician certification, career counseling, office skills and professional development.

Personal Enrichment

Programs designed to meet the lifelong learning needs of adults and their communities. The activities are varied in response to the unique needs of each community ranging from foreign language, to wellness and exercise, to a wide-variety of skill and craft classes. The courses are housed in public schools but all instructional and material costs are borne by the learners.

2014/2015 Academic Year

Informational Data

- Total enrollment was 2,129.
- Enrollment for enrichment classes was 1,380.
- Vocational enrollment was 139.
- Academic enrollment was 610.
- 274 enrichment and vocational courses were offered.
- 88 academic courses were offered.
- The total number of registered students in enrichment, academic, and vocational classes was 1,534.
- 53% of registrations were completed online.
- Adult education staff completed registration and advisement for 719 students.

TAX DEPARTMENT ANNUAL REPORT

BELOW IS A LISTING OF OUTSTANDING TAXES FY 15 DUE AS OF 6/30/15.

THANK YOU GIDGETTE LEDOUX FOR ALL OF YOUR HARD WORK!! YOUR DEDICATION IS APPRECIATED. JUST A REMINDER TO TAKE ADVANTAGE OF OUR ONLINE RAPID RENEWAL PROGRAM TO RENEW YOUR VEHICLES AND BOATS. IT IS AN EASY AND SECURE WAY TO RE-REGISTER. YOU CAN FIND THE LINK ON THE TOWN WEBSITE OR SIMPLY USE ADDRESS: www.sosonline.org

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Paul R. LePage
GOVERNOR

Dear Citizens of Old Orchard Beach:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Some are pushing to raise the minimum wage, but I want Mainers to earn a maximum wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here in Maine. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Another of my priorities is to lower the cost of student debt in Maine. If young people are struggling with too much student debt, they are unable to afford homes or vehicles. We are now offering programs to help them lower their debt, stay in Maine, begin their careers and start families.

To provide good-paying jobs for our young people, we must also work hard to reduce our energy costs. High energy costs are a major factor in driving out manufacturers, mills and other businesses that need low-cost electricity. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to heat and power their homes affordably and effectively.

And finally, we are making progress to address the drug pandemic in our state. It is my most important duty to keep the Maine people safe. While education, treatment and prevention efforts are important, we must get the dealers off the streets. I am pleased the Legislature has finally agreed to fund my proposal for more drug agents to stem the supply of deadly opiates flowing into our communities, but our law enforcement agencies are still understaffed. We must do more.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

A handwritten signature in black ink that reads "Paul R. LePage".

United States Senate

WASHINGTON, DC 20510-1904

Dear Friends:

In November, the people of Maine entrusted me to serve another term in the United States Senate. I am deeply honored to serve you and will continue to work to bridge the partisan divide and to forge bipartisan solutions to the many challenges our nation faces. With the New Year just beginning, I welcome this opportunity to reflect on some of my work from this past year and to highlight some of my priorities for the year ahead.

The biggest challenge facing our State remains the need for more jobs so that Mainers can stay in our great State to live, work, and raise their families. Since small businesses create the vast majority of jobs, we must help them to start up, grow, and succeed. We must update our tax code to encourage small business investment in equipment and other assets, cut the red tape that is hampering job creators, build the transportation and energy infrastructure to support an expanding economy. We must also foster opportunities for key industries, from agriculture to defense. We must ensure that our workers have the skills they need for the jobs of today and tomorrow. These initiatives will remain my top priorities in the new Congress.

I am pleased to report a number of successes from this past year, including provisions from my "Seven Point Plan for Maine Jobs." My proposals to streamline job training programs and better match workers' skills with employers' needs were enacted as part of a workforce investment act. I helped secure promising manufacturing opportunities for our state—from requiring the military to buy American-made athletic footwear for new recruits, just as it does for other uniform items, to an additional Department of Energy investment in the deepwater, offshore wind power project being developed by the University of Maine, Maine Maritime Academy, and private companies. For Maine agriculture, I succeeded in including the fresh, white potato in a federal nutrition program from which it has been the only vegetable to be excluded.

