DEDICATION BY THE
TOWN COUNCIL
and the
CONSERVATION COMMISSION
to
JOHN RUSSELL BIRD

May 21, 1943 – May 23, 2016

The Town of Old Orchard Beach lost one of its greatest supporters this past May. The passing of Conservationist, John Russell Bird, was a shock and great loss to many.

Born May 21, 1943, John spent his early years in Massachusetts and for a short time in Florida before spending the bulk of his formative years in Maine. After graduating from Old Orchard Beach High School, he attended Massachusetts Institute of Technology, University of Hawaii, and several other New England Colleges. He received a degree in Computer Science from Hawaii Pacific College in the early 1980's (when computers were a novelty) while setting up and managing HPC's computer lab. In 1988 John moved to the Washington DC area to work as a government systems analyst. During that time he served as the senior civilian Database Manager for the Centralized Credentials Quality Assurance System (CCQAS), a web-based worldwide credentialing application that supports more than 105,000 Department of Defense healthcare professionals.

John's passion for environmentalism led him to cofound the Ocean Park Conservation Society in 1971 to foster, preserve, conserve and promote the natural physical beauty and setting of Ocean Park. He served as its Director until his death. John served as Chairman of the Old Orchard Beach Conservation Commission from 2009 to the present – serving most of that time as Chair.

John was an avid participant in public service. He served two terms on the Old Orchard Beach Town Council (Vice Chairman and Chairman – 1973 and 1975), Charter Commission (2009), Finance Committee, Recycling Committee, School Building Committee (1974), License Ordinance Revision Committee (1976), and Republican Committee (Chair) 1980).

John was a devoted and loving son, father and grandfather. His sense of humor, imagination and inquisitive nature were exceptionally entertaining to be around. John is survived by his two daughters, Kaleo Lisa Alana Leilani Bird and Rebecca Bird. The Assistant Town Manager's tribute to John was a remembrance that after each Council meeting it was her responsibility to turn off the lights, lock up the building and set the alarm. John would always wait in his car until she came out, no matter how late, and once she was safe in her car – he would drive away. A special and caring friend.

“Everybody needs beauty as well as bread; places to pray in; and play in; where nature may heal and cheer and give strength to body and soul alike.”

DEDICATION: BEVERLY RUSSELL
Community Animal Watch

As Portland Press Herald described her - "One of Eleven Mainers for Whom to be Thankful".... the Town Council dedicates this year's Annual Report to Beverly Russell - tireless advocate for seniors and animals.

Beverly grew up in New Hampshire where she and her sisters had cats, dogs, chickens, goats, and a rooster. She grew up believing that all animals just want to be loved.

Beverly, 72, has been a volunteer of Community Animal Watch for the past five years and is undoubtedly the "soul" of the Committee and the epitome of selflessness. She spends literally every day addressing the needs of our seniors and their animals. She drives seniors and their animals to the Vets, recognizing that for many of them their animal is their "family." Beverly spends hours driving individuals and their animals to the Vet for medical care; sits with and consoles them when their loving pet must be put down; and for those animals without homes she reaches out and finds a "forever" home for them.

When people draw attention to Beverly's volunteer work, modest by nature, she points to others who help. She gives much credit to Dr. Pierre Giroux at the Saco Veterinary Clinic and the staff at the Animal Welfare Society. Her hours of work and efforts have taken a toll on her physically and she has acknowledged that in May she will have to step down and let others take over what she has done.

Three years ago a terrible fire destroyed the School Street location where many seniors lived, Beverly being one of them. During the placement in a hotel and motel, Beverly worked tirelessly to address the needs to the eighteen animals that needed to be taken care of and spent time driving the residents affected to appointments and food shopping. What could have been devastating for many became workable because of her personal involvement.

Beverly has lived what St. Francis of Assisi taught - "Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible. If you have those who will exclude any of God's creatures from the shelter or compassion and pity, you will have those who will deal likewise with their fellow men."

A woman who has made an enormous contribution to our community, to our seniors and to those animals which they love.

SHAWN O'NEILL
CHAIR – TOWN COUNCIL

The Town Council of November 2015 to November 2016 included Vice Chair Joseph Thornton, Councilors Kenneth Blow, Jay Kelley, and Michael Tousignant. This Council has shown the ability to work together as a team for the betterment of the community and those who elected us.

The Town Council addressed many vital issues over the past year including balancing a very challenging budget and keeping the tax rate at an acceptable increase so that there is as little impact on our residents as possible. We have actively addressed through sealed competitive bids the sale of tax-acquired property; approved the upgrading of our Waste Water plant and facility related to the Maintenance and Storage Building; focused on the improvements in Town infrastructure needs; supported the building of the new Edith Belle Memorial Library; provided encouragement to the Ballpark Commission in the ongoing professional baseball team ventures; and addressed affordable housing development within our community. The equipment needs of our community have also been addressed with the purchase of a new heavy duty Ladder Fire Truck and a one-ton-pick-up truck with plow for the Fire Department.

With the talents of the Town staff and the leadership of the Town Manager, the Council has facilitated the identifying and ranking of issues of concern to the community and focusing on meeting those needs. The Town Council has displayed the ability to listen, analyze, think strategically and creatively, and work with individuals and groups. We strived to be sensitive and tolerant of different views; and to give a friendly, responsive, and community-building approach to all that we addressed. We have represented you by our desire to see possibilities rather than limitations, and to be leaders of hope. Thank you for providing this opportunity to us.

 Jason Webber, Recreation Director; Dan Feeney, Code Enforcement Officer

Manager's Report

Larry S. Mead

Fiscal year 2016 was a year of robust residential growth, particularly in the single-family home market. Old Orchard Beach is increasingly a destination for people who are close to, or entering, retirement; while new development also is occurring in the traditional sector of Old Orchard Beach as a second home investment; or as an opportunity for making properties available for seasonal rentals. New residential development is ongoing in a number of neighborhood locations, including Cascade Road (Castle Estates, Homewood Park), Portland Avenue (Beachmont, Pond View Woods), and Dunegrass (Cherry Hill, Sandy Meadows, Wild Dunes Way, and The Legends.) Ocean Park and the streets along East Grand Avenue are experiencing infill development, new construction and major renovations. What is driving this residential growth? People are discovering that Old Orchard Beach is a great community in which to live. There is no greater value in Southern Maine for people who want to live close to the Ocean in easy proximity to Portland, Boston and I-95.

The new development and strong renovation market has resulted in increased permit activity and heavy demand in both the Code Enforcement Office and the Planning Office. This year staff instituted two new initiatives intended to increase financial accountability; improve communication between municipal departments, and provide better and more responsive input to both the Planning Board and to development applicants. A Development Review Committee was formed that brings staff together each month to jointly review projects being considered by the Planning Board. In addition a new procedure was developed in the Planning and Finance Departments to ensure that sufficient funds are secured from Developers to pay for the cost of the review and inspections, and required infrastructures, so that these costs do not inadvertently end up being covered by property taxes.

There were a number of important upgrades to municipal facilities, including a new Skateboard Park located on Ballpark Way; location of the temporary dog kennel at the Police Department; replacement of the two Tennis Courts at Memorial Park; and a new Storage-Maintenance Building at the Waste Water Treatment Facility. Public Works Department Staff completed work to develop a bicycle and pedestrian path between downtown (beginning at the end of School Street) and Dirigo Drive, from where users connect to the Eastern Trail via Ross Road and Pond View Road.

After careful deliberation the Town Council decided not to locate a seasonal Waste Handling Facility at the Milliken Street Parking Lot, deciding instead to have the downtown summer maintenance contractor haul trash directly to the BBI Transfer Facility. The Council also approved revisions to the housing ordinance intended to increase the availability of seasonal housing for the hundreds of international student workers who are so important to the success of our summer business season.

It has been my honor and privilege to serve this past year as Town Manager. I am very grateful to the Town's dedicated workforce; to many volunteers who serve on our Boards and Commissions; and to the Department Heads and Assistant Town Manager for their loyalty and commitment. My sincere thanks to members of the Town Council who continue to lead by example. I appreciate the confidence you place in me each day.

*ANNUAL REPORT
V. Louise Reid
Assistant Town Manager*

"Time flies" they say, and thirteen years have gone by since my appointment as Assistant Town Manager. They have been years of learning; lending a hand to the six town managers who have brought their own vision to the community; enhanced by the trust of loyal residents; we have moved forward to see remarkable strides in our community.

As an avid reader - I am often challenged by those whom I revere - "I alone cannot change the world, but I can cast a stone across the waters to create many ripples." — Mother Teresa

Our current Town Manager has proven the lesson to our staff that welcoming and helping those for whom we are responsible is in our ability to pool our strengths and share the work and responsibility - a lesson we have learned well. We have experienced the joy of doing ordinary things with tenderness and caring.

I am proud to walk through our beautiful Town of Old Orchard Beach and listen to the voices of those who share the pride and personal joy that comes from living here. The beauty of the ocean frees my soul to rise above the pettiness of irritating issues and to set my eyes on a goal of unifying those with whom I work and whose shoulders I touch each day. I am grateful for this opportunity to be part of our Town family whose goal is always to do what is best for the community we love.

Age teaches us that tomorrow is in the future; so each today provides the ability to capture the moments of the present.

HUMAN RESOURCES
2016 Annual Report
Fran Beaulieu, Human Resource Manager

Mission Statement

“The Human Resources Department will attract and retain qualified, productive, motivated and dedicated employees who will provide efficient and effective services to the citizens. The Town recognizes that the Town's employees are a considerable resource that requires investment to ensure that we have the talents and skills needed to meet the needs of the Town.”

Scope

The Town employs 85 full time employees and a varying number of part-time and seasonal employees, ranging from 50 to 200, across 12 departments. Each department has a unique mission and unique functions, processes, and legal and organizational requirements, but all share a unifying overall goal of quality service delivery to Old Orchard Beach citizens. Our employees represent a cross section of the greater community, and we believe that our employees are the Town's greatest asset.

This was a busy year with hiring over 100 seasonal staff (consisting of new and returning: Police Reserve Officers, Parking Enforcement Officers, Lifeguards, EMTs, Recreation Counselors, Beach Cleaners, Public Works Laborers and Election Workers). Four full time new hires: Taylor Richardson, Fire Department; Nikole Clough, Finance Department; Tammy Munson, Code Enforcement Department; Megan McLaughlin, Planning Department. We also appointed William Farley as Interim Fire Chief.

We promoted 6 employees to full time: Andrew Chute, Public Works Department; Steven Broy, Police Department; Michael Baker, Fire Department; Joshua Grzyb, Fire Department; Thomas Gallant, Fire Department; & Dennis Nason, Public Works Department.

We also lost Nicole Welch from the Recreation Department; she was hired as a Recreation Director in Buxton. We wish her the best in her new endeavor.

Responsibilities

- | | |
|--|---|
| <ul style="list-style-type: none"> • Employee Recruitment • Employee Relations • Development & Implementation of Personnel Policies • Compensation • Contract Negotiations • Risk Management | <ul style="list-style-type: none"> • Training • Terminations • Retirements • Employee Benefits • Risk Management • Internal Administration of Worker's Compensation |
|--|---|

The Town employees include a non-unionized workforce that make up our senior management staff, administrative personnel, and part-time/seasonal staff that is governed by our Personnel Policy. The balance of the full time workforce is unionized and is governed by their respective collective bargaining agreements.

Four Separate Bargaining Units Represent Union Employees

Maine Association of Police	Police Command & Patrol Employees
International Association of Firefighters	Firefighters/EMTs/Paramedic Employees
American Federation of States, County, & Municipal Employees	Public Work's Employees
Old Orchard Beach Wastewater Association	Wastewater Treatment Plant Employees

Federal & State Mandates

Many Federal and State laws affect the work of the Human Resources department, such as But not limited to, the Maine and Federal Family Medical Leave Acts, the Fair Labor Standards Act, the Americans with Disabilities Act, the State Workers Compensation laws, and multiple state laws covered in Title 26 of the Maine Revised Statutes. The Town is an Equal Opportunity Employer. Job opportunities are listed on the Town's website, Jobs in Maine and the Maine Municipal Association website.

**KIM MCLAUGHLIN
MTCCA - CLERK OF THE YEAR**

The Town of Old Orchard Beach is proud to acknowledge that Kim McLaughlin, Old Orchard Beach Town Clerk, was selected by other members of the Maine Town and City Clerks Association as “MTCCA’s Clerk of the Year.” Kim was recommended for this award by the Assistant Town Manager, V. Louise Reid.

Kim was certified as a Maine Clerk in 2004 and recertified in 2007 and has life time certification in 2011. She became the Town Clerk for Old Orchard Beach on November 7, 2000. She has served as Past President of the Maine Town and City Clerk’s Association and taught classes for them since 2007 in Licensing, New Clerks, Record Management, Registrar of Voters, Title 21-A, and Vital Records. She has a very impressive history having been elected to the Town Council for two terms; worked for the municipality as a Dispatcher; provided service in Saco as a Police Officer; and served in the York County District Attorney’s office as a Victim Witness Advocate.

She has been involved for many years with the Town’s Halloween Party; the Chamber of Commerce Car Show; Woolstock at the Ballpark; Rev 3; and is totally responsible for the Town’s outstanding Memorial Day Parade. She administers the local Television Channel 3. Her educational background is impressive. She received outstanding recommendations from our Assistant Town Manager; from Cheryl Poulopolus – Director of the Seaside Pavilion; from James Harmon, former head of the Old Orchard Beach Chamber of Commerce; from Police Chief Dana Kelley; and from John Myers, Jr., Buxton Town Clerk.

Kim McLaughlin has undeniably made a significant contribution to the Clerk’s profession as she exemplifies the qualities of fairness, experience, knowledge and service. Perhaps one of Kim’s most admirable traits is that she can challenge conventional practices by exploring new paths, procedures and approaches; and is a problem solver. To be able to capture all opportunities; make wise and fair judgments based on facts; and encompassing basic management principles and methods; are talents which puts her “at the top of the ladder.”

Attending the presentation to Kim by the MTCCA in Waterboro, Maine, were the Town Manager, Larry Mead; Assistant Town Manager V. Louise Reid; Georg Greene, Assessor; her daughter, Megan McLaughlin, Deputy Planner; and daughter Christie McLaughlin. The Town Council recognized her accomplishments at a Town Council Meeting in September of 2016.

TOWN CLERK

To the Citizens of Old Orchard Beach

I am truly honored to provide you with information about the activities of the Town Clerk's Office.

The Office of the Town Clerk is responsible for all the records of the town, including all birth, death and marriage records, issuance of marriage licenses, all meeting minutes from the Town Council, as well as all boards appointed by the Town Council. This Office is also responsible for Elections, hunting and fishing licenses, horse permits, as well as dog licenses, and parking permits.

The breakdown of licenses issued are as follows:

Dog Licenses	Parking Permits	Hunting/Fishing Licenses	Non-resident Hunting & Fishing Licenses
1,153	363	288	10

This year the Town Clerk's Office recorded 61 births, 97 deaths and 92 Marriages.

Sadly, we have lost many residents that have contributed to our community and many other civic organizations.

RECORDED DEATHS

June 24	John E. Burchill	72	Freeport
June 24	Ellen R. Clark	89	Old Orchard Beach
June 25	Roger Duceppe	76	Old Orchard Beach

It's sad when we lose residents that have contributed greatly to this community over the years. Alfred Hills was very dear to the heart of the Town Clerk's Office. He not only was on the Planning Board in 1985/86, but he was a ballot clerk from 1986 to 1999, became Assistant Warden in 2000 and Warden in 2001. He remained Warden until his health declined in 2011; Robert Jolicoeur was on the Board of Assessment Review from 2009 until his passing; Marilyn Aube was a ballot clerk from 1991 to 2010; Frances Smith was a ballot clerk for over 40 years, serving from 1967 until 2010; Aline Fontaine was the Chair of the Board of Registration from 1982 to 1995, when she was appointed as the Registrar of Voters and remained in that position until 2002; John Bird served two terms on the Town Council, 1973 and 1975, served on the Conservation Commission, most recently from 2009 until his passing, elected to Charter Commission in 2009, served on the Finance Committee, Recycling Committee, School building Committee (1974), and License Ordinance Revision Committee (1976), just to name a few boards/committees that John was able to show his dedication through; Ellen Clark, wife of former Police Chief John Clark, was a ballot clerk for almost 50 years, serving from 1966 until 2015.

This year we had two elections. The first was November 3rd, 2015, which was a State Referendum and Municipal Election. Voters elected Jay Kelley and Joseph Thornton to the Town Council, David Boudreau and Stuart Hogan to the RSU #23 Board of Directors, and passed a \$857,000 bond for Waste Water Treatment Plant improvements, including a Process Building and Dewatering Upgrade Project (1000/317). There were 1421 voters that voted in that election. The next election was on June 14th, 2016, with 898 voters participating in the State Primary and RSU #23 Budget Validation Referendum, passing the RSU #23 budget (667/219).

Deputy Jeffrey Thompson has now been here for almost 17 years. I appreciate his dedication to this community and hard work every day. We welcome aboard Deputy Clerk, Charlene LoPresti, a great addition to the office with great dedication to this community.

If you would like to be on an e-mail distribution list for all Town Council agendas, as well as any and all of our other committee agendas, please subscribe through the website at www.oobmaine.com. Thank you to all the citizens of Old Orchard Beach for electing me as Town Clerk, and I continue to work hard and remain a friendly and useful source of information.

Warmest Regards,

Kim M. McLaughlin, Town Clerk

Report of the Assessor for FY'16:		
<u>April 1, 2015</u>		
Taxable Real Estate	\$	1,496,237,450
Taxable Personal Property		28,382,240
Homestead Exemption		9,023,800
Tax Exempt Property		55,144,600
Total Commitment to Tax Collector	\$	23,144,350.84
The Tax Rate for Fiscal Year 2016		.01518

The real estate market for Southern Maine properties, particularly for seacoast communities such as Old Orchard Beach, appear to have stabilized and continue to see appreciation in many areas on or near the ocean. The property assessments are well within the state standards when compared to the qualified sales. In FY'16, the assessing office reviewed hundreds of permits resulting in approximately \$15,551,440 of new growth. This was a net increase, after depreciation and other adjustments, in the total taxable valuation of \$14,431,200. The tax mill rate increased by \$.30 to \$15.18 per \$1,000 of a property's assessment. It is interesting to note that 8.6% or \$1.31 of the \$15.18 mill rate is designated for operations of the wastewater department. In many cities and towns, this is a separate bill for homeowners, who are connected to the town wastewater system. The median assessment ratio (assessment ratio = assessment divided by sales price) is approximately 95% which means properties are being assessed on average at about 95% of their fair market value. This decrease of 2% from the FY'15 ratio indicates a continued rise in the more desirable locations of the local real estate market. The overall assessment to sales ratio remains below the fair market value, as of April 1, 2015.

Our focus has always been to provide the taxpayers/public with all the information necessary to make the best decisions on whatever situations are at hand. Transparency is the key. One of the challenges for assessing continues to be how we can better inform the taxpayers so they have a more complete understanding of the importance of the assessing office in maintaining a stable, fair, and equitable taxation base.

Our goal will continue to be to provide an equitable and accountable real estate based assessment program that is fairly administered as outlined in the State Statutes governing property assessment. The assessment ratios will also continue to be in compliance with the standards for quality assessment as outlined by the International Association of Assessing Officers.

There are programs, such as the Homestead Exemption and Veteran Exemption, available to those residents who qualify, to help alleviate some of the tax responsibility. They are outlined on the Town's website and are also available at our office in the Town Hall. These forms are due in the Assessor's Office by April 1st in order to be applied to the next fiscal year.

George Greene – Assessor, Bill DiDonato - Deputy Assessor
Kathy Fuente/Pam Given - Administrative Assistants

Respectfully submitted,

George Greene, CMA
Old Orchard Beach Assessor

Report of the Town Planner

As your Town Planners, our primary responsibility is to coordinate growth and development in Old Orchard Beach through the administration of local, state, and federal laws, regulations, and ordinances. Some of our duties include responding to requests for assistance on land use development questions, reviewing development proposals and plans, production and implementation of the comprehensive plan, development and amendment of all local ordinances, economic development, oversight of code enforcement office activity, staff advisor for the Planning Board, Design Review Committee, Comprehensive Plan Committee, Development Review Committee, and Museum in the Streets Committee.

Some highlights from 1 July 2015– 30 June 2016 (FY16):

- Hiring of part-time assistant planner.
- Creation and adoption of new Planning Board Procedures (last done 1999).
- Creation of the Development Review Committee which is staffed by department heads charged with reviewing and commenting on Planning Board and Design Review applications as well as other land use related matters.
- Regular Planning Board workshops held to discuss various matters including ordinance development, project status, etc.
- Comprehensive Plan Committee completion of work on Future Land Use Plan.
- Significant progress with Museum in the Streets.
- Complete re-organization of the development escrow accounts and performance guarantee program.
- All Planning Board positions filled- first time in over 5 years.
- Planning Board activity slightly decreased as proposals become more complicated.
- Continued increase of new single-family home development.

The Planning and Codes Department is a key contact point for all development inquiries and economic development matters. The Department routinely answers citizen questions whether planning related or not. For planning, land development, ordinance development, comprehensive planning, economic development, and other town-related information please call Jeffrey Hinderliter (207) 934-5714 ext. 1517, email jhinderliter@oobmaine.com or Megan McLaughlin (207) 934-5714 ext. 1536, email mmclaughlin@oobmaine.com or stop by our office at town hall.

Planning Board.

The Planning Board is a 5 regular and 2 alternate member volunteer board appointed by the Town Council. The Planning Board responsibilities include, but are not limited to the review of subdivisions under State Subdivision Law and Old Orchard Beach Subdivision Ordinance, Site Plan Review, Conditional Use applications, Shoreland Zoning permits, and consideration of zoning and ordinance changes.

Below is a comparison of Planning Board related activity between 1 July 2012 – 30 June 2013 (FY13) through 1 July 2015– 30 June 2016 (FY16):

FY13

*Subdivisions: 9; *Site Plan: 10; *Conditional Use: 4; *Ordinance Work: 4; *Design Certificates: 6
*Lots/Units Added (Including Lodging & Campsites): 85; *Nonresidential Sq. Ft. Added: 36,267

FY14

*Subdivisions: 12; *Site Plan: 11; *Conditional Use: 10; *Ordinance Work: 3; *Design Certificates: 4
*Lots/Units Added (Including Lodging & Campsites): 96; *Nonresidential Sq. Ft. Added: 35,340

FY15

*Subdivisions: 13; *Site Plan: 8; *Conditional Use: 14; *Ordinance Work: 3; *Design Certificates: 13
*Lots/Units Added (Including Lodging & Campsites): 116; *Nonresidential Sq. Ft. Added: 23,905.

FY16

*Subdivisions: 7; *Site Plan: 5; *Conditional Use: 13; *Ordinance Work: 3; *Design Certificates: 10
*Lots/Units Added (Including Lodging) 105; *Nonresidential Sq. Ft. Added: 18,950.

Below is a summary of Site Plan Review, Subdivision, Conditional Use Applications, and Zoning Amendments considered by the Planning Board during FY16:

- Creation of connecting road and lot line change. Homewood Park.
- Zoning district amendment: Expand Campground Overlay District. Paradise Park Campground.
- Change use of 7 units from seasonal to year-round. Saco Ave.
- Revise Planning Board rules and procedures.
- 40 unit (single-family style) condominium project. Saco Ave.
- 6 unit (single-family style) condominium project. Saco Ave.
- Exterior motel improvements. West Grand Ave.
- Construct 1,000 sq. ft. building for retail use. Old Orchard St.
- Amend site plan to change delivery concept. Ocean Park Rd.
- 30x40 trash collection building. Milliken St.
- Revise location of two apartment buildings, parking and stormwater. Smithwheel Rd.
- Off-site catering business. Portland Ave.
- Construct a 2,080 sq. ft. drive-thru restaurant. Ocean Park Rd.
- 8 lot residential subdivision. Wild Dunes Way.
- Parking lot buffer. Saco Ave.
- Catering business and bakery. Portland Ave.
- Zoning ordinance amendment to allow cafes in the GB2 District.
- Construct a 4,000 sq. ft. equipment building. Manor St.
- Withdraw off-site catering business proposal. Portland Ave.
- Remove two detached residential units and replace with one duplex. Puffin St.
- Accessory dwelling unit. Idlewild Ave.
- 28 unit apartment complex. Smithwheel Rd.
- Bakery within accessory building. Portland Ave.
- Remove single-family home and construct mixed-use building. East Grand Ave.
- Remove, replace and remodel two residential buildings. Brisson St.
- Install 62x68 modular building for classroom space. E. Emerson Cummings Blvd.
- Install 52x57 modular building and 5x10 attached hallway for classroom space. Jameson Hill Rd.
- Demolish former parsonage. Saco Ave.

The Planning Board members are Chair Mark Koenigs, Vice Chair Linda Mailhot, Win Winch, Eber Weinstein, Michael Fortunato, and alternates Ryan Kelly and Laura Bolduc. We feel very fortunate to have such a committed, hard-working group. Every month, the Planning Board holds a workshop on the first Thursday at 6:00 PM and a regular meeting on the second Thursday at 7:00 PM. Meetings are held at town hall in the Council Chambers.

Design Review Committee.