Also last year, I was pleased to join in the christening of the *USS Zumwalt* at Bath Iron Works, a Navy ship for the 21st Century that will help protect our nation and strengthen one of Maine's most vital industries. And, for Veterans living in rural areas, I secured a two-year extension of the successful Access Received Closer to Home program, which is improving access to health care for Veterans in northern Maine. Finally, after several years in the making, I am delighted that Congress has approved my legislation to form a commission – at no cost to taxpayers – on the creation of a National Women's History Museum. A museum recognizing the contributions of American women is long overdue, and this bill is an important first step toward that goal.

In the new Congress, I will serve as Chairman of the Transportation Appropriations Subcommittee. This position will allow me to continue working to ensure investments are made in critical transportation infrastructure, which is essential for our safety and economic growth. To date, Maine has received more than \$90 million for highway, bridge, airport, rail, and port projects through the successful TIGER grant program.

I will also serve at the helm of the Senate Special Committee on Aging in the 114th Congress, a position I sought because Maine has the highest median age in the nation. Working to address pressing issues facing our seniors, from long-term care and retirement security to the vast potential of biomedical research, will be on our agenda. Preventing and effectively treating Alzheimer's should be an urgent national priority as this devastating disease continues to take such a personal and economic toll on more than five million Americans and their families. The Committee will also continue to focus on the scams and frauds targeting our senior citizens and has a toll-free hotline (1-855-303-9470) where seniors and their loved ones can report suspected fraud.

A Maine value that always guides me is our unsurpassed work ethic. As 2014 ended, I continued my record of never missing a roll-call vote since my Senate service began in 1997; a tally that now stands at more than 5,700 consecutive votes.

I am grateful for the opportunity to serve the great State of Maine and the people of Old Orchard Beach. If ever I can be of assistance to you, please contact my York County Constituent Services Center at (207) 283-1101, or visit my website at www.collins.senate.gov.

Sincerely,

Susan M. Collins
United States Senator

Dear Friends,

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate in January of 2013. First off, I want to make sure you know how to reach my offices, as I welcome your thoughts, questions, or concerns. You can call our toll-free, in-state line at **1-800-432-1599**. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344. You can also provide your input on our website at www.king.senate.gov.

Maine is a large state; I know that traveling to our offices can present logistical and financial challenges, which is why our team implemented an outreach program, **Your Government Your Neighborhood**. My staff has been traveling to communities throughout the state for two years now, hosting office hours for local residents. Since we began, we have made over 400 trips and plan to increase that throughout 2015.

If we haven't yet been to your town office, community library, or school, or hosted an information table at a local non-profit, please let us know!

My work in Washington this year has been broad reaching, and I am committed to continue this work in a transparent and nonpartisan manner.

My projects have included:

- Overseeing national security and defense issues from ISIS to cybersecurity
- Continuing efforts to simplify student loans and make higher education more affordable
- Easing the regulatory burdens facing Maine businesses, farms, and schools
- Co-sponsoring budget initiatives for a smarter economic direction
- Supporting vital infrastructure and highway investments
- Tackling climate change mitigation and its long-term impacts
- Ensuring financial transparency in politics through campaign finance reform
- Promoting the growth of rural internet access
- Co-sponsoring legislation to help working families get paid leave to care for loved ones

I am tremendously grateful for the opportunity to serve you and will keep you informed of my activities in Maine and Washington.

Sincerely,

ANGUS S. KING, JR.

CHELLIE PINGREE
CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friends,

I hope this letter finds you and your family well. It's an honor to represent you in Congress. Thank you for the chance to update you on my work there and in Maine.

Like many here at home, I find the current partisan environment in Washington and Congress to be very frustrating. Attempts to take away people's health care, weaken environmental protections, and stoke controversy have been put ahead of more meaningful work to create jobs, help people through tough times, and give our children a better future.

Still, I have tried to find opportunities to work on issues where my colleagues across the aisle and I can find agreement. As a member of the minority party, I'm very proud that these efforts have earned several legislative victories that benefit the people of our state.

One of the most significant was passage of a Farm Bill containing many reforms I introduced to help the kind of small, diversified, family farms that we have here in Maine. These included more funding to help these farms meet the growing demand for healthy local food, as well as better insurance to fit their needs and helping SNAP recipients use benefits at farmers markets.