The Design Review Committee (DRC) is responsible for conserving the cultural architectural heritage of our town, providing technical design assistance to property owners, and promoting quality architectural design and historically sensitive building renovation as a means of sustaining economic vitality and stable property values. The DRC is responsible for reviewing and providing recommendations on exterior building/structure and property modifications, alterations, additions, new construction, and demolition within specific locations of town.

Design Review proposals FY13 – FY16. FY13 proposals: 10; FY14 proposals: 19; FY15 proposals: 14. FY16 proposals: 11. During FY16, the DRC considered the following proposals:

- Demo 2 structures and rebuild within existing footprint. Brisson St.
- Remove existing building and construct 3-story mixed use. East Grand Ave.
- Remodel 2 structures. East Grand Ave.
- Demo former parsonage. Saco Ave.
- Museum in the Streets discussion.
- Design Review related ordinance discussion.
- Parking lot buffer plan. Saco Ave.
- Construct dormers, decks, patios, stairs, handicap access, garage, expand and add upper level, landscaping. West Grand Ave.
- 20x40 trash collection building. Milliken St.
- Construct new nonresidential building. Old Orchard St.
- Replace siding, windows and doors. West Grand Ave.

Like the other boards and committee's we work with, the DRC works hard to improve the town and we're very thankful to have such committed volunteers. The DRC members include Chair Don Comoletti, Kim Schwickrath, Ray Deleo, and Mark Lindquist. The DRC meets on the First Monday of each month, 6:00 PM in the Council Chambers.

Comprehensive Plan Committee

A Comprehensive Plan is the adopted official binding document for future development and conservation. The plan sets forth goals; analyzes existing conditions and trends; describes and illustrates a vision for the physical, social and economic characteristics of Old Orchard Beach in the years ahead; and outlines policies and guidelines intended to implement that vision.

Comprehensive plans address a broad range of interrelated topics in a unified way. The planning process provides a chance to look broadly at programs including housing, economic development, public infrastructure and services, natural resources, demographics, local history, recreation, and land use and how they relate to each other. One of the most important functions of a comprehensive plan is to provide valuable guidance to those in the public and private sector as decisions are made affecting the

future quality of life of current and future residents, business owners and visitors and the natural and built environment in which they live, work, shop, recreate, and enjoy.

A comprehensive plan serves as a guide for how a town will grow. The Old Orchard Beach Comprehensive Plan Committee looks forward to the future and thinks about what kind of growth is appropriate, where it should take place, what special assets need protection—in short, what kind of a town and way of life Old Orchard Beach citizens, businesses and visitors want for the years to come. A plan is essential if the town is to encourage growth in constructive ways.

A majority of the Committees work during FY16 was associated with the development of the Future Land Use Plan (FLUP). Below is an example of the new zoning district descriptions within the FLUP:

R1 (Residential 1)

The residential 1 district (R-1) is established as a zoning district in which the principal use of the land is for low density single-family and two-family residences and limited, compatible non-residential uses that contribute to a wholesome residential neighborhood environment.

R2 (Residential 2)

The residential 2 district (R-2) is established as a zoning district in which the principal use of the land is for single-family, two-family and multi-family (conditionally) residences and customary accessory, municipal, educational and religious uses that contribute to a wholesome neighborhood environment. It will provide for certain non-residential uses but limited so as to maintain residential compatibility.

R3 (Residential 3)

The residential 3 district (R-3) is established as a zoning district where the principal use of the land is for single-family, private residences on small lots.

R4 (Residential 4)

The residential 4 district (R-4) is established to accommodate one-family and multifamily homes, and customary accessory educational, public and religious uses associated with residential neighborhoods.

OPD (Ocean Park District)

The intent of the OPD is to provide an area that allows a variety of residential uses and a limited number of low-impact, compatible non-residential uses and a visual style that compliments Ocean Park's character. The district encourages standards that are in keeping with character of this area and a pedestrian-friendly environment.

RD (Rural District)

The rural district (RD) is established as a zoning district where the land is used for a wide variety of purposes at low density and where ample land area is an essential prerequisite for establishment and conduction of most rural land uses. Preservation of its rural character and sensitive environmental resources to the extent possible is also one of the most important purposes of the RD district.

DD1 (Downtown District 1)

The purpose of the downtown district 1 (DD-1) is to maintain the historical downtown area as the town's principal commercial, service, and entertainment center for year-round residents and seasonal visitors,

by promoting increased commercial diversity, vertical stratification of mixed uses, improved infrastructure, and implementation of design standards targeted at creating a visually exciting and harmonious environment attractive to the changing market demands.

DD2 (Downtown District 2)

The downtown district 2 (DD-2) represents a natural expansion of the DD-1 district into adjacent underutilized parcels for the purpose of increasing the critical mass of commercial space and diversity of goods and services essential to provide for a strong local economy. Since the DD-2 district is both visually and functionally related to the traditional downtown, many of the same uses and design standards of the DD-1 district apply.

GB1 (General Business District 1)

(a) The general business district 1 (GB-1) shall extend along Old Orchard Road, Ocean Park Road, Temple Avenue, and Saco Avenue from the Saco town line to E. Emerson Cummings Blvd./Union Avenue, and shall extend to a lot line of any lot with direct frontage on any of the streets or roads mentioned in this subsection for a maximum depth of 400 linear feet from the street centerline.

(b) The GB-1 district is intended to accommodate commercial activities that are inappropriate to the downtown due to the compact settlement pattern in the beachfront area. While the GB-1 district is slowly evolving into highway commercial area, district regulations establish site development standards that encourage expansion of commercial uses while preserving the existing building line and mixed use character of the area.

GB2 (General Business District 2)

(a) The general business district 2 (GB-2) shall extend along both sides of Saco Avenue from E. Emerson Cummings Boulevard to the DD-2 district boundary at tax map 206, block 26, lot 1, and shall extend to the back property line of any lot with direct frontage on Saco Avenue for a maximum depth of 300 feet from the street right-of-way.

(b) With the density of the settlement pattern of this area, the GB-2 district is primarily designed to encourage conversion of existing residential structures to small office and retail operations that generate relatively lighter trip generation and parking demand.

NCD1 (Neighborhood Commercial District 1)

The purpose of the Ocean Park neighborhood commercial district (NCD1) is to provide for the continuation and/or establishment of businesses and services, which support and complement the character of surrounding residential neighborhoods.

NCD2 (Neighborhood Commercial District 2)

The purpose of the Union/Washington Ave neighborhood commercial district (NCD2) is to provide for the continuation and/or establishment of businesses and services, which support and complement the character of surrounding residential neighborhoods.

DTR (Downtown Residential District)

The intent of the DTR1 is to provide an area with a variety of residential uses with easy access to the downtown. This area is meant to be primarily residential but to also allow a limited number of non-

residential uses that complement the downtown area while not impacting the residential neighborhoods character.

ID (Industrial District)

The industrial district (ID) is established as a zoning district where the principal use of the land is for manufacturing, processing, treatment, research, warehousing, storage and distribution, excluding those uses where there is danger of explosions; chemical, radioactive, or biological contamination; or other hazards to public health or safety.

The Comprehensive Plan Committee is a committed group of hard working residents and the progress we've made is due to their efforts. We expect the first draft of the comprehensive plan to be complete during the winter of 2017. Committee members include Chair Lou Valentine, Win Winch, Jason Webber, and Jean Leclerc. Also, we've had 2 non-members, Helene Whittaker and Pat Brown, who've been very helpful. The Committee calls meetings as needed and typically meets once a month.

Museum in the Streets

DID YOU KNOW...?

In 1907 there was a fire that destroyed ¾ of Downtown OOB

In 1911 auto races were held on the beach with cars reaching speeds greater than 100 mph

The Pier was damaged by storms, a fire and a blizzard 4 times before today's version was constructed in 1980

Have you ever wanted to know more about the history of Old Orchard Beach? Through our Old Orchard Beach Museum in the Streets (OOBMITS) tour, now is your chance!

OOBMITS is an educational project about the Town's history that engages all community members to come out, walk, and explore the Town. The project is a free self-guided historical walking tour made up by a series of 20x20 inch panels with photos of the past and write-ups in two languages. With language in both English and French, the diversity of the Town's origins is highlighted while reaching out to the tourist population that the Town still attracts today. Panel text is meant to be both factual and anecdotal (local stories, lore, and gossip).

The Formica panels will be located at thirty sites in Town, each with their own story to tell. OOBMITS is a way for the Town to bring our history to the streets and engage residents and visitors alike over the course of an afternoon or several return visits. The project encourages the preservation of local historic sites and promotes knowledge of stories, events and traditions.

The first OOBMITS committee meeting was held in October of 2015 and the ideas have continued to flow! The first fundraising event, a haunted walking tour of Old Orchard Street was held in October of 2016 and raised \$525 for the project! The goal is to have the panels up beginning in 2017.

For more information on this exciting project, please like and follow our Facebook page: www.facebook.com/OOBMITS

There is much exciting work the Planning Department will engage in during the next fiscal year. Creation and implementation of a new comprehensive plan and continued work to improve planning functions are just a few items we'll work on. We appreciate the incredible amount of time and effort from all Board and Committee members, the Council's support, the help and kindness from town staff and management, and the positive encouragement from the town's people.

Kind Regards,
JEFFREY HINDERLITER, Town Planner

MEGAN MCLAUGHLIN, Assistant Planner\

**Code Enforcement Department
Dan Feeney Code Official**

This year saw our department move in many directions.

William Di Donato departing for Saco and Biddeford. Then through a lot of hard work by the Town Manager, and a little persuasion from us, he returned to our department. Bill is an extremely hard working individual who splits his time between Code and Assessing and we are thrilled to have him back.

Kathy Smith has been diligently going over hundreds of business licenses to ensure their accuracy and completeness; a very time consuming job requiring attention and commitment.

Tammy Munson was hired as an Inspector earlier this fall, splitting her time between Old Orchard Beach and Saco. She is very knowledgeable in many facets of Code and she will be strengthening our department in many ways, handling numerous projects.

Rodney Belanger, our part-time Inspector, whose knowledge of electrical issues has been a true asset to us. Rod took some time off this year to build a house and travel he too was missed by all.

Valdine Camire held us all together this summer when as there were many changes in the makeup of the office. This was a year of team work and we appreciated all her hard work and dedication. She truly stepped up for us.

The mission of the Old Orchard Beach Code Office is to serve the residents, business owners and visitors who seek the assistance of our capable staff. Although the staff has seen some movements in the department, the professional knowledge and expertise of our staff including Kathy Smith and Val Camire in the area of licensing and administration; William DiDonato who has shared his experience as the Deputy Assessor in addressing many of the code issues that we have faced; Rodney Belanger, our part-time Code Officer whose knowledge of electrical issues has been a true asset to us; and Tammy Munson, Deputy Code Officer is shared between the City of Saco and the Town of Old Orchard, bringing much knowledge in the area of code and ordinance regulations.

The Code Office is moving towards the State adopt of the IBC-IRC Code 2015 (MUBEC) edition. This year most of us have been taking the necessary steps to have it flow seamless from now until it is finally the "rule." I wish to thank the many departments that offer their assistance and support to us including Police, Fire, Waste, Water, Public Works and the staff at Town Hall. It is indeed a team effort.

Permitting was at a high level this year and is increasing, issuing 1,164 business licenses.

Permit Totals July 1, 2015 through June 30, 2016

Building Permits Total	588	\$148,806.73
Sewer Permits Collected	78	\$77,720.00
Electrical Permits Total	298	\$23,663.40

Plumbing Permits Total	200	\$21,425.00
Grand Total		1,164 Permits Issued

Zoning Board of Appeals (ZBA)

The Zoning Board of Appeals has heard many different types of cases this year, keeping the amazing growth in check and within the requirements of the ordinances. This Board diligently reviews and discusses the different appeals in a cooperative manner with each other. The ZBA has a difficult mission but always seems to be able to meet the needs of the ordinances with wisdom and accuracy. We are extremely fortunate to have these Board Members to hear the appeals of the community's citizens.

This is my third year in Old Orchard Beach and I look forward every day with the same enthusiasm as I did when I was first hired. I appreciate all the support that this community shows this office and acknowledge the efficiency and professionalism of our entire staff. If you have any questions about the permitting process including building, electrical, plumbing, sub-surface, or any projects, please feel free to stop by or call us with your questions.

Regards,

Dan Feeney - Code Official

Business Licensing

This year in licensing we saw 158 new business licenses inspected and sent to the Town Council for approval between July 1st 2015 and June 30th 2016. Licenses that were approved by Council this year included an assortment of different businesses. New businesses opening up this year included retail stores such as Bigsal's Smoke Shop, A.I.J. Shoe Warehouse, Seaside Thrift Shop, Sea the Sun, Goosefare Trading, Yarina's Threads, Seaside Gifts, Carney's Customs and Urban Farm Vintage. We also welcomed several food establishments including, Kathi's Kitchen, and Barefoot Boy Restaurant now operating under new ownership. Four new lodging businesses opened their doors this year as well, Crow's Nest Resort, Seaside Motel, The Rebekah Inn and The New Oceanic Inn now under new ownership. Other new businesses included Bills Auto Sales, Shipyard Waste, Paul's II Gas & Convenience, Vend-a-Lem, Psychic Readings and Harmonic Energy Massage & Wellness. We wish all these businesses much success operating here in Old Orchard Beach.