Another bill I introduced was signed into law, initiating a study of the York River to see if it is a good candidate for the federal Wild and Scenic Rivers program. The classification would help protect this important natural resource while potentially bringing more visitors to the area and an increased amount of federal investment for its conservation. As a member of the House Appropriations Committee, I've worked to secure other investments for the state as well, including \$20 million to replace a crumbling, unhealthy and outdated tribal school in Washington County.

But not all the work I do is from Washington. My offices in Portland and Waterville assist hundreds of constituents every year who have issues with federal agencies and programs—veterans benefits, Social Security, and Passports among them. If you have a problem where I might be of assistance, I encourage you to call (207) 774-4019. My staff and I welcome the opportunity to serve you.

Again, it's a pleasure to represent you in Congress. Please keep in touch.

Best wishes,

Chellie Pingree

Senator Linda M. Valentino
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

Dear Friends and Residents of Old Orchard Beach,

It is an immense honor to serve Old Orchard Beach and District 31 in the Maine State Senate. Thank you for giving me this opportunity once again to represent you and your interests in Augusta.

This year I was fortunate enough to serve on the Appropriations and Financial Affairs Committee, where we had the monumental task of keeping our fiscal house in order and negotiating a new state budget. Key to our success was the ability to work across the aisle so we could address the pressing needs around our state.

Despite the many challenges facing our state, we were able to produce positive accomplishments on behalf of Maine people. We passed a bipartisan budget that lowers the income tax for the middle class and maintained revenue sharing, while investing in public education and job training for Maine workers. Additionally, the budget protects seniors and public health, bolsters drug enforcement, and provides meaningful welfare reform.

This session, the Legislature also increased the Maine State Grant for Maine college students, restored \$38 million dollars to fund energy efficiency programs for Maine people and businesses, and approved \$100 million in bonds for roads and housing projects.

As always I welcome your opinion and feedback as your Maine Legislature does its work. I am deeply proud to represent the people of Old Orchard Beach, and your ideas, concerns, and questions are critical to me and my work. You can reach me by telephone locally at 205-0077, in Augusta at 287-1515, and by email at senatorvalentino@gmail.com. It is also part of my job to keep you updated on what is happening in Augusta, and I encourage you to sign up for my legislative updates, which you can do by contacting me by email or phone.

I look forward to working with you!

Sincerely,

Linda Valentino
Senate District 31

Cell Phone: (207) 423-4293
George.Hogan@legislature.maine.gov

Dear Friends and Neighbors,

It is an honor to serve once again as your State Representative. I intend to work hard to retain your trust and build upon the work I've done in the Legislature over the last 10 years.

We are going to take on a number of big issues in Augusta this year, from the state budget, to strengthening our schools, supporting senior citizens, property tax relief, jobs, wages, entrepreneurship, veterans, agriculture, the social safety net, access to affordable health care, energy costs, student debt, the environment and many more.

I'm also happy to report that I have been reappointed to the Legislature's Transportation Committee. Modern, well-maintained roads and bridges keep goods and services flowing throughout Maine, increase the speed and power of commerce and improve Maine's tourism sector. They are also crucial for the safety of drivers, bikers and pedestrians. Our committee will work hard to make sure the state repairs or replaces those roads, bridges and other pieces of infrastructure that are most in need.

Whether we are dealing with the above issues or any other topic, I stand ready to work with all of my colleagues, regardless of party affiliation, to make sure we're doing the best work we can for the people of our district and all the people of Maine.

Please contact me if I can be of any help or if you want to discuss or testify on any legislation. My email is george.hogan@legislature.maine.gov. My cellphone is 423-4293 for voice or text message.

Respectfully,

A handwritten signature in cursive script that reads "George Hogan".

George Hogan
State Representative

The following is an excerpt of the fiscal year 2015 Financial Report. The full report can be found on the town's website at www.oobmaine.com

THE TOWN OF OLD ORCHARD BEACH
AUDITED FINANCIAL INFORMATION
FOR THE FISCAL YEAR ENDING JUNE 30, 2015

Diana H. Asanza, Treasurer – Finance Director

Proven Expertise and Integrity

INDEPENDENT AUDITORS' REPORT

Town Council
Town of Old Orchard Beach
Old Orchard Beach, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

3 Old Orchard Road, Buxton, Maine 04093
Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609
www.rhrsmith.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension related information on pages 4 through 11 and 50 through 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Old Orchard Beach, Maine's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2016, on our consideration of the Town of Old Orchard Beach, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Old Orchard Beach, Maine's internal control over financial reporting and compliance.