We ended the fiscal year with approximately 1,613 business licenses in operation. The following is a breakdown of what types of businesses we have here in Town.

Amusement Parks	1
Amusement Arcade	1
Auto Body Shops	2
Body Piercing Establishments	1
Body Piercers (Individuals)	1
Campgrounds	9
Car Wash	1

Childcare	2
Coin-operated Devices	18
Games of Skill	1
Gas Pumps	4
Ice Cream Trucks	1
Junk Yard	1
Laundromats	16
Massage Establishment	2
Massage Therapists	3
Miniature Golf	3
Parking Lots	23
Personal Service	14
Recreational Vehicle Sales	3
Rental of Merchandise	12
Retail	89
RV Rentals	1
Seasonal Rentals	304
Service Stations	11
Sidewalk Cafe	1
Tattoo Establishments	2
Tow Trucks	2
Used Car Lots	4
Vending Machines	48
Victualers	136
Waste haulers	9
Year Round Rentals	1,073
Vendor Carts	1

Respectfully submitted,

Kathy Smith - Business Licensing

Since issuing this Annual Report, Kathy Smith has accepted a position working for the Old Orchard Beach Police Department. We will miss her in Planning and Code.

**ANNUAL REPORT
OLD ORCHARD BEACH HEALTH OFFICER
7/1/2015-6/30/2016**

Once again, it has been my pleasure to serve the town as Health Officer for FY2015/2016. The mission of the Town's Health Officer is to assist and support the Town with the responsibilities to the public in health safety.

This year, the unusually warm and dry winter has enabled many nuisance and illness spreading insects to thrive more this year than recent years. One of the most troublesome is the issue of ticks. Female deer ticks carry Lyme disease which can be very debilitating to a person when bitten. It is best to combat this issue when going outside, in grass, woody areas and shrubbery, by checking clothes, pets, and other items which are out of doors. Ticks have been discovered to live and breed under dead leaves, and in areas that are protected from the elements. The Town Hall has a photo of tick eggs. If a person is bitten by a deer tick, it is recommended to seek professional care.

Mold continues to be in the forefront of attention for those of us who live in New England. The best solution is to find the source of the moisture, eliminate it, and clean it up with a good detergent. Most mold is not harmful to most individuals, unless they have an allergy to mold.

There have been several issues with elderly and disabled people needing aid in their homes. The Office of General Assistance, Code Enforcement, EMS, Police Department, and the Maine DHHS/ Division of Adult Protective, have all worked collectively to help those in need of aid.

We are always willing to help those in need. Please contact the Town Hall for concerns regarding public health and safety to be referred to the appropriate department.

Respectfully Submitted,

Anita L. Anderson
Local Health Officer

**OLD ORCHARD BEACH FIRE DEPARTMENT
2015 – 2016 Annual Report**

Chief Edward Dube

On May 17, 2016, the Town Council appointed William Farley, a resident of Old Orchard Beach, and a veteran of more than 45 years of fire service in two Maine communities, as Interim Chief of the Fire Department while the Town conducts a hiring process for a Fire Chief. Bill served for over 30 years with the Falmouth Fire Department, including two years as a District Chief, two years as the part-time Department Chief; and twelve years as Deputy Chief until 1999 when he stepped down upon relocating his residence to Old Orchard Beach, joining the Old Orchard Beach Fire Department as a call-force member in 2000 and has served as the call-force Lieutenant for the past five years.

On August 2, 2016, the Town Council appointed Edward Dube as Fire Chief, effective 8/15/16. Chief Dube was employed by the City of Saco Fire Department for thirty-three years. A graduate of Thornton Academy, he joined the Saco Rescue as an EMT and moved up through the ranks from Pump Operator to Lieutenant, Captain and Deputy Fire Chief in 2001, retiring in September of 2012. The Town welcomes our new Fire Chief who is well known already by the Fire community.

The Old Orchard Beach Fire Department continues its unwavering call to protect and serve the citizens of our community. They strive on a daily basis to keep our citizens reasonably free from danger and harmful acts. We recognize that the enormous commitment necessary to perform the Department's tasks requires excellence of character which is inspired through pride in their unit and the belief that every action reflects on all the members of the unit, both past and present.

Over the past annual report year, the Department has continued to work on their personal involvement in the renovations of the station, spending many work hours as well as personal hours redesigning the building for more functionality. A mutual aid agreement with Biddeford and Saco was finalized. Many hours were spent on studying the purchase of a Sutphen tower ladder truck which was brought into the station for all to see and operate. A new ladder truck was ordered. The new Ford Explorer, the Chief's car, was put into service.

A new Jet Ski was put into limited service with the lifeguards who were very busy during the summer months with several rescues due to rip tides. The Fire Department and Life Guards participated actively in the REV-3 weekend with the Department in charge of participant's safety. A new SCBA fit test machine was approved and ordered to allow us to do mandatory annual fit testing. Work continued on the renovation work at the station. The Fire Department worked the annual Car Show with great involvement and commitment. The annual Town Halloween party saw hundreds enjoying the activities developed by the Department. Before we knew it, the Town's Christmas tree was put up in the Square and the wreaths were put throughout the downtown.

Work continued on the station renovations including a new kitchen and dayroom floor, outside walls were studded, new electrical outlets were installed, followed by a dry wall. The Surf Rescue Truck was put back in service after being repaired. EMS and fire training started on a weekly basis with Biddeford and Saco. Milestone volunteers were brought in to paint the apparatus bay area. Ice water training was conducted with Biddeford and Saco. A trip to Ohio was made to look at a used Sutphen engine and to check on the progress of the new ladder truck. A new thermal Imaging Camera was put into service on Engine 72. Finishing touches were put on the new aerial/platform and delivery was on schedule. On April 15, 2016, a large brush/marsh fire covering 60 acres of land saw many outside communities coming forward to assist along with the helicopter from the Maine Forest Service, performing water drops.

Additional equipment for the new aerial platform was received and mounted on the truck by the Fire Department personnel instead of having the dealer do it so that additional equipment could be purchased. Talks continued with Scarborough Public Works to have Fire Department vehicles serviced at the Public Work Facility in Scarborough. The new aerial platform was put in service on June 29th.

The Old Orchard Beach Fire Department responded to 2,342 calls for service during this time period; 1,683 calls were medical related; and the balance was fire or motor-vehicle related incidents.

Many thanks to the full-time, per-diem, and call firefighters, for their service to the citizens, businesses and visitors to the Town of Old Orchard Beach.

OLD ORCHARD BEACH SURF RESCUE

The 2015 summer season was a busy one here in Old Orchard Beach; we saw a large number of beach-goers with the great weather we had throughout the summer season. As the beach-goers came out to relax on the beach, six young new guards were busy preparing for their first year as members of the Old Orchard Beach surf rescue staff. These guards went through intense training and education before being thrown into action early in the summer months. When July 4th came around they were ready to go and proved that they could get the job done. The season was straining on the staff, as the number of guards was down due to the lack of applicants. As a result, the guards that we had on staff had to make up the difference, by working overtime and covering a larger area of beach than normal.

During the summer the surf rescue staff responded to 59 emergency calls up and down the beach. There were 35 distressed swimmers pulled from the surf, some of which were transported to the hospital via ambulance. In August guards played a major role in an 8 swimmer rescue just across the town line in Saco. On arrival in Saco guards faced a challenge with there being more victims than guards, however they jumped into action and quickly rescued all of the subjects from the surf. Two of the swimmers that were pulled out, got transported to the hospital by the Saco ambulance. Also in August the staff helped the coast guard in locating a lost kayaker in the waters of Saco Bay, the coast guard deployed both rescue boats and a helicopter in efforts to find the kayaker. When authorities found the kayaker he was safe and just a little tired from trying to paddle against the wind. On top of rescuing multiple swimmers from the water, guards also responded to 26 medical emergencies. They assisted the police 2 times with unruly subjects and reunited 97 lost children with their parents or guardians.

In August the Old Orchard Beach surf rescue staff started training for the annual lifeguard competition, which was to be hosted in Hampton for the first time in over 15 year. The guards competed in multiple events at the 2015 Northern New England Lifeguarding Championships, winning individual and team medals in beach flags, 2 mile run and the rescue reel. Shortly after the guards competed in their competition, the Rev 3 competitors made their return to the waters of Old Orchard Beach. With their return for the 4th straight year in a row, guards found themselves preparing early in order to make sure everything was in place for the athletes and Rev 3 staff when they arrived. On the Sunday of the actual event surf rescue staff arrived at 5:00 A.M. and watched a beautiful sunrise from the beach as they prepared for the start of the race. The swim leg went very well as guards only had to pull out 3 athletes.

Summer has come to an end and the sands of Old Orchard Beach will soon be vacated by beach goers, however in the meantime the surf rescue staff will still be working hard preparing for the summer of 2016. Staffing must be brought up to the appropriate level, as we ran short over the last two summers. Towers need to be built, there are also a lot of repairs to be made to the towers, radios, and rescue torpedoes as they were subjected to a lot of wear and tear this past summer. On top of that, new equipment and supplies must be ordered so that we are ready for the start of the 2016 summer.

Respectfully Submitted,
Surf Rescue Captain
Keith Willett

**2015-2016
ANNUAL REPORT**

POLICE CHIEF DANA KELLEY

I am once again, pleased to submit, the Police Departments annual report, for fiscal year, 2015/2016.

In September of 2015, Deputy Chief Keith Babin retired after serving this community for over 32 years. He began his career as a Reserve Police Officer in 1983 and was hired fulltime in 1986. Early in his career, he served as our first School Resource Officer. He was later assigned as a Detective, and was subsequently promoted to Sergeant, Lieutenant, and finally to Deputy Chief of Police in 2006. He was a valued member of this department and community and will be missed.

In June, we received a \$100,000 Safe Neighborhoods Grant from the State of Maine, Community Block Grant Development program. The grant funds will be used to support and expand our crime prevention programs. We will use the grant funds to help alleviate the ever growing opiate crisis that is impacting our Country, State, and Community. We will also be targeting crimes of violence, and property crimes that have a negative impact on the quality of life of our residents, and seasonal guests. An officer has been assigned on a fulltime basis to administer the grant, and will be responsible for developing prevention, and awareness programs, as well as coordinating enforcement efforts using department personnel in conjunction with other State, Federal and Municipal agencies.

The Juvenile Community Review Board continues to thrive. The board was established five years ago as a restorative approach to juvenile criminal offenses. The board facilitates and mediates cases between victims and juvenile offenders, as an alternative to the criminal justice system. The goal is to develop a mutual understanding resulting in a restorative outcome rather than punitive. The outcome often ends with community service. In 2015-2016, the board heard nearly 60 cases. The JCRB is funded by a \$40,000 dollar federal grand and is managed by School Resource Officer, Lucas Porter and grant administrator, Craig Carscallen.

The VIPS program (Volunteers in Police Services) which was established over ten years ago, continues to assist the Police Department by volunteering their time to help with, traffic direction, property checks, conducting observational patrols, volunteering their time to assist with road races and many other town events. VIPS members are trained community volunteers and have proven to be a valuable asset, volunteering 100's of hours. We appreciate all they do and thank them for their service to the community. If you would like to know more about the VIPS program or would like to join, please contact, Administrative Assistant, Suzanne Makoge, at 207-934-4911. Or stop by the Police station to pick up an application.

I want to thank our Community Watch Council, which continues to be a very active group of volunteers who dedicate many hours of their time to making our neighborhoods safer, the staff at Town Hall, who work with us every day on issues that help improve the quality of life for our

residents, our fire department personnel, who during some very trying times have kept their heads up, and continue as they always have, to provide exceptional professional service to the community. We also sincerely appreciate the support from the Town Manager, Assistant Town Manager and the Town Council, for their continued support of Public Safety.

I want to personally thank the men and women of the Old Orchard Beach Police Department, including our clerical and support staff, who are out there on the front lines every day working to keep you safe. We are fortunate to have such dedicated and committed professional officers and employees that work diligently to provide and improve the services we provide.

In closing, I would be remiss if I didn't express my sincere appreciation to the many citizens of this community, that have taken the time through, e-mails, cards, letters, and personally, to express their support for this department, and law enforcement in general. It has been a difficult time for law enforcement over the last couple of years, and it has been heartwarming to say the least, to have received so many heart felt letters of thanks from so many people. I want you all to know that we all sincerely appreciate your kind words and thoughts, and are committed to continue to serving and protecting you to the best of our abilities.

Respectfully submitted,

Dana Kelley
Chief of Police

Animal Control Officer – Annual Report - 2015-2016

Old Orchard Beach Animal Control is continuing its mission to ensure the health and welfare of all animals within the town. This year the ACO and the Police Department answered over 700 calls relating to animal welfare, most involved domestic animals, but several complaints were related to wild animals.

The ACO in cooperation with the Police and Fire Departments responded to multiple structure fires and provided assistance to approximately 20 animals including exotic snakes. Pet owners are reminded that they should have an emergency plan in place that includes a plan on housing their pets in an emergency. Owners of exotic animals such as snakes are also reminded that they should have transport containers available for their pets in the event of an emergency.

The ACO responded to several complaints of animal cruelty throughout the year and obtained court orders to remove 10 animals from inhumane conditions and arranged to place them in new homes.

Thru out the year, the ACO responded to several complaints of seals on the beach. We would just like to remind everyone that they should leave any stranded or beached marine mammals alone and immediately contact that Old Orchard Beach Police Department or the Maine Marine Patrol.

Dog owners are reminded that while there is no specific leash law in Old Orchard Beach, that they are responsible for their dog's actions. There were 9 nesting pairs of Piping Plovers on the beach last summer. These birds are federally protected and frequently nest along the beach in Old Orchard. The owner of a dog that injures or kills a Piping Plover is subject to stiff fines and receiving a summons to federal court.

We would also like to remind dog owners that all dog licenses expire on January 1st of each year, so please remember to license your dog. Dog licensing helps to support Maine's animal welfare programs including the "Fix ME" lost cost spay and neuter program. Plus licensed dogs are much more likely to be returned to their owners if they get loose. So please remember to place your dog's license on their collar, so that they can "Jingle all the way Home".

OLD ORCHARD BEACH COMMUNITY ANIMAL WATCH

The Community Animal Watch (aka CAW) has continued this year with its mission to help the residents of Old Orchard Beach with the health and welfare of abandoned, homeless, and domesticated animals. We are a town committee that is solely volunteer and funded through donations and fundraisers.

We would like to say Thank You to our local businesses for holding fundraisers, donating gift certificates for raffles, and letting us put out donation jars. Thank you to the residents of Old Orchard Beach who have been extremely generous with donations and their time this past year. A special thanks to our town hall staff that assisted with finances, webpage updates, and helped us meet the needs of our group.

This winter our group made ten outdoor portable shelters for feral/stray cats to help them from getting frostbite and also providing a safe place during our cold winters. Being a seasonal town, we find that there are lots of cats that become lost or abandoned and could eventually become feral. Our committee helps the residents who are feeding these cats. By receiving contributions, we can also assist in spaying and neutering and also getting their medical needs met so they in turn will not spread diseases to the pets of our residents. We have a member who fosters feral /stray cats to help re-domesticate them. Because of her effort, three cats have been placed in adoptive homes.

Our pets are part of our family and sometimes our best friends. CAW helps seniors and low income residents with vet cost. This past winter and heading into spring, a senior gentleman's dog was in need of vet care. Being widowed, his dog became his life. Thanks to Bev, the dog received three visits to the veterinarian and she also volunteered for daily visits to his home for medication treatments. They each gained a new friend.

To continue with our efforts, and to provide more services, we are constantly looking for new members. Our committee meets once a month on the third Thursday. Anyone can volunteer and any amount of time is much appreciated. You can visit our web site at www.oobanimalwatch.com.

Chair Michelle Geyer

207-807-4964

COMMUNITY WATCH COUNCIL END OF THE YEAR REPORT 2014-2015

Our mission is to improve the quality of our neighborhoods through positive interaction, community encouragement and increased public awareness between law enforcement and the citizens of Old Orchard Beach & Ocean Park. We continue to be a work in progress, evolving to meet the needs of our residents. We can see our efforts working, from the responses and witnessing the interaction in our town. Our accomplishments are many and our goals are to sustain the programs we have launched.

Board Members are: **LAW ENFORCEMENT CHAIR:** Lt. Timothy DeLuca, **President:** Helene Whittaker, **VICE PRESIDENT:** Pat Brown, **SECRETARY:** Suzanne Makoge, **TREASURER:** Barbara Ultsch, **SENIOR ADVOCATE:** Nancy Roderick, **Business Liason:** Kathy Smith
MEMBERS AT LARGE: Gail Domin, Libby Blackman, Cheryl Pouloupoulos, Judith Hurst, Craig Carscallen and Mary Riordan.

CWC has developed a "Community Neighborhood Watch" eliminating the 3 Districts meetings and meeting monthly which was a lot of work. It is now a town-wide meeting including Ocean Park. Meetings take place at the OOBPD Community Room and meets quarterly.

Our second year of overseeing J-1 international students who come to our town to work, play and have fun has been successful. Over 400 + students were sponsored by different organizations. A website was developed for the J-1's to have access to information and help them when in need, check it out at: oobj1.com. Chamber of Commerce and CWC sponsored 2 J-1 orientations. Speakers from the federal government, banking, social security, transportation, Police and Fire presented information to help the J-1's stay be more enjoyable and safe. Team J-1 volunteer group was put together for the Challenge Maine Triathlon. Their accumulated funds will be donated to a local non-profit.

The Yellow Shirt Seasonal Officers introduced themselves to the business community by distributing our Business Watch alert cards to business owners in OOB. CWC is pleased with the Business Watch alert cards and program, it has been a proven tool these past summers. It helps decrease crime in the business district during the summer months.

Our Drug Take Back program is always successful because it eliminates many drugs off the streets. The OOBPD has a drug disposal box in the lobby which is used frequently. Our drug disposal day is scheduled for September 26, 2015 at the OOBPD.

VIPS: Volunteers in Police Service continues keeping our trained volunteers busy. Public Safety is a priority and they've volunteered for many functions; texting while driving at the HS, property checks, directing traffic etc. None of this would be successful without the volunteers we have who display professionalism and a willingness to serve their community and we are grateful. Whenever help is needed VIPS volunteers are asked to participate. If interested in becoming a VIPS volunteer, applications can be obtained at the OOBPD.

Our Senior Advocate works tirelessly with the General Assistance Office at Town Hall and also with the PD. She has been a blessing in disguise, helping the needy and elderly receive the help in our community.

CERT (Citizen Emergency Response Team) program has had firsthand experience with the School Street fire. The fire provided an opportunity to work closely with the Red Cross and Salvation Army to benefit the victims. The outcome revealed a critical need for the town to have a workable emergency

shelter that has appropriate facilities including a generator. OOB needs this! When an emergency arises CERT volunteers are called out to help. Training is ongoing as there are so many aspects to a disaster or emergency situation.

CWC's sustained projects include: Community Neighborhood Watch, Business Watch, Bike Friendly OOB, VIPS, CERT, Restorative Justice, Vial of Life, Drug Take Back, J-1 and Bullying. All of these are ongoing and flourishing.

All of these tasks are performed by volunteers.... not a paid person. A Volunteer is a unique individual who gives of oneself unselfishly, doesn't ask for accolades, and is pleased to serve the community they live in. With the sincerest smile, the firmest handshake and the most genuine feeling we can muster, we salute you and we thank you. "We're all in this together."

Helene Whittaker
CWC President

OLD ORCHARD BEACH COMMUNITY GARDEN

The mission of the Old Orchard Beach Community Garden is to provide clean, unpolluted space for interested OOB residents to garden together. We will create a shared vision, working collectively to cultivate a place for individuals, families, and friends to grow healthy food and experience the rewards of gardening.

2015 Board

Don Hamilton, Chairman
Judy Wadas, Vice Chairwoman
Lynn Selden, Secretary
Ann Quinlan, Treasurer
Jackie Tselikis, Board Member

2016 Board

Don Hamilton, Chairman
Robin Dayton, Vice Chairwoman
Lynn Selden, Secretary
Ann Quinlan, Treasurer
Pat McCandless, Board Member

The Old Orchard Beach Community Garden, located near the Ball Park, was established by the Town Council in 2011. The gardens are organic and plots are approximately 100 square feet in area. We are financially self-sufficient, obtaining operating funds from \$25 plot fees and donations. There are presently 48 plots for Gardeners and one large plot for use by the Community Food Pantry. The garden has one large shed and one small shed that contain gardening tools for everyone's use. We also have a large number of gardening books and several picnic tables for use by Gardeners. Watering hoses are distributed throughout the garden to make watering easy. General garden maintenance is accomplished by volunteers among the membership and is overseen by the Board. Garden plots are purchased at the Town Clerk's Office in the spring of each year and Board members are elected at the May meeting. In 2016 we celebrated our success with a barbecue for all of our Gardeners as well as Town Department Heads and Staff. This year the Gardeners did a wonderful job beautifying our flower and herb gardens, painting our picnic tables, and cleaning up the shed. Thanks to all who helped! Also, a special thanks to the Ball Park Commission, Blow Brothers, the Department of Public Works, the Town Clerk's Office, the Town Manager, and the Town Council, for their continuing support. Finally, the Board wants to thank all of our Gardeners for making the garden an integral part of the OOB Community.

**2015 – 2016 Report
July 1, 2015 - June 30, 2016**

The Conservation Commission presently consists of four regular (Richard Greenlee, Kimbark Smith, Peter Hornby and Eileen Payette) and two alternate members (Clifford Kenney and Jean Leclerc), and generally meets on the second Monday of every month.

This year, The CC finished, driven by Mark Koenigs as Sub-Chair, the "OOB-ET Connector Trail" working with the Department of Public Works and volunteers. This is a 2.9 mile combination off- and along-road bike and pedestrian trail that connects Memorial Park to the Eastern Trail via the School Street extension with three Kiosks and trail markers. This allows visitors easy access to the center of Old Orchard and residents access to the Eastern Trail. This is the first step in supporting our objective to leverage this pedestrian highway to the advantage of the Town and its residents.

In the fall, the CC applied for and received an extension of the Project Canopy grant to start a recreational trail area in the Milliken Mills part of Town. This will include a 51 acre parcel given to the Town for this purpose by Janice Milliken Andrews, a previously failed subdivision and animal shelter area owned by the Town on Portland Avenue near the intersection of Milliken Mills Road and a smaller contiguous Town-owned inland area. We were helped with advice by Saco Bay Trails, the Eastern Trail Association and David Parker, Forester. This will be produced with the assistance of a grant from the Maine Department of Agriculture, Conservation and Forestry's Maine Forest Service, GrowSmart Maine and the USDA Forest Service – Urban and Community Forestry- Title CFDA 10:675.

As a result of sponsoring two science teachers, Cynthia and John Nye, to a seminar on trees last year, we have developed and continue to develop an excellent connection into the school system. We worked with Bill Corcoran's 4th grade class last year to develop educational signage, a web site, a logo, and a video on the history of the Milliken Family. We have connected with the Wood Shop in the High School who made three picnic benches. This year the shop made a myriad of signage platforms and two Kiosks and we are now involved with other classes in the school. School science trips that used to go outside of the Town will now be utilizing this area, Milliken Mills Trails Park (named by the kids).

The Park also provides parking and easy access to the Eastern Trail.

With the support of DPW and volunteers, work continues in 2016 and The Park will be ready to open in the fall with enhancements already planned for next fiscal year.

Commission members and others participated in the Maine Beaches, and the MCHT Maine Land Conservation conferences and are applying this information towards learning more about water quality issues in Goosefare Brook.

We continued to provide input to the preparation of the Town's Comprehensive Plan in planning for the future and safeguarding the Town's overall environment. A major problem is the extent of impermeable surface in the Town. It is currently twice what the state goal is.

Evidence of pollution in the Goosefare Brook remained an issue throughout the year. We worked with Maine Healthy Beaches and the Ocean Park Conservation Society to try to define the problem and work towards solving it. Unfortunately, the solution has remained elusive so far, but the Conservation Commission, the Department of Public Works and our Town Manager have committed the Town to solving and fixing this public health problem. We budgeted to help provide some Enterococci testing funds for the shoulder seasons.

We are participating with Saco, Maine DEP, and York County Soil & Water Conservation District, the Ocean Park Association, the Ocean Park Conservation Society and others in developing a Goosefare Watershed Management Plan. The group has found centers of human pollution around the Bear Brook / Cleveland Ave / Coolidge Ave. area in Saco and the Ocean Park area in OOB and that the Goosefare is essentially dead between the Turnpike & Rt. 1 but that it recovers more somewhat downstream. There is also a possible problem out in Saco Bay. The report is now published with an action plan for each town which we will pursue next Fiscal Year.

Over the past year, the Conservation Commission has continued to support Veterans' Memorial Park through its Memorial Park Subcommittee. The Memorial Park Report will be published in a separate section

As always, the Conservation Commission welcomes new members and volunteers for its Trail and Memorial Park Subcommittees.