HISTORY OF OLD ORCHARD BEACH, MAINE

The earliest records of the Old Orchard Beach area date back to 1653. The first settler, Thomas Rogers, established "Garden by the Sea" in 1657. A few years' later ten militiamen repelled 150 attacking Indians near the beach, but a relief party of townspeople coming to support the militiamen was killed in an ambush and Roger's home was burned.

The "old" apple orchard from which the Town took its name, a landmark to sailors for many years, was on high land above the long sand beach. In 1820 Maine, formally part of Massachusetts, became a State by act of Congress. In that same year the first Public House (inn) was opened serving coach travelers and other transients year round. In 1837, E. C. Staples was coaxed into taking summer boarders at his farm for \$1.50 per week. Convinced of Old Orchard Beach's potential as a summer resort, Staples built the first Old Orchard Boarding House near the top of today's Old Orchard Street.

In 1842 brought the first steam railroad from Boston to Portland with a station just two miles west of town. The first restaurants to sell seafood treats and "shore dinners" opened in 1851 near Staples Street. The Grand Trunk Railroad opened in 1853 connecting Montreal to Old Orchard Beach, enabling Canadian visitor to flock to the closest beach to Montreal and avoid the long carriage trip.

The Civil War began in 1861 followed by years of growth and building of homes, streets, stores, livery stables, and beachfront hotels. 1873 brought the Boston & Maine Railroad passing right through Old Orchard Beach and stopping on the site of today's Chamber of Commerce. In that same year a group of Methodists formed the Old Orchard Beach Campground which in the early 1950's was purchased by The Salvation Army. Yearly thousands of Salvationists come to Old Orchard Beach for the ten days of camp meetings. The Ocean Park Association also built their temple in 1881 and nationally known speakers were heard every Sunday all summer.

In 1892 electric trolley cars replaced horse cars to Biddeford and Saco. 1898 proved to be an unfortuitous year to complete the first Pier. Built of steel and measuring 1,770 feet long and 20 feet above the tides, their Pier was severely damaged in November of the same year. 1900 brought the first Town Hall and 1902 the first amusement area complete with roller skating, merry-go-round, rides, games and refreshment stands. The Portland to Old Orchard Beach Electric Railway opened in 1903 where 14 miles of track were traveled in under one hour for \$.20 cents.

The great fire of 1907 destroyed the entire beachfront as firemen from Portland, Biddeford, and Saco rushed to the beach but struggled to contain the blaze, hampered by low water pressure. Rebuilding began at once, and one project “the standpipe” assured adequate water for all.

March 1909 brought another damaging storm destroying “White City” at the end of the Pier and reducing the pier to 700 feet. An international auto race was held on the beach in 1910 with Dave Lewis winning the 100 mile race. The 1920’s and 1930’s were the Big Band era. All the famous dance bands, Guy Lombardo, Rudy Valle, Duke Ellington, and more visited the Pier Casino each summer and thousands dances over the waves under the revolving crystal ball.

Sparked by Lindbergh’s daring flight, many Trans-Atlantic flights took advantage of Old Orchard Beach’s long stretch of wide hard packed sand to attempt their own crossings. The storm of February 1978 almost demolished the Pier and a new pier was immediately planned which opened in June of 1980.

The winter residents of 10,000 welcome over 150,000 during the summer months. Old Orchard Beach is alive with exciting things to do.

**Old Orchard's Best!
"Gunther"**

Officer Christopher St. Pierre and K9 "Gunther" are on a hot streak! They assisted on a bank robbery that occurred in Lewiston. A chase of the suspect vehicle ensued and the vehicle with two robbery suspects crashed in Saco. One of the suspects was caught while the other male ran off with the money. Officer St. Pierre arrived and tracked the suspect down. The suspect surrendered rather than face the large German Shepherd - "Gunther" – another great catch by the K9 team!