Kimbark G. Smith, Chair
OOB Conservation Commission

VETERANS MEMORIAL PARK

Annual Report - 2015-2016

The Veterans Memorial Park Committee is comprised of volunteers who share a common goal of beautifying and maintaining the 7-acre parcel in the center of Old Orchard Beach. The park proudly offers something for everyone from Basketball and Tennis Courts, a Dog Park for small and large dogs, a Petanque Court, Children's Playground, Gazebo and grassy area for concerts and events, amazing gardens, and a Veterans Memorial. We welcome your input and involvement at our monthly meetings.

Once again, it has been a very successful year for the Veterans Memorial Park. Here are just a few of our accomplishments:

- *Security cameras are installed and operational throughout the park.*
- *Dennis Robillard hosts the summer nightly Flag Raising Ceremony at 6pm in the Circle of Flags. This is an opportunity for anyone to honor the fallen.*
- *The Annual Luminary Nite in May, 2016 was hugely successful. At dusk, we remembered our Veterans by lighting hand painted luminary bags along the walkways of Veterans Memorial Park honoring our loved ones. Special thanks to Sharri MacDonald and our amazing Veterans Memorial Park Committee & Volunteers. 100% of all proceeds benefit the Veterans Memorial.*
- *We welcomed OOB365 for the very successful Scottish Festival in June.*
- *We installed new signage thru-out the park.*
- *New lighting around the gazebo, lighthouse, and overhead.*
- *Dog Park improvements include a shelter & platform and an additional water picket.*

Our ongoing goal and commitment is to renovate the Veterans Memorial to be more reflective of each Veterans who served. The design includes handicap accessible walkways, placards and gardens, additional seating and lighting, if you would like to purchase a Memorial Bench or Tree honoring your loved one with an engraved plaque, please contact us.

I am especially grateful to our Town Council, Town Manager, Larry Mead, Assistant Town Manager, Louise Reid, Department of Public Works, Melissa Hutchins, and Flag Raising Chairpersons; Dennis and Mary Beth Robillard

To see the complete, comprehensive Veterans Memorial Park plan and to learn more about who we are and what we do, please join the Veterans Memorial Park Committee. We meet the first Monday of each month (September-June) at 6pm.

On behalf of the Veterans Memorial Park Committee,

Tina Kelly & Mike Dickenson

Co-Chairs, Veterans Memorial Park

To the great community of Old Orchard Beach

It is with great pride that I present to you, the 2016 Recreation Department annual report. The Town of Old Orchard Beach Recreation Department experienced a very busy and exciting year. A vast array of projects, programs, activities, and events have taken place within our department and at our community parks. This would not be possible without our Amazing Recreation TEAM. We pride ourselves on our communication, relationships and ability to work together with other departments, volunteers and businesses. Our department consists of five divisions within our department: administration, child care, enrichment, adult, and special events. Each of these areas, play a vital role in our overall success in providing diversity programming for all ages and ability. The future is very bright for our community and our Department.

In closing, I would like to thank all the coaches and parent volunteers that have put in countless hours to our programs. We could not do without them! Also I would like to thank the Town Manager Larry Mead, Recreation Committee and the Town Council for their continuing support of the Recreation Department.

Best regards

Jason Webber

Jason Webber
Recreation Director

**Public Works Department
Annual Report July 1, 2015 – June 30, 2016**

Our Public Works Department is dedicated to providing a variety of services for the welfare and safety of the Old Orchard Beach community. We handle maintenance of streets and sidewalks, street sweeping, snow plowing, snow removal, debris removal from storm basins, sewer main maintenance and upgrades. As well as culverts, outfalls, transfer station which accepts leaves, brush, and lawn clippings. The Public Works garage repairs and maintains our fleet of vehicles/heavy equipment, Police Cruisers, and RSU 23 vehicles. Our sign shop is responsible for installation and maintenance of all street signs, traffic signs, line striping and graffiti removal.

The following lists are projects & work completed by DPW:

PAVING:

- Milliken Street
- Walnut Street
- St. John Street
- Usen Lane
- Winona Ave
- Saco Ave Intersection at Union
- Ross Road (Portland Ave – Scarborough Line)
- Free Street

SEWER:

- Winona Ave
- St. John Street

DRAINAGE:

- Winona Ave
- Saco Ave Intersection at Union
- Culvert cleaning, piping various areas.

BEACHES:

- Ongoing sand replenishment and Dunegrass plants on dunes from Brown to the Scarborough town line.
- Beach Cleaning – Rake and loader Monday – Friday, two weeks prior to Memorial Day to two weeks after Labor Day; and Monday & Friday until Oct 31st.

MEMORIAL PARK:

Ongoing maintenance, granite markers at memorial tree locations. Installed 1 Memorial Benches, 1 monuments and plaques. Installed new irrigation in a few areas along walkway by library. Added lights to the tennis court area as well as a brand New Tennis Court. Paved and striped basketball court. Also purchased a new John Deere Gator.

FACILITIES:

- **Transfer Station:**
 - Leaves and brush only on Wednesday 7:30am to 2:30pm and Saturday, 8:00 am to 2pm.
 - April 1st thru July 31st. 6 days a week
 - Will open Wednesdays 7:30am to 2:30pm, Saturdays, 8am to 12pm thru January.
- **Salt & Sand Facility:**
 - Routine maintenance.

OTHER PROJECTS:

- **Winter Storms:** It was a decent winter this year and Public Works employees handled the storms successfully. Used 900 tons of salt.
- **Signs installed, replaced – approximately 275 with 100 additional posts.**
- **Contractor Striping; streets, sidelines, parking stalls, crosswalks, curbing, arrows & Handicapped spaces.**
- **Sewer calls – 55**
- **Catch Basin cleanings – 62**
- **Seaweed Removal – 200 cubic yards**
- **Beach Debris – 80 cubic yards**
- **Brush Cutting – 240 cubic yards**
- **Street Sweeping – 270 cubic yards**

EQUIPMENT:

This past year the council has allowed the Department to purchase the following equipment & vehicles: MV2, 1 Ton Plow Dump Truck Package, and a replacement for truck 18. As well as refurbish Truck 11 and 16.

We would like to thank the Public Works staff for their continued dedication and being such valuable employees. Day in and day out, the number one goal for our department is to provide exceptional customer service to our residents and businesses and you all have done an excellent job. No matter the task, you guys always find a way to get the job done. Thank you for a great year.

This experienced team includes: Roger Stevens, Dennis Poisson, Louie Ladakakos, Peter Smith, Tim Crowley, Tom Dupuis, Marc Picard, Rick Reny, Dennis Nason, Andrew Chute, Dan Turgeon, and Joe St. Hilaire.

Administrative Operations Manager

Town of Old Orchard Beach FY16 Annual Report for the Wastewater Department

The Town of Old Orchard Beach owns and operates multiple pump stations as well as a Wastewater Treatment Facility that is licensed to discharge up to 3.5 million gallons a day. The license also requires that the facility remove a minimum of 85% of the solids and biological oxygen demand (BOD is defined as biological activity in the waste stream). Flows typically double and loading (solids and BOD) can triple in the summer months. It is especially challenging to design and operate a facility that can properly treat waste water for two very different seasons. All waste water treatment facilities operate as one system to accomplish a single goal, but contain many different individual processes. The current OOB facility contains multiple upgrades from different times and much of the facility uses a mix of old and new technology. This creates many challenges for staff in daily operations and makes it difficult to establish a knowledge base that can be passed down to other operators. In order to meet the discharge license it is especially important that the Town hire qualified personnel who have comprehensive knowledge of biological, chemical and mechanical operations. Current staff strives to make the operation a safe and efficient for both residents and staff. Mission number one is to protect the water ways as defined by the local, state and federal regulatory agencies while being responsible to the tax payer.

The summer of 2015 was certainly a challenging one to the operators and maintenance departments. The dewatering operation ran in to difficulties that staff was unable to identify. Even after consulting outside help and state regulatory officials a solution could not be found. This forced the department to run the dewatering operation at a much slower pace therefore taking up more staff time. It is expected that the addition of another piece of dewatering equipment approved for installation will help make this a more efficient and safe operation. Staff responded to multiple peak electricity demand alerts. By responding and turning on generators during these notices the Town will save significant money in the following year.

Late in the budget process the equipment storage building had a structural failure and a replacement building was approved. Significant savings were realized by the staff self-performing many aspects of the building. The structure itself was completed with the FY16 budget year and final completion is expected before December of 2016. The previous FY year saw the approval of a targeted upgrade to the dewatering system. This included the addition of a piece of dewatering equipment. Late in the process discussions were held to evaluate odor mitigation steps. It is unclear if additional funds will be allocated for these odor mitigation steps in this particular project.

Also completed within the FY16 budget year was the rebuild of secondary clarifier #1. This clarifier was originally constructed in 1985 and is an integral part of the treatment process. A work shop was held to discuss the other long term needs of the wastewater facility. More workshops are expected to help inform the public and council on the wastewater process and the condition of the existing infrastructure.

This department continues to be the liaison for the Maine Healthy Beaches (MHB) program. This program is operated by staff from the University of New England as a cooperative partnership with local communities. Under this program the beaches are monitored for bacteria and results are reported to a matrix that can be viewed by residents and visitors by accessing the MHB web site.

The department welcomed a new operator in to the fold this year and we all certainly wish him success in the future. I would like to thank all the staff for their hard work in what was a trying year for both the operations and maintenance. The staff continues to balance daily activities to meet discharge limits, repair broken equipment and at the same time be responsible to the tax payers.

Operational totals for FY16

Treated wastewater discharged – 390 million gallons
Bio solids produced – 1135 tons
Polymer used in the dewatering process – 6906 pounds
Hypo chlorite used in the disinfection process – 14704 gallons
Solids removed – 95.8 percent
BOD removed – 91.6 percent
Total precipitation – 39.9 inches
Number of call outs through SCADA - 49

MUNICIPAL BALLPARK & ENTERTAINMENT CENTER

Jerome Plante, Chairman

Fiscal Year – 2015-2016

A Unique Formula: SURF+TURF = SURGE

Responsibilities: The Ballpark Commission continues to work well together because of their formal training, experiences and volunteer spirit.

Keys to Success: Solid strategy regarding marketing, advertising, and financing, coupled with a knowledgeable, qualified staff and management.

Also, crucial are pre-event and follow-up meetings with sponsors of activities, other than baseball. Finally, we appreciate the continued, steadfast support of the Town Council, municipal employees, and our great citizens.

Gratitude: We wish to thank our “core” employees – Tina Wilson (Concession Manager); James Doran (Field Manager); Guy Fontaine (Operations Manager); our Interns, other personnel and volunteers; for their outstanding efforts.

**Libby Memorial Library
Old Orchard Beach Free Public Library Association
Annual Report and Statistics – 2015/2016**

The purpose and function of the Edith Belle Libby Memorial Library is to provide services and materials in all formats that will promote life-long personal enrichment for all citizens of this community—Libby Memorial Library Mission Statement.

The first FULL year in the much anticipated expanded Libby Memorial Library building is complete and has been amazing! With more space and amenities, the Library was able to offer so much more to the community of Old Orchard Beach including significantly increased educational, creative and cultural programming and displays, across a wide spectrum of subjects.

If you ask one hundred people who visited Libby Memorial Library (LML) in FY16 what was the most important material or service that the Library provided, you likely would get one hundred different answers. If you asked a staff member what they thought was the most important material or service provided to people who visited the library, the answer would be whatever makes a positive difference in those peoples' lives and it is different for everyone. The expectation of libraries today is to be all things to all people and LML is no different. Although it is impossible to meet every single possible need, that is exactly what we try to do, from providing the computer and printer so you can print out your Amtrak ticket to Boston to providing that 6th season of The Walking Dead that you've been desperately waiting to finally come out on DVD (that, by the way, you can put a HOLD on from your tablet on your couch wearing your favorite flannel jammie pants). Whether you want to read the Portland Press Herald in print or tap into Wi-Fi because you haven't been able to Snap Chat for the last 6 minutes, LML has what you need.

Although the Library's hard copy version of the Portland Press Herald won't be abandoned any time soon we *are* spreading our digital wings so, LIKE us on Facebook, FOLLOW our Twitter feed, CHECK the website frequently and LEARN how to access your account from your couch!

STATISTICS

The total number of patron visits for the year was 37,847 which is up 20,000 from last year. The total number of active patrons (with Library cards) was 5,931 with 518 new cards issued. The total number of items in the collection was 40,084 with 2,100 new items added through purchase or donation.

At \$925,588 the Library came very near providing \$1M worth of materials and services to the patrons and visitors of Old Orchard Beach (Maine State Library value use calculator) from 07/01/2015-06/30/2016. The materials and services offered in FY16 included the following:

Historical Society Annual Report - 2015-2016

The Old Orchard Beach Historical Society at Harmon Museum welcomed 432 visitors this summer. Of these 43 were from Old Orchard Beach and Ocean Park and 62 from various parts of Maine. Twenty one other states were represented as well as two Canadian Provinces, Quebec and Nova Scotia, and one country, Australia. Among our visitors were descendants of Ebenezer Staples. The museum opened June 28th and closed September 3rd. Hours of operation were 10:00 a.m. To 4:00 p.m., Tuesday through Friday and Saturday from 10:00 a.m. To 2:00 p.m. The featured display and photo gallery, featured amusements of Seaside Park which operated from 1902 to 1924, the Whiteway amusements 1924 to 1969, The Animal Farm 1958 to 1962, and Palace Playland amusement 1917 to present, was of special interest to our guests. Many of them commenting on fun memories from their previous visits to our town. The Pier display features photos and information of the steel pier build in 1898 to the present day pier.

During the year we received and cataloged 25 donations totaling 125 items and 19 requests for research, which were answered by Daniel Blaney and Janet Hamilton.

To improve the appearance of the museum we had the floors refinished and a new front door installed to save energy. New shades and curtains were purchased allowing us to darken the rooms for viewing videos and slide presentations.

Special thanks to Bud and Judy Hurst who again donated 107 passes to Aquaboggan Water Park, which sold quickly in our gift shop.

Our volunteers logged in a total of 1,760 hours during the year. Barbara Delage continues to update our web page. Janet Hamilton is our Database Manager and Archivist, Jaynie Flaherty is the administrator of our Facebook page. Docents this year were Richard Anderson, Daniel Blaney, Arthur Guerin, Thomas Hanafin, Arlene Hanson, and Stanley Quinlan. Other volunteers were Elizabeth Curry, Carol King, Faith Litwin, Arthur Prentiss, and Rachel Theroux. Officers are Arthur Guerin, President; Daniel Blaney, Vice President; Arlene Hanson, Secretary; Stanley Quinlan, Treasurer; and Pamela Trempe, Assistant Treasurer. The Board of Trustees is composed of Daniel Blaney, Charles Davis and Stanley Quinlan.

Respectfully submitted,

Jeanne Guerin, Curator

RSU 23 2015-2016 Report

The 2015-2016 school year for RSU 23 will be defined as a year of growth, change, and adjustment. The district, in its second year as an independent school district made several adjustments in personnel costs, and a complete restructure of district administration. The budget that was developed and approved by the voters in June 2016 reflected 1.1 million dollars of cuts in personnel, salaries, and benefits, spread among administration, instructional staff, and maintenance staff. The district eliminated 310,000 dollars in administrative costs including the full time superintendent, the full time technology director, and the full time athletic director. The district also reduced the role of maintenance and transportation supervisor. To compensate for the loss of these historically full time positions the district combined the role of high school principal and superintendent of schools; middle school principal and tech director; and teacher and athletic director. The building principals also took over the supervision of custodians. The cuts were deemed necessary because too much of the district budget was directed toward salaries and benefits. District leadership also found savings within the instructional staff and maintenance employees. Food service was also completely restructured and taken back locally for the 2016-2017 school year, as our agreement with the Biddeford School System resulted in a financial loss for RSU 23 from 2014-2016. Despite the amount of reductions, these cuts were appropriate and had no impact on students. District leadership understood in year two of being independent that we were simply overstaffed given our student enrollment and school size. We wanted to be responsible to the taxpayers while being confident that the quality of education and services would not be affected.

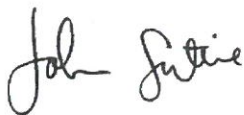

In June 2016 the district asked the taxpayers for a 5% increase in the district budget, with 3% going

toward the district's budget, and 2% going toward the negative fund balance that existed as a result of our remaining obligations in leaving the RSU with Saco, our unsustainable personnel costs, and our food service losses in our agreement with Biddeford. The taxpayers supported the increase and allowed RSU 23 to move forward in a leaner, more efficient, more effective, and fiscally healthy position.

District leadership, and the RSU 23 facilities committee, also spent the 2015-2016 school year working with Harriman Associates, an architectural firm based in Auburn, Maine to study our facilities. The taxpayers in Old Orchard Beach will have to make a decision in the near future about how they want to address the school buildings in decline, especially the Jameson and Loranger schools. RSU 23 is also applying for the state to finance new school construction. School renovation and construction will be a much discussed issue in the coming months, and we look forward to a high amount of participation in the decision making process.

In closing, it should be noted that 2015-2016 was a year that the RSU made appropriate changes in staffing for 2016-2017 while continuing to provide a great education for our students. Looking forward, district leadership will now focus heavily on a strategic plan to increase the quality of instruction and raising the academic achievement level for all RSU 23 students.

Respectfully Submitted,

Old Orchard Beach/Saco Adult & Community Education

OOB/Saco Adult & Community Education offers a variety of academic, vocational, and enrichment classes for residents of Old Orchard Beach, Saco, and other surrounding communities.

OOB/Saco Adult & Community Education Program Areas

High School Completion

HiSET program that includes pre-testing, instruction and testing for high school equivalency and through an adult high school diploma program that provides the opportunity for individuals to complete their graduation requirements.

Literacy & Family Literacy

Through classroom instruction or tutoring, this program area teaches the basic reading comprehensive and numeracy skills necessary to function in our literate community. Specific areas of literacy programming include English as a Second Language instruction and Citizenship.

College Transitions

Maine College Transitions, in partnership with community colleges and the university system, offer high-quality, cost-effective and accessible pathways to post-secondary education for adults. Offered through local adult education programs, College Transitions includes career planning, assessment, college experience, tracking and follow up, and instruction in college preparation coursework.

Business & Skills Training

Instructional programs designed to meet the needs of individuals seeking to gain employment or small businesses in need of training programs for their workers. Common programming areas include medical assisting, optician certification, career counseling, office skills and professional development.

Personal Enrichment

Programs designed to meet the lifelong learning needs of adults and their communities. The activities are varied in response to the unique needs of each community ranging from foreign language, to wellness and exercise, to a wide-variety of skill and craft classes. The courses are housed in public schools but all instructional and material costs are borne by the learners.

2015/2016 Academic Year Informational Data

- Total enrollment was 2,602.
- Enrollment for enrichment classes was 1,624.
- Vocational enrollment was 240.
- Academic enrollment was 738.
- 340 enrichment and vocational courses were offered.
- 91 academic courses were offered.
- The total number of registered students in enrichment, academic, and vocational classes was 1,898.
- 57.7% of registrations were completed online.
- Adult education staff completed registration and advisement for 802 students.

**TAX DEPARTMENT: OUTSTANDING FY 2016 TAXES DUE AS OF 6/30/16.
MANY THANKS TO GIDGETTE LEDOUX FOR HER EXCELLENT WORK.**

OLD ORCHARD BEACH
CHAMBER OF COMMERCE CAR SHOW

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

PAUL R. LePAGE
GOVERNOR

Dear Citizens of Old Orchard Beach:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities continues to be the reduction and eventual elimination of the income tax. Raising the minimum wage is not the path out of poverty; I want Mainers to earn a career wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Unfortunately, voters approved a referendum question to raise the income tax to 10.15% on successful Maine households and small businesses. Enacting the second highest income tax rate in the country shows the nation we are eager to punish people for being successful. It will drive them out of our state and make it even more difficult to attract much-needed doctors, dentists, scientists, engineers and other professionals to Maine. They can live in neighboring New Hampshire, which takes no income tax from their paychecks. Even worse, there is no guarantee the extra revenue from this tax will go to fund education, as proponents promised.

As successful people leave Maine, state and municipal government will lose the significant amount they pay in property, sales and incomes taxes. This will put even more upward pressure on local property taxes. Municipalities will have to get more creative to provide local services without increasing property taxes. Reforming the tree growth program, collecting property taxes on land in conservation or preservation programs, charging a payment in lieu of taxes on state land that is taken off the property tax rolls and having non-profit organizations pay a two-percent tax on their net revenues are all ways for municipalities to increase revenues.

Such bold measures would take strong leadership and commitment from local officials and residents. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage
Governor

United States Senate

WASHINGTON, DC 20510-1904

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from 2015.

Growing the economy by encouraging job creation was and remains my top priority. The tax-relief bill signed into law at the close of last year contains three key provisions I authored to help foster job creation and provide small businesses with the certainty they need to invest, grow, and, most important, hire new workers. Another provision I authored that became law last year gives a boost to both Maine's economy and traffic safety. This provision permanently changed the federal law that previously had forced the heaviest trucks onto our country roads and downtown streets, rather than allowing them to use Maine's federal Interstates. In addition, I was glad to help secure another significant award for the University of Maine's deepwater offshore wind initiative, which has the potential to advance an emerging industry and create thousands of good jobs in our state.

Maine's historic contributions to our nation's defense must continue. In 2015, I secured funding toward a much-needed additional Navy destroyer, likely to be built at Bath Iron Works. Modernization projects at the Portsmouth Naval Shipyard that I have long advocated for were also completed, as were projects for the Maine National Guard.

I was also deeply involved in crafting the new education reform law to better empower states and communities in setting educational policy for their students. The law also extends a program I co-authored that provides additional assistance to rural schools, which has greatly benefitted our state. A \$250 tax deduction I authored in 2002 for teachers who spend their own money on classroom supplies was also made permanent last year.

As a result of a scientific evaluation of the nutritional value of potatoes required by a law that I wrote, the wholesome fresh potato finally was included in the federal WIC nutrition program. I also worked on other issues important to Maine's farmers and growers, including research on wild blueberries and pollinating bees.

As Chairman of the Housing Appropriations Subcommittee, I have made combating veterans' homelessness a priority. This year's housing funding law includes \$60 million for 8,000 new supportive housing vouchers for homeless veterans. Since this program began in 2008, the number of homeless veterans nationwide has dropped by one third. Maine has received nearly 200 vouchers to support homeless veterans.

Last year, I became Chairman of the Senate Aging Committee. My top three priorities for the committee are retirement security, investing more in biomedical research, and fighting fraud and financial abuses targeting our nation's seniors. I advocated for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. The Senate also unanimously passed my bill to support family caregivers. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance and has already received more than 1,000 calls.

A Maine value that always guides me is our unsurpassed work ethic. As 2015 ended, I cast my 6,072nd consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Old Orchard Beach and Maine in the United States Senate. If ever I can be of assistance to you, please contact my York County state office, (207) 283-1101, or visit my website at www.collins.senate.gov. May 2016 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins
United States Senator

Dear Friends of Old Orchard Beach:

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate.

Much of my time in Washington this past year has been devoted to the Senate Armed Services Committee and the Select Committee on Intelligence. Protecting our homeland and the people of Maine from terrorism and violence remains one of my top priorities. Through my work on the Armed Services Committee, I was able to secure several provisions in the 2016 National Defense Authorization Act that benefit Maine. The legislation authorizes the construction of an additional DDG-51 Arleigh Burke Class Destroyer that could be built at Bath Iron Works and expands the HUBZone program to stimulate economic growth at former military installations like the former Brunswick Naval Air Station.

Returning control to teachers, school districts, and states has also been a primary concern of mine. I am encouraged that the Every Student Succeeds Act has become law. It eliminates the burdensome requirements of the No Child Left Behind Act and ensures access to a quality education for all students. A provision I helped author in the bill will give states the opportunity to pilot the use of their own proficiency-based assessments in lieu of federally-mandated standardized tests. Also included in the bill are several measures I secured to promote local input, fund education technology initiatives, and explore new strategies to increase student access to the internet outside of school.

Communities across Maine have taken bold action to improve their broadband connectivity, and I have been proud to foster federal support for these types of projects. My amendments to the Every Student Succeeds Act will promote the type of work already occurring in Washington County, where students who lack broadband access are able to check out mobile hotspots from their local libraries. Additionally, a bill I co-sponsored, the Community Broadband Act, helped pave the way for the FCC to enact rules protecting the ability of municipalities to invest in better broadband. I am excited by Maine's leadership on this important economic development issue and will continue to support local efforts in this area.

After extensive negotiations, the Senate passed a five-year transportation bill that will increase highway and transit funding in Maine and provide stability to improve our transportation infrastructure. The legislation contains provisions I cosponsored to cut red tape and improve predictability and timeliness by streamlining the federal permitting process for large infrastructure projects. Also incorporated in this bill are my provisions to relieve financial regulations on Maine's community banks and credit unions and to reauthorize the Export-Import Bank, a critical tool that supports communities and small business across the state.

Following my inquiries in the Energy and Natural Resources Committee, the National Park Service has announced they will begin exploring strategies to allow park visitors to purchase electronic passes online and will pilot the program at Acadia National Park. These passes would improve access to our nation's most treasured landscapes and would generate resources for years to come. I remain deeply engaged in preserving Maine's natural beauty and strengthening our outdoor recreation economy.

It is with solemn responsibility that I have focused my energy addressing the opioid epidemic in Maine. This work includes convening roundtables with a wide-range of health care and law enforcement professionals to combat addiction; introducing a proposal to safely dispose of excess prescription drugs; cosponsoring a

Senate-passed bill that addresses mothers struggling with addiction and the alarming effect it has on newborns; cosponsoring the TREAT Act, which expands the ability of medical specialists to provide life-saving medication-assisted therapies for patients battling heroin and prescription drug addiction; and calling on the Commander of U.S. Southern Command to increase efforts to stop the flow of heroin at our southern border.

I like to think of Maine as a big small town – and in a small town, the leaders are accessible and eager to listen. In that spirit, I've made it a priority to stay connected with people from all over Maine who e-mail, write, and call with suggestions or questions. If I can ever assist in your interaction with a federal agency, or you have thoughts, concerns, or personal input on a matter that is currently before Congress I hope you will contact me, let me know where you stand, and engage in this critical part of democracy. Please call my toll-free line at 1-800-432-1599 or one of my offices: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, or Washington, D.C. (202) 224-5344. You can also write me on our website at www.king.senate.gov/contact.

As always, I am honored to represent the people of Maine and look forward to working with you for the betterment of our great state.

Sincerely,

Angus S. King, Jr.

CHELLIE PINGREE
CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friend,

I hope this letter finds you and your family well. I appreciate the opportunity to give you an update on my work in Maine and Washington. It continues to be a great honor to serve the people of Maine's 1st District in Congress.

Over the last year, I have introduced a number of bills to address the problems my constituents face. One of the most concerning issues is hunger. Nearly 50 million Americans don't have reliable access to enough food. At the same time, 40 percent of the food produced in the country goes to waste. That is why I introduced the Food Recovery Act, comprehensive legislation to cut food waste while providing more food to the people who need it.

The Safe and Affordable Drugs from Canada Act takes on another serious concern for Maine families—the high cost of prescription drugs. Just over the border in Canada, the same medications are available at half the price on average. My bill would lift a ban that prohibits consumers from importing those medications. Other bills I introduced touch on a number of issues, from helping veterans secure benefits to protecting our coastal economies. For more information on all my legislation, go to www.pingree.house.gov.

My seat on the House Appropriations Committee—which has a powerful role in setting federal funding levels—has also put me in a position to influence policies and programs that affect Mainers. A couple of examples from the last year include pushing to make Lyme disease a higher federal priority and working to protect funding for a program that has extended pre-school to hundreds of Maine children.

But not all my work takes place at the Capitol. Here at home, I had the chance to visit many communities to help celebrate their victories and discuss their concerns—critical feedback to take to Washington. And over the last year, my hard-working staff has helped hundreds of constituents on their issues with federal programs and agencies.

I hope the last year has been a good one for you and your family. As we head into another year of challenges and opportunities for our nation, I promise that your interests will continue to guide my work. Please contact my office if there's ever anything I can do for you.

Best wishes,

Chellie Pingree

127th Legislature
Senate of
Maine
Senate District 31

Senator Linda M. Valentino
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

Dear Residents and Friends of Old Orchard Beach,

I hope this letter finds you well. Thank you for the opportunity to serve Old Orchard Beach as your State Senator. I appreciate your support and pledge to work hard for this wonderful community of ours. In that vein, I wanted to share a few items which may be of interest to you.

Unclaimed Property: if you have a chance, it may be worthwhile to check out the updated statewide Unclaimed Property list. Every year, the Treasurer's Office produces a list of unclaimed property, which consists of money and other personal assets that are considered lost or abandoned when an owner cannot be located after a specified period of time. Visit www.maine.gov/unclaimed or call 1-888-283-2808 to see if you have any unclaimed property.

Honorary Page Program: this provides students a chance to observe and participate in the legislative process. As an Honorary Page, students deliver messages, distribute documents, interact with the senators, and take part in a real legislative learning experience. If you know of a student who may be interested, or for more information, please contact my office at 287-1515. Today's students are tomorrow's leaders and it would be an honor to host them for a day.

Legislative Update: in order to keep our community updated on what is happening in Augusta, I send a periodic email with timely information on legislative happenings and other useful information. Please let me know at http://www.mainesenate.org/senator-contact/?senator_name=Linda%20Valentino that you would like to receive legislative updates.

As always, I welcome your opinion and feedback. I am deeply proud to represent the people of TOWN/CITY, and your ideas, concerns, and questions are critical to me and my work. You can reach me at 205-0077, in Augusta at 287-1515, by email at senatorvalentino@gmail.com, and online at http://www.mainesenate.org/senator-contact/?senator_name=Linda%20Valentino. I look forward to hearing from you!

Sincerely,

Linda Valentino
Senator – District 31

Dear Old Orchard Beach Residents,

It is an honor to serve as your State Representative. I want you to know that I am working hard to retain your trust through my work at the State House and in the community.

This year the Legislature's agenda was limited mostly to emergency legislation and bills carried over from 2015. We adjourned for the year at the end of April.

One of the most important issues worked on this year is Maine's growing heroin epidemic. We started the session by providing \$3.7 million for enforcement, prevention and treatment and continued to work on other measures to address the state's drug crisis. We then passed another bill that helps local communities by providing grants for substance abuse assistance pilot programs. The goal is to divert low-level offenders into community-based treatment and support services to reduce the pre-trial costs to jails and the chances of recidivism. Going forward, we will need to support the strongest methods to stop traffickers while also making more of an effort to help those who are addicted recover and rejoin society.

Some of the other work we completed included developing two infrastructure and research bonds and sending them to the voters. We also passed measures that make long overdue investments in the state Bureau of Veterans' Services, take steps to address homelessness and transportation needs among veterans and help Maine National Guard members attend college. We worked to protect property taxpayers by securing needed state funding for public schools. We also created opportunities for college students to reduce their debt load and protected good jobs in the biomass and logging industries.

No matter the issue, I always stand ready to work with all of my colleagues, regardless of party affiliation, to make sure we're doing the best work we can for the people of our district and all the people of Maine.

Please contact me at 423-4293 if I can be of any help or if you want to discuss or testify on any legislation.

Respectfully,

George Hogan
State Representative

District 13 Old Orchard Beach

FINANCE DEPARTMENT

Administration

The Administrative Program oversees all financial activities of the Town, advises the Town Manager and Town Council on fiscal policy; prepares monthly and annual financial reports; manages the development and administration of the budget system and reviews State legislative documents concerning fiscal matters. Responsibilities also include developing financial policies and joint administration of the Risk Management, General Accounting, and Treasury functions of the Town.

Accounting / Financial Responsibilities

Finance is responsible for the accounting of all financial transactions for the Town of Old Orchard Beach, to maintain the integrity of the Town's General Ledger system. This also includes processing the municipal payroll, accounts payable, debt management, budget preparation, including management and analysis, account reconciliations for audit purposes, the purchasing and procurement process, and other related financial duties.

Cash Management Responsibilities

The Treasurer for the Town of Old Orchard Beach has custodial responsibility of all funds received by the Town and ensures proper operating cash flow projections for required Town disbursements. The Treasurer also coordinates the investments of Town funds according to the objectives of the Investment Policy, ensuring safety, liquidity and yield (in that order).

Tax and Revenues

The Tax Collection department is responsible for property tax collections, motor vehicle registrations and excise tax collections, as well as snowmobile and ATV registrations. The Tax office staff also serves as agents for the State of Maine, and collects fees on behalf of the State of Maine. This office is also responsible for accepting and recording all Town funds, and prepares the bank deposits daily.

The department's ongoing goals are:

- **Manage all financial functions of the Town and provide assistance and guidance to the Town Manager, Town Council, Finance Committee, all Town departments, and citizens of Old Orchard Beach.**
- **Continue to research process improvements for all Town departments that will provide better customer service, efficiencies and controls.**
- **Update policies and procedures to ensure fiscal responsibility.**
- **Provide outstanding customer service to all departments, employees and residents.**

Excerpts from the Fiscal Year 2016 Annual Financial Report are highlighted on the following pages and for a complete report please visit the Town website under the Finance Department page at oobmaine.com.

Respectfully submitted,

**Diana H. Asanza,
Treasurer – Finance Director**

The following is an excerpt of the fiscal year 2016 Financial Report. The full report can be found on the town's website at www.oobmaine.com

**THE TOWN OF OLD ORCHARD BEACH
AUDITED FINANCIAL INFORMATION
FOR THE FISCAL YEAR ENDING JUNE 30, 2016**

Respectfully submitted,
Diana H. Asanza, Treasurer – Finance Director

Proven Expertise and Integrity

INDEPENDENT AUDITORS' REPORT

Town Council
Town of Old Orchard Beach
Old Orchard Beach, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town of Old Orchard Beach, Maine's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

3 Old Orchard Road, Buxton, Maine 04093

Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609

www.rhrsmith.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Old Orchard Beach, Maine as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension related information on pages 4 through 11 and 51 through 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Old Orchard Beach, Maine's basic financial statements. The Schedule of Revenues – Budget and Actual – General Fund, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Revenues – Budget and Actual – General Fund, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Revenues – Budget and Actual – General Fund, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 3, 2017, on our consideration of the Town of Old Orchard Beach, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Old Orchard Beach, Maine's internal control over financial reporting and compliance.

HISTORY OF OLD ORCHARD BEACH, MAINE

The earliest records of the Old Orchard Beach area date back to 1653. The first settler, Thomas Rogers, established "Garden by the Sea" in 1657. A few years' later ten militiamen repelled 150 attacking Indians near the beach, but a relief party of townspeople coming to support the militiamen was killed in an ambush and Roger's home was burned.

The "old" apple orchard from which the Town took its name, a landmark to sailors for many years, was on high land above the long sand beach. In 1820 Maine, formally part of Massachusetts, became a State by act of Congress. In that same year the first Public House (inn) was opened serving coach travelers and other transients year round. In 1837, E. C. Staples was coaxed into taking summer boarders at his farm for \$1.50 per week. Convinced of Old Orchard Beach's potential as a summer resort, Staples built the first Old Orchard Boarding House near the top of today's Old Orchard Street.

In 1842 brought the first steam railroad from Boston to Portland with a station just two miles west of town. The first restaurants to sell seafood treats and "shore dinners" opened in 1851 near Staples Street. The Grand Trunk Railroad opened in 1853 connecting Montreal to Old Orchard Beach, enabling Canadian visitor to flock to the closest beach to Montreal and avoid the long carriage trip.

The Civil War began in 1861 followed by years of growth and building of homes, streets, stores, livery stables, and beachfront hotels. 1873 brought the Boston & Maine Railroad passing right through Old Orchard Beach and stopping on the site of today's Chamber of Commerce. In that same year a group of Methodists formed the Old Orchard Beach Campground which in the early 1950's was purchased by The Salvation Army. Yearly thousands of Salvationists come to Old Orchard Beach for the ten days of camp meetings. The Ocean Park Association also built their temple in 1881 and nationally known speakers were heard every Sunday all summer.

In 1892 electric trolley cars replaced horse cars to Biddeford and Saco. 1898 proved to be an unfortuitous year to complete the first Pier. Built of steel and measuring 1,770 feet long and 20 feet above the tides, their Pier was severely damaged in November of the same year. 1900 brought the first Town Hall and 1902 the first amusement area complete with roller skating, merry-g-round, rides, games and refreshment stands. The Portland to Old Orchard Beach Electric Railway opened in 1903 where 14 miles of track were traveled in under one hour for \$.20 cents.

The great fire of 1907 destroyed the entire beachfront as firemen from Portland, Biddeford, and Saco rushed to the beach but struggled to contain the blaze, hampered by low water pressure. Rebuilding began at once, and one project "the standpipe" assured adequate water for all.

March 1909 brought another damaging storm destroying "White City" at the end of the Pier and reducing the pier to 700 feet. An international auto race was held on the beach in 1910 with Dave Lewis winning the 100 mile race. The 1920's and 1930's were the Big Band era. All the famous dance bands, Guy Lombardo, Rudy Valle, Duke Ellington, and more visited the Pier Casino each summer and thousands dances over the waves under the revolving crystal ball.

Sparked by Lindbergh's daring flight, many Trans-Atlantic flights took advantage of Old Orchard Beach's long stretch of wide hard packed sand to attempt their own crossings. The storm of February 1978 almost demolished the Pier and a new pier was immediately planned which opened in June of 1980.

The winter residents of 10,000 welcome over 150,000 during the summer months. Old Orchard Beach is alive with exciting things to do.

Eastern Trail on a foggy day.

Always beautiful – the Pier.

OLD ORCHARD BEACH TOWN HALL INFORMATION

Hours: Monday, Wednesday, Thursday and Friday – 8:00 a.m. to 4:00 p.m.

Tuesday – 8:00 a.m. to 6:00 p.m.
